

FAST PULLBACK

(cool, eh?)

(hmm...)

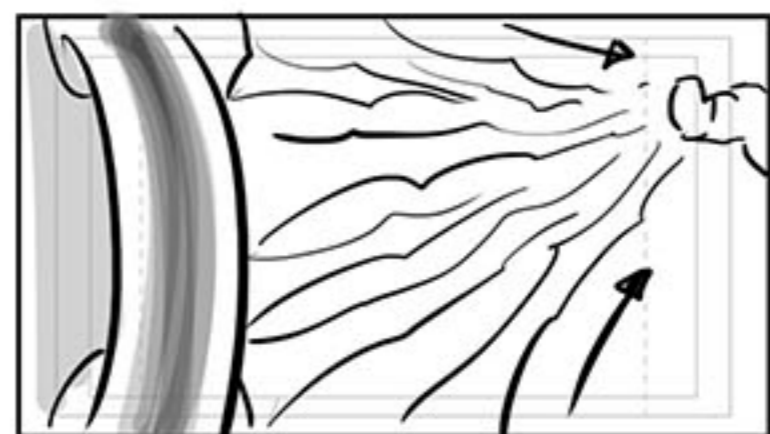

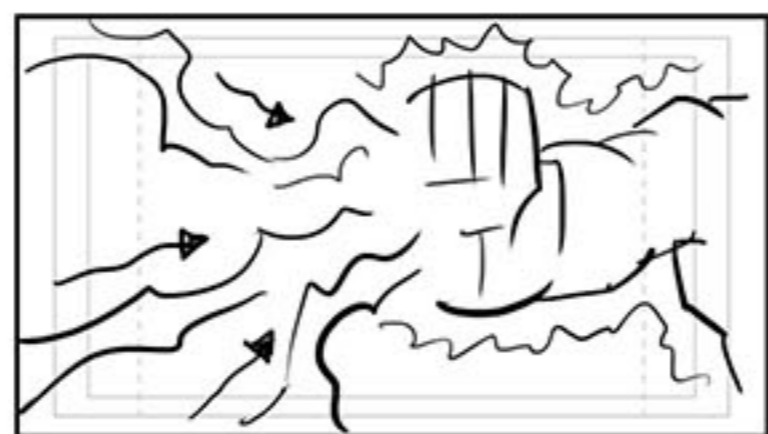

(No.)

(jerk.)

