22 VO: This facility is the only test lab in the entire world -

23 - experimenting in a combination of both nuclear fusion

-and nuclear fission theories.

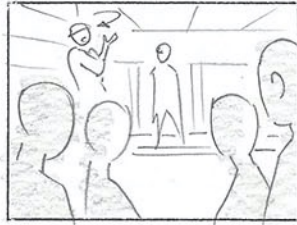

The result will be a new source of incredible power.

24 R: Bo-ring!

25 R: can't we see you blow something up

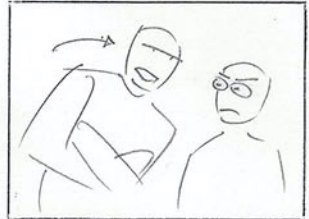

-with an atom bomb or whatever?

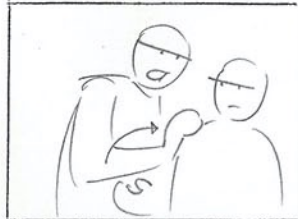

26 J: if you don't mind,

the rest of us find this interesting, Coach Raymond.

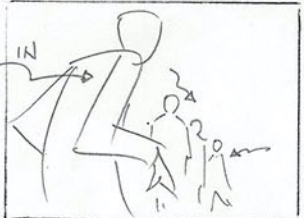

27 R: It was just a joke, Rusch. Don't get

38) BM: You're supposed to be a genius, Ecks!

Causing a nuclear meltdown

- isn't very smart.

Ben: Ecks' voice is low for all of line 39, which means he can't be fighting. I have him pulling a gun here to match this

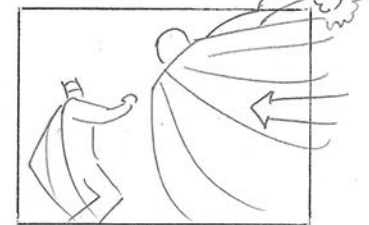

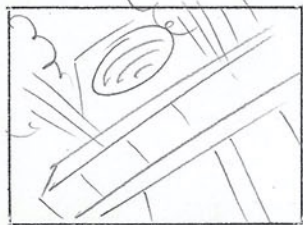

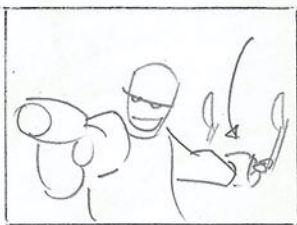

39) Dr. E: That's where you're

- wrong, Batman!

(vo) Only I could have calculated the exact conditions -

needed to release

- this supercharged nuclear -

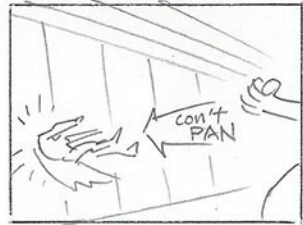

- energy!

(Steam vents) 42) CORE MELTDOWN

(Core brightens) IN 20 SECONDS.

39) It will increase the power of Dr. DoubleX

BM - Uh!

66 R: Same here.

68 AAA! MY HAIR'S ON FIRE! SO'S MINE!

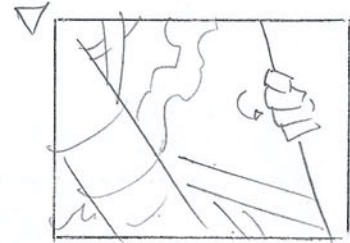

Oh, no! Wait, that's

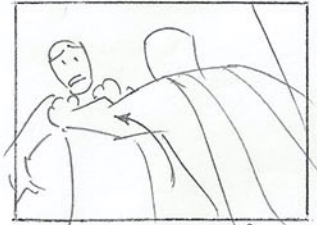

OUR hair! We're in the same body!

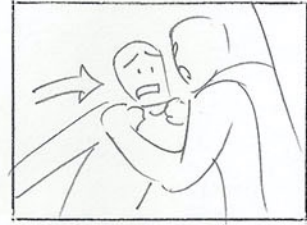

56 FS: The energy blast fused us together!

57 DX: The power...

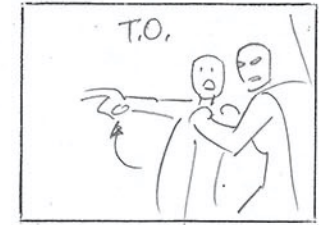

WHY don't I feel

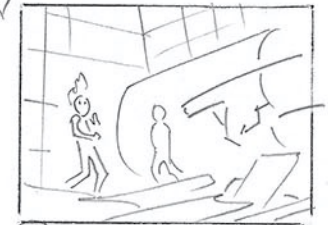

-the supercharged nuclear power?