- SHAKE -

Whip pan UP

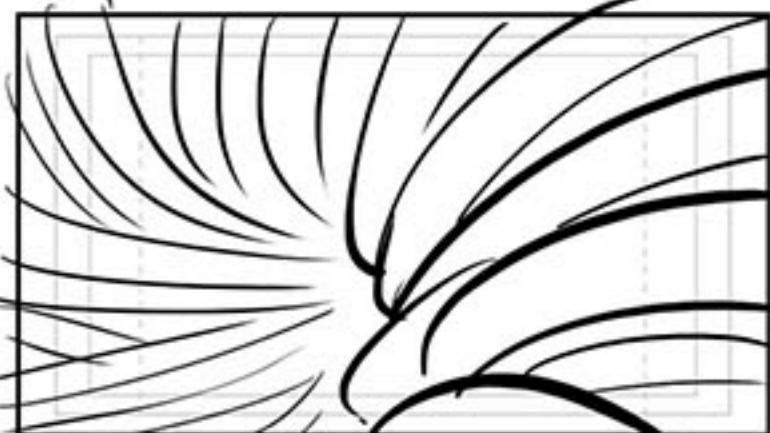

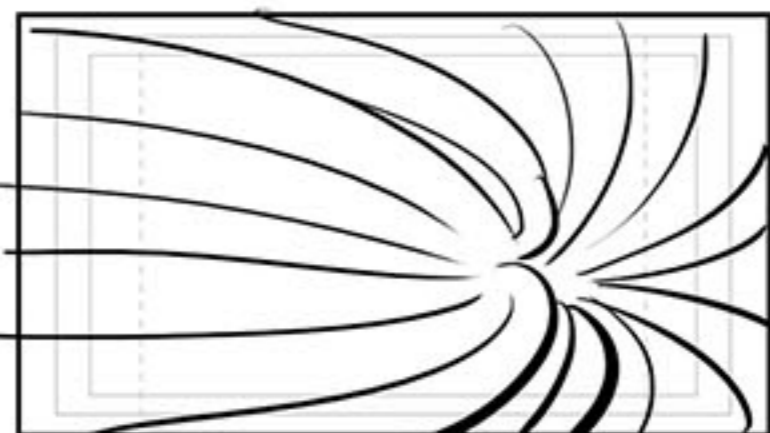

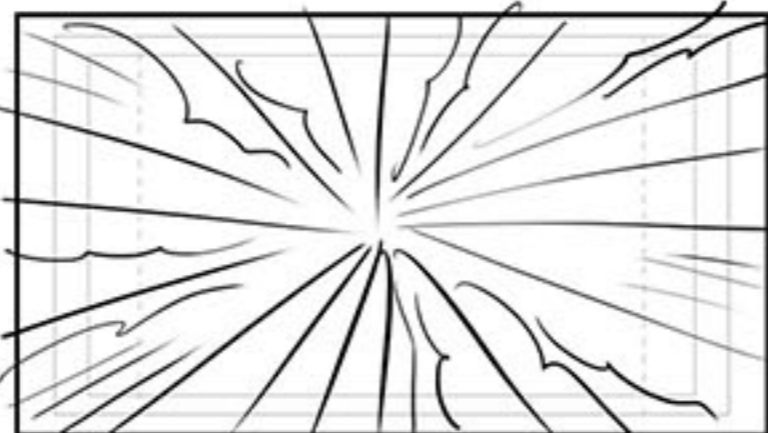

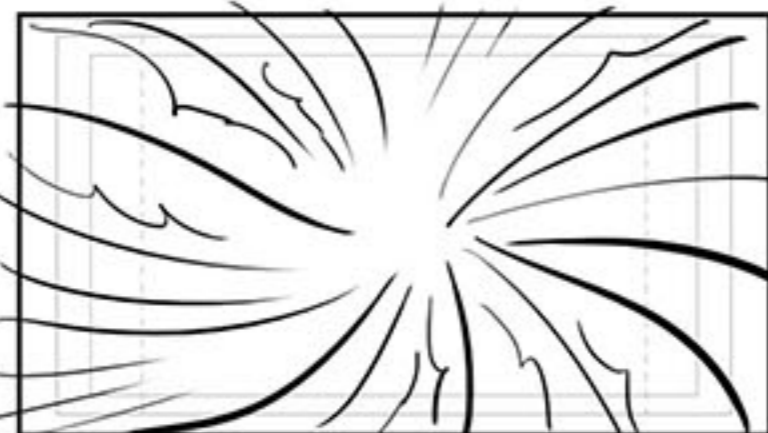

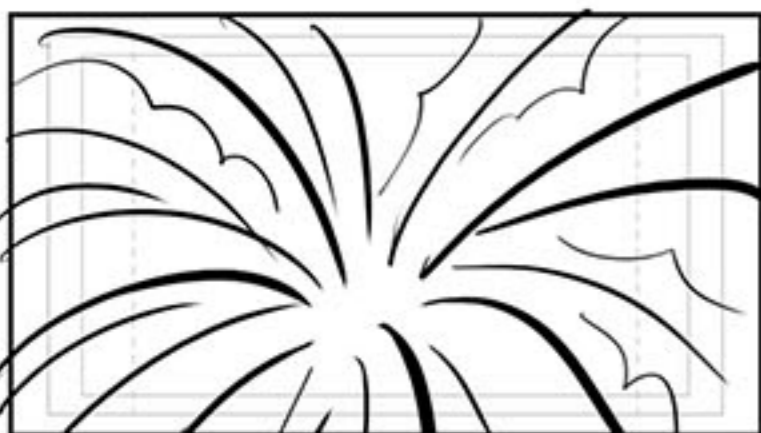

- to deck

Z raises hand to converter

Pull cam back past Z - to other hand - can't back to converter

Cam cranes up to top of convertor

Dive into wires

Can't dive - energy races past cam & OS

Can't

Can't

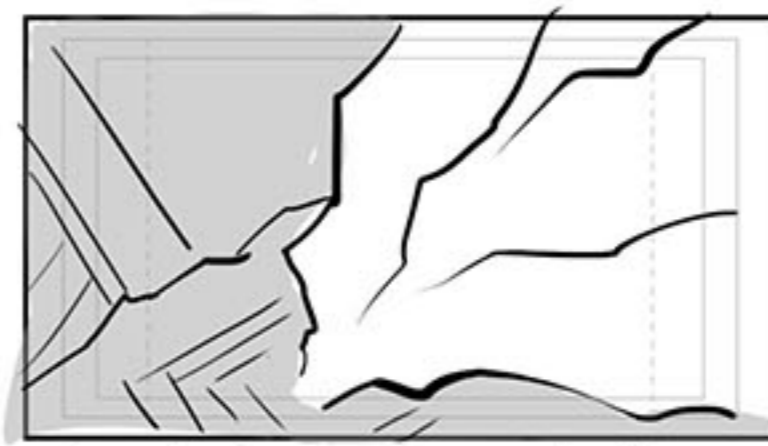

Can't

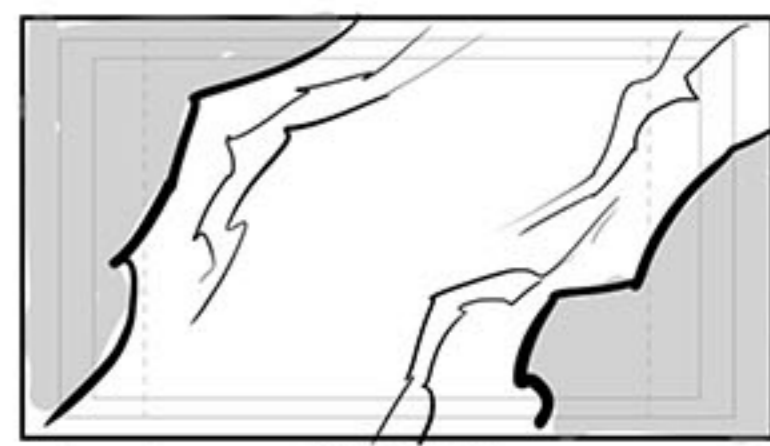

Cam reaches end of wiring — into lightning bolt

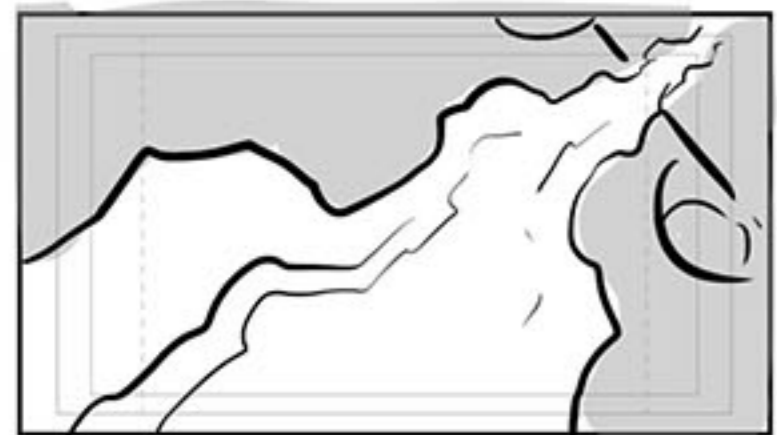

Pull sideways out of bolt — reveal plant below

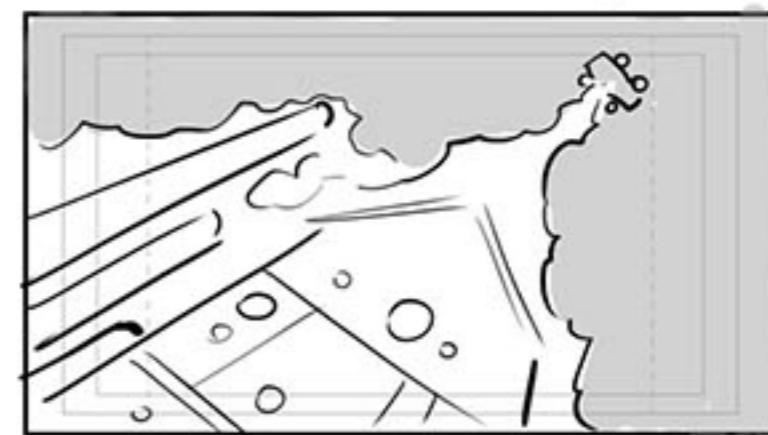

Con't dropping — start to angle up

Angle up @ bolt as cam continues falling

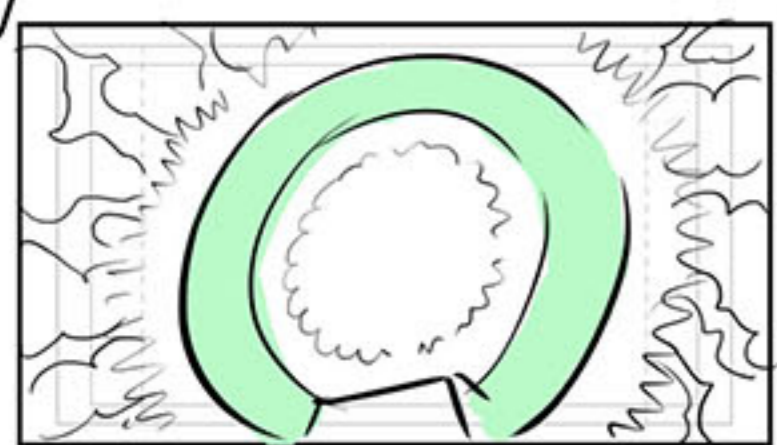

Con't — angle up toward carrier — con't drop

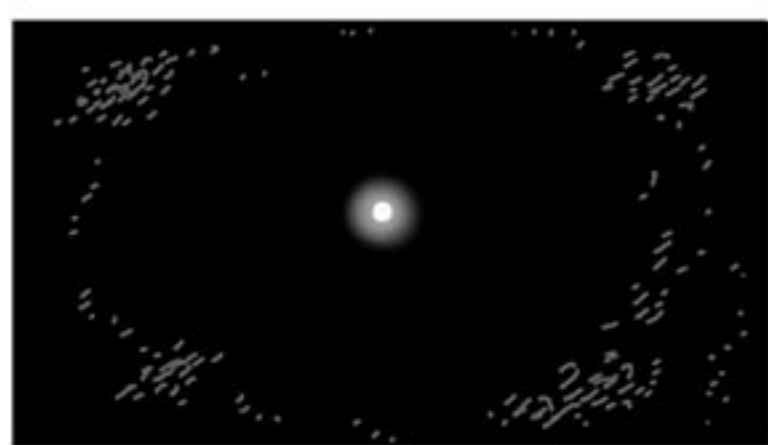

End on power plant (energy flows UP)