58 Dr E: No!

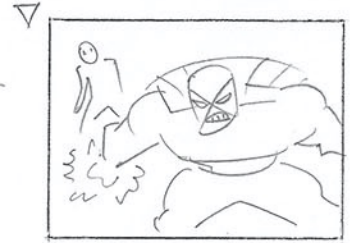

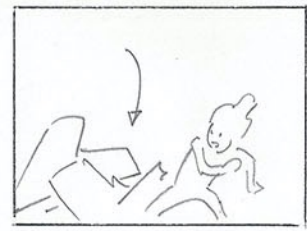

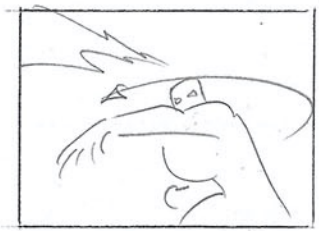

HE stole our power!

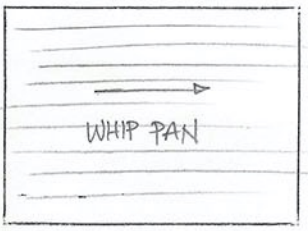

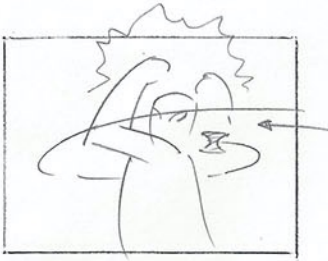

59 R(vo): Time to Scramble, kid! (NO HEAD, VISIBLE)

(60) SBM: Your conflict is with me, Dr. Double X.

I foiled your iniquitous scheme.

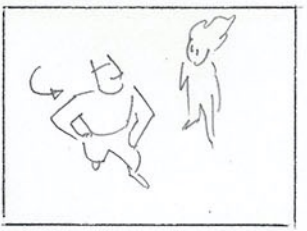

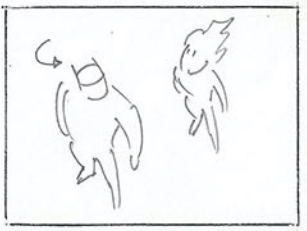

(61) Dr. E: We're not strong enough for a fight right now.

We need a recharge!

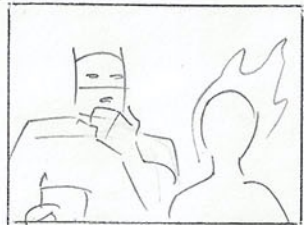

PAN UP/TRUCK OUT

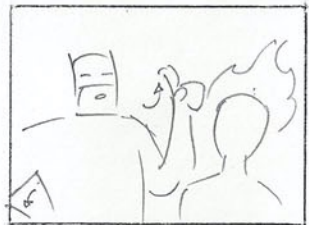

(62) SB: Intriguing...

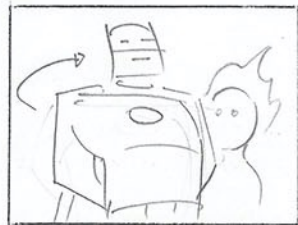

Your body is generating — over 2000 megawatts of atomic energy.

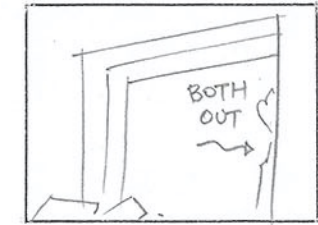

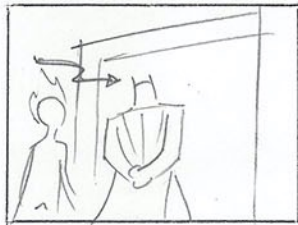

This calls for further analysis.

(PAUSE, THEN) No, I cannot hear your-

I suggest you have your