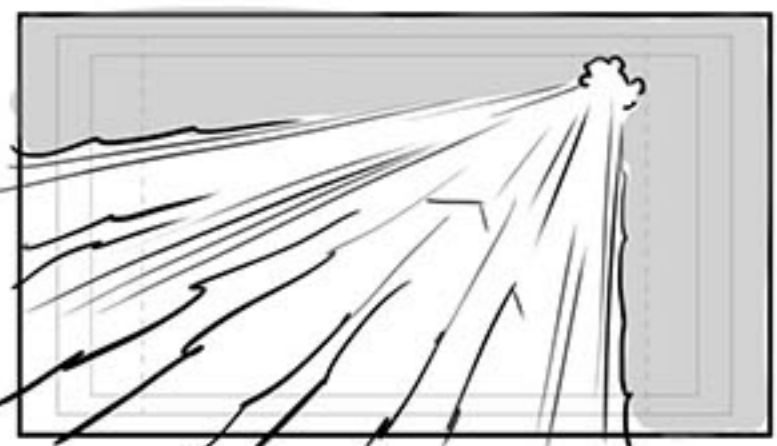

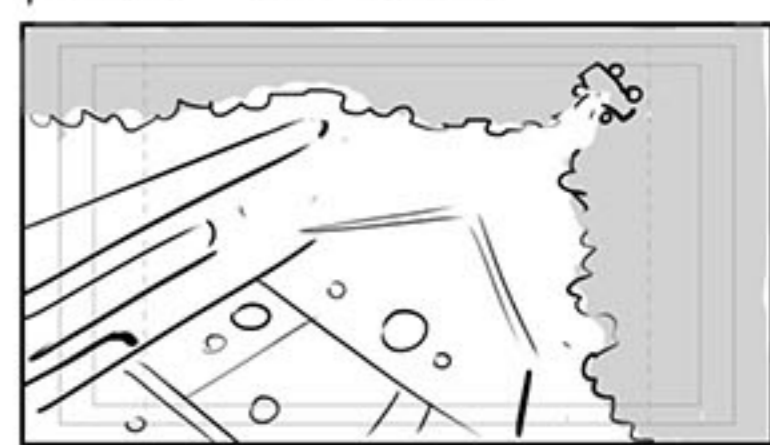

Process shots of plant interior

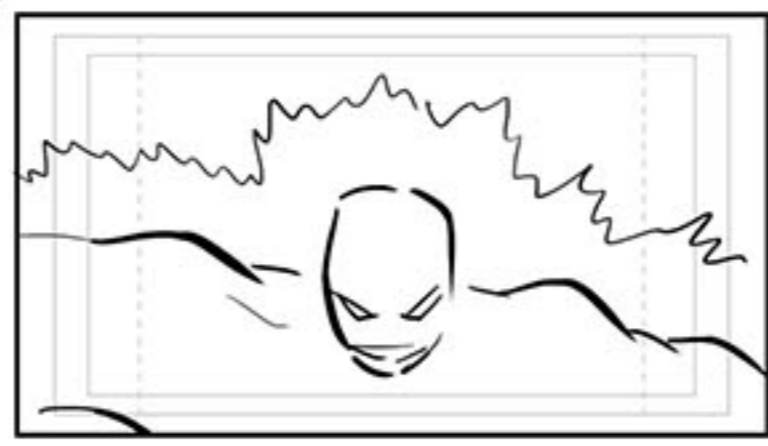

Con't

Wide on surrounding towns — they black out

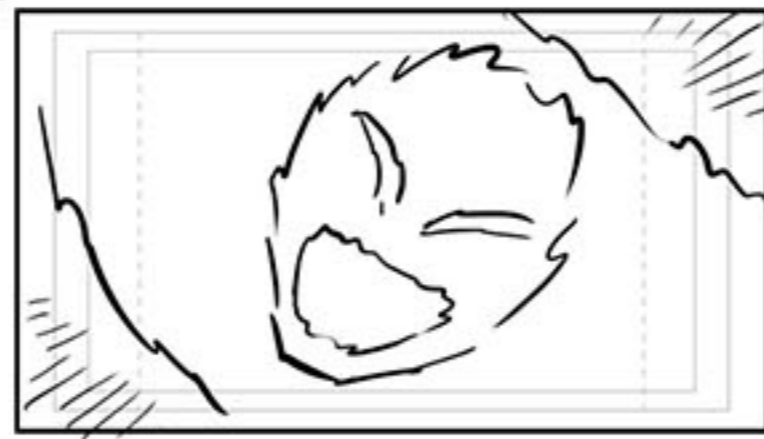

Wide on deck — power flows into ZZZAX

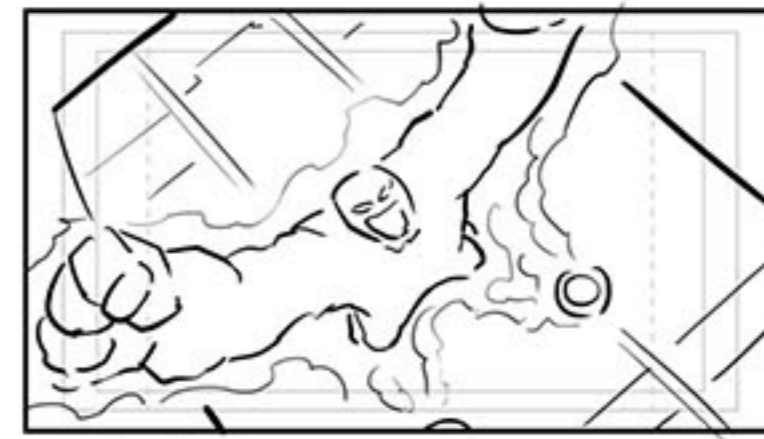

Tilt up as Z grows

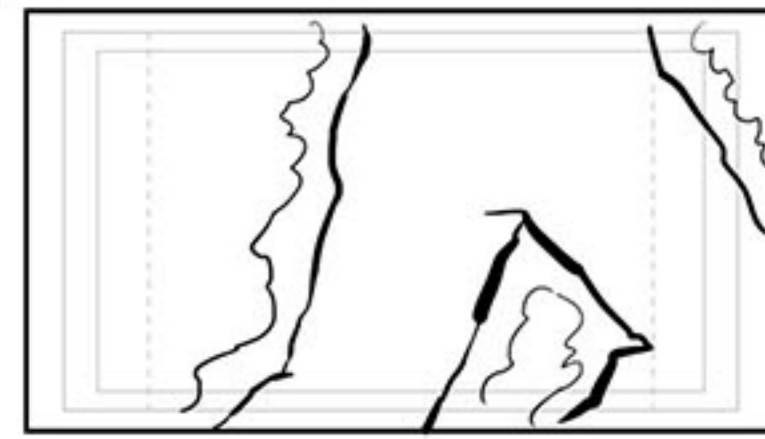

Z triples in size ↑ Pan up
393 ZZZAX
(ELECTRIFIED ROAR)!

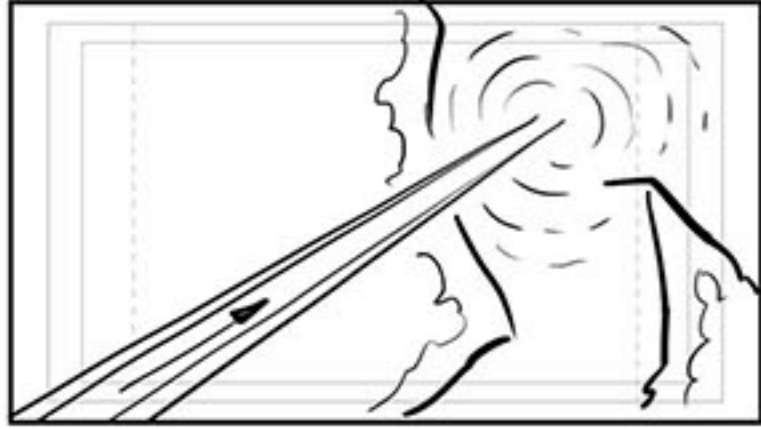

394 ZZZAX
ZZZZAAAXXXX CONZUMEEZZZ ALLLLLL!

Twist truck out

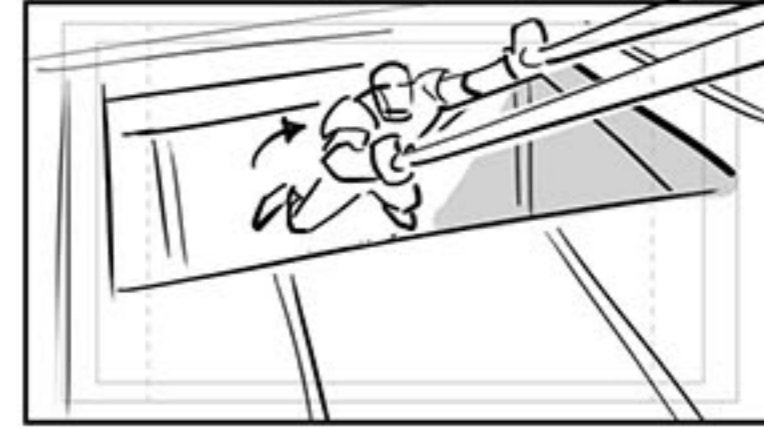

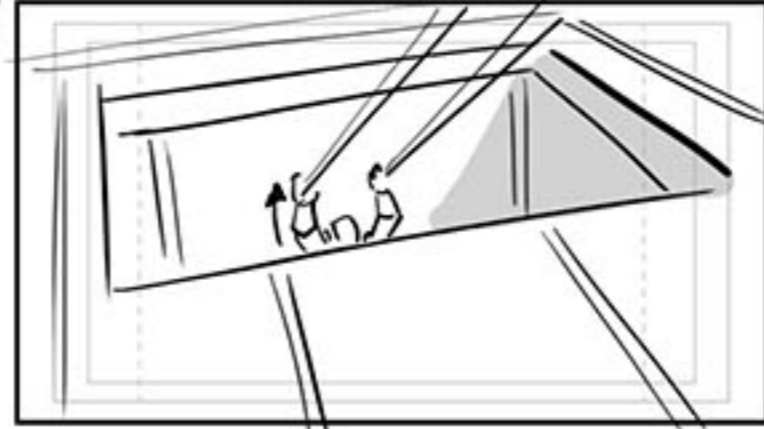

395 IRON MAN
Consume THIS!

396 ZZZAX
ZZZRRRREEEEE!

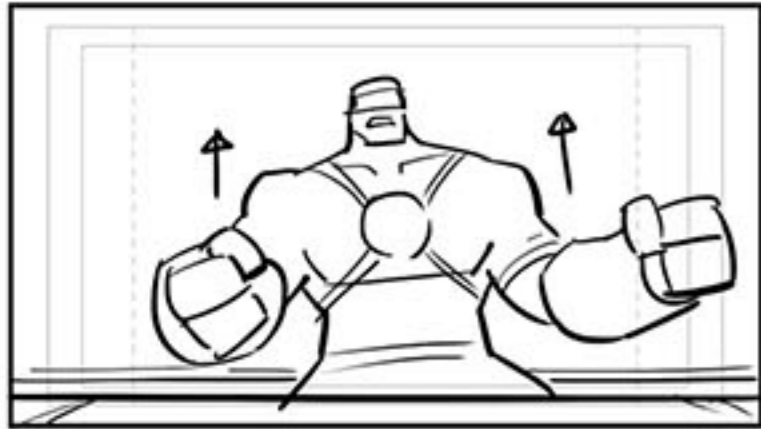

Pan up - follow energy ripples

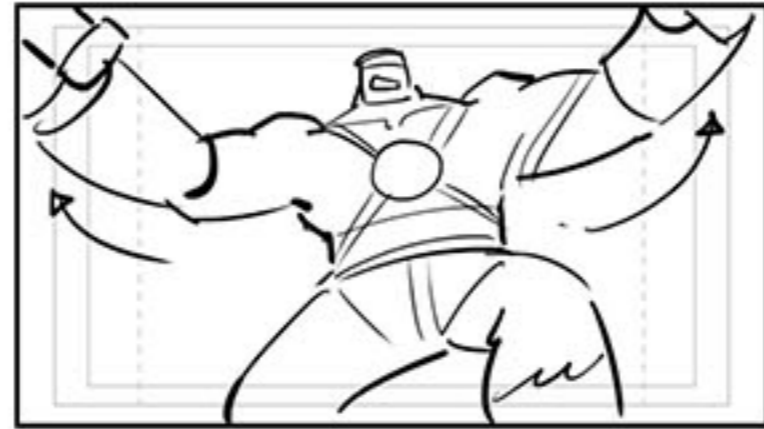

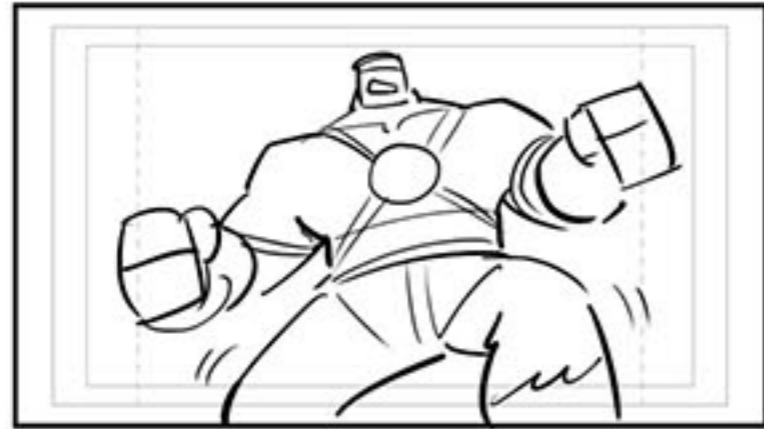

Crane down

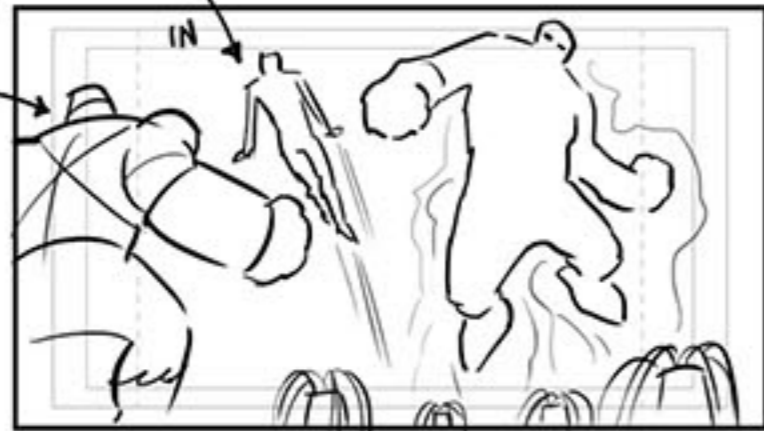

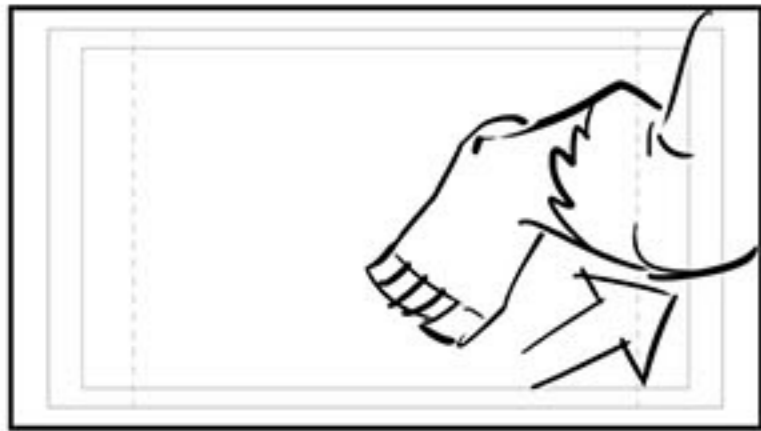

OUT

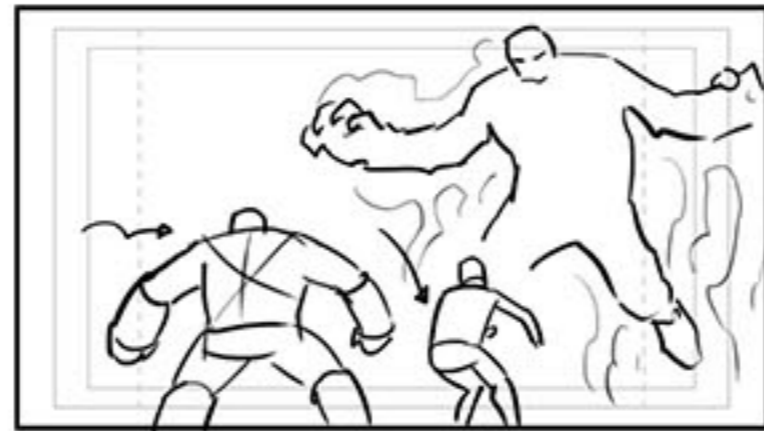

H rises up on elevator — STOP with a shudder

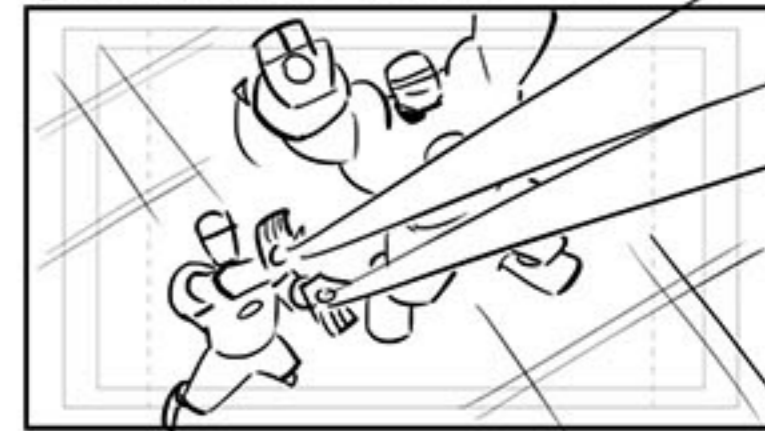

Model note - Hulk's eyes covered by a dark band of non-conductive material

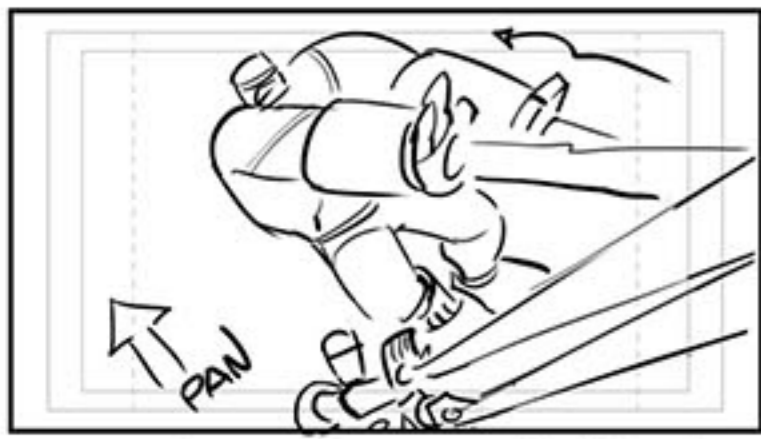

Feel

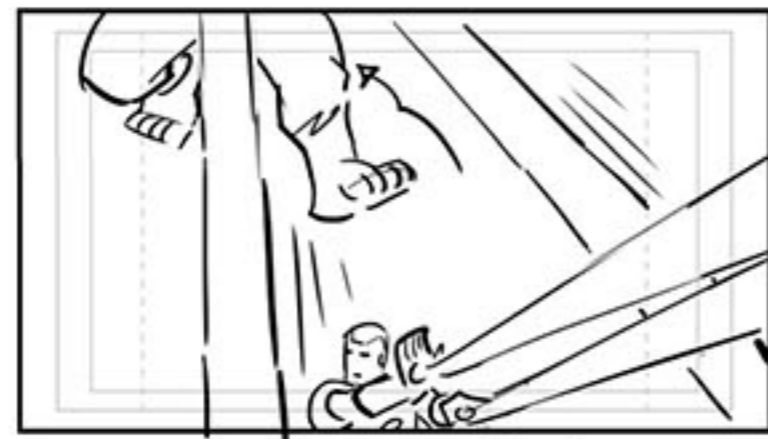

Nods

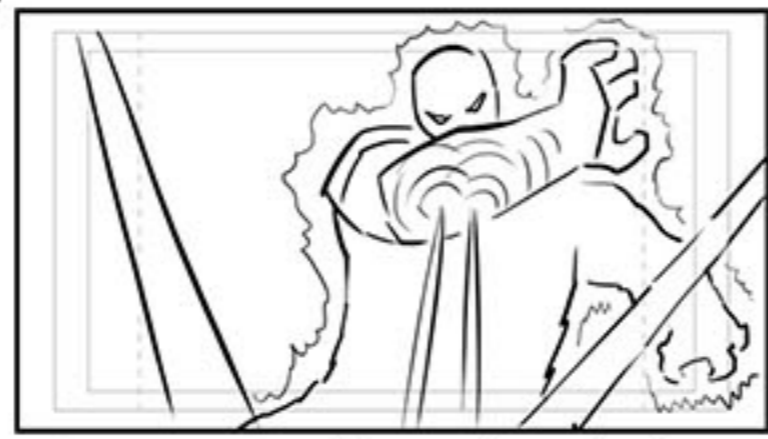

Truck out

Hulk fires - gets propelled backward

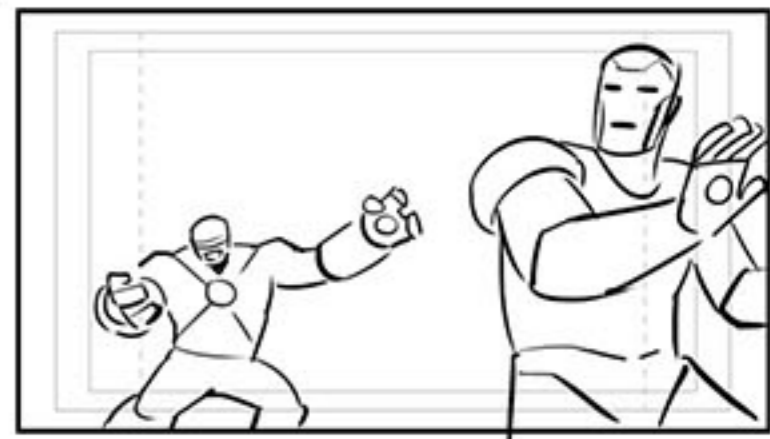

IM looks back - beam passes over his head

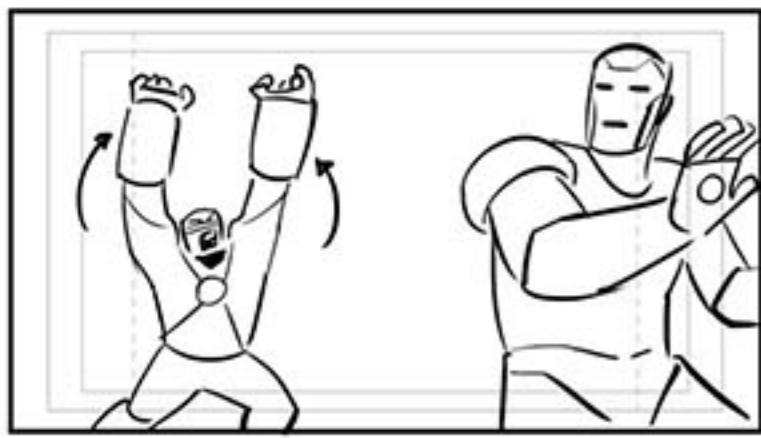

Hulk's shots fly wide of the target

IM's beams STOP

397 HULK Stupid tech!

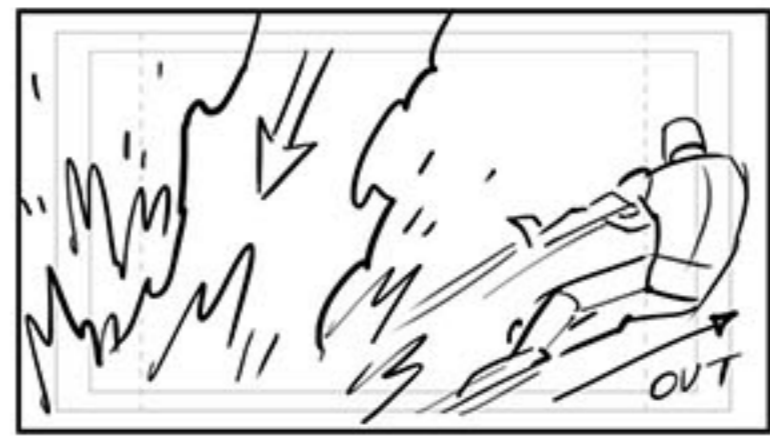

Raahhh! 398 IRON MAN Easy!

Gotta steady yourself, Tex! (plant feet apart)

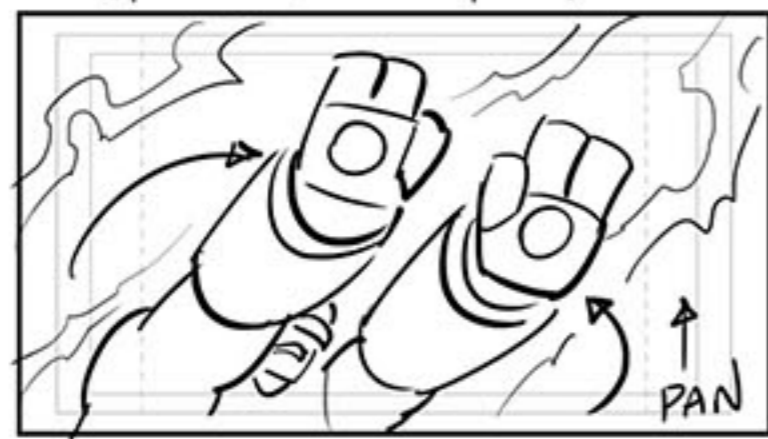

Truck out

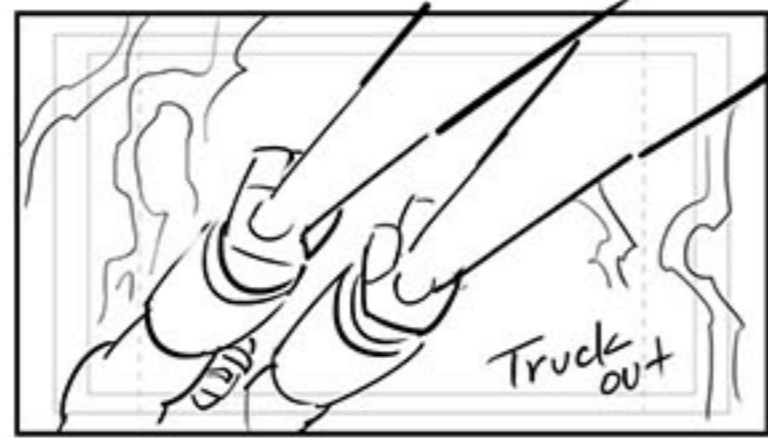

399 ZZZAX AGHHHHHHXXXX!

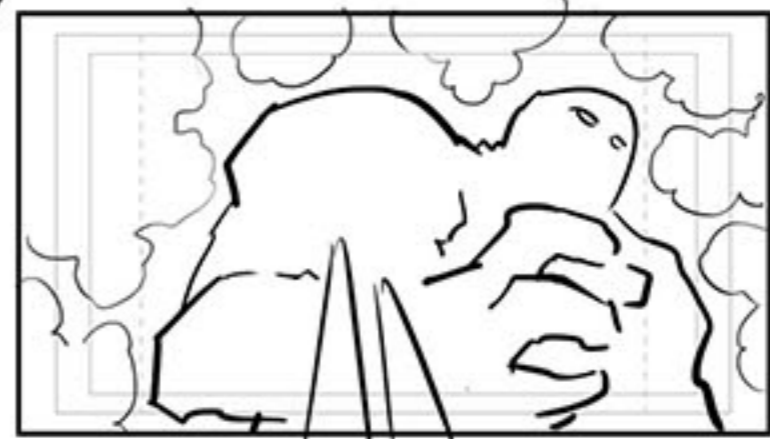

Z turns shoulder away - the wounded area does NOT emit energy

View of H through the wound 400 HULK Not as good as smashin'...

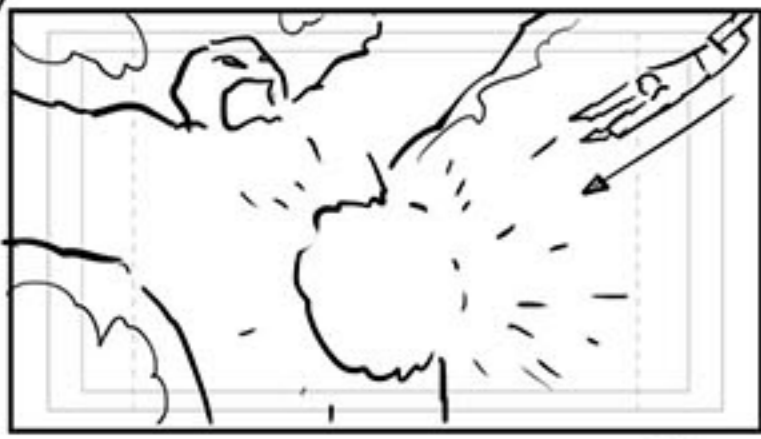

but not bad either.

Blast into cam

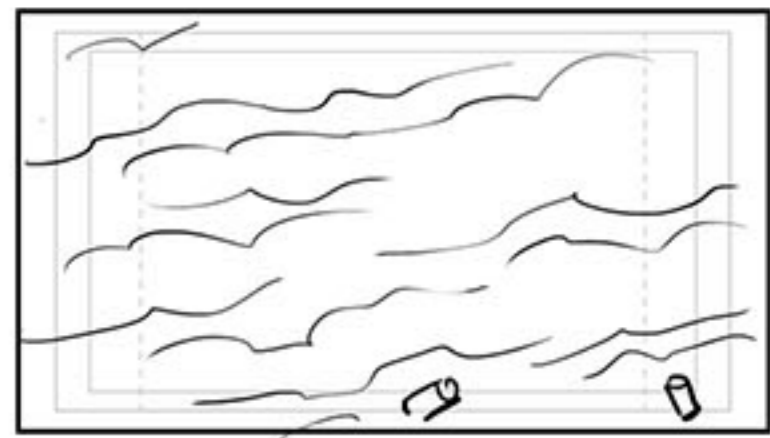

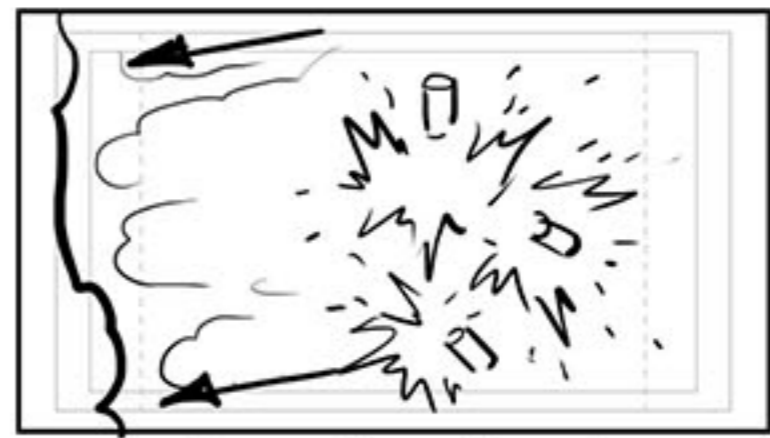

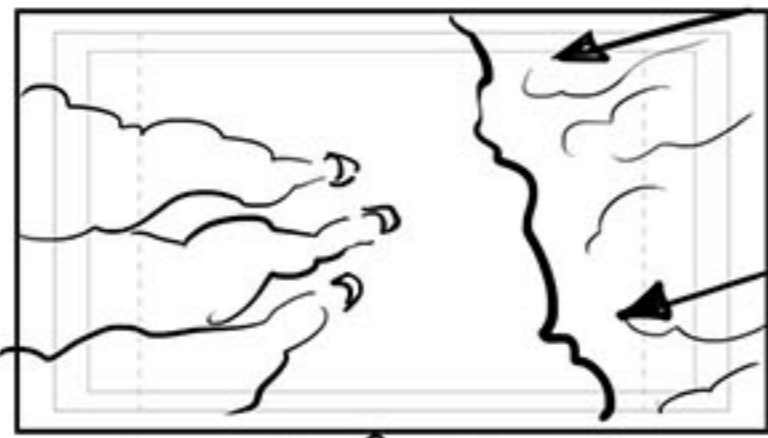

Track with IM flying behind z

401 IRON MAN
Let's see you drain earth dry

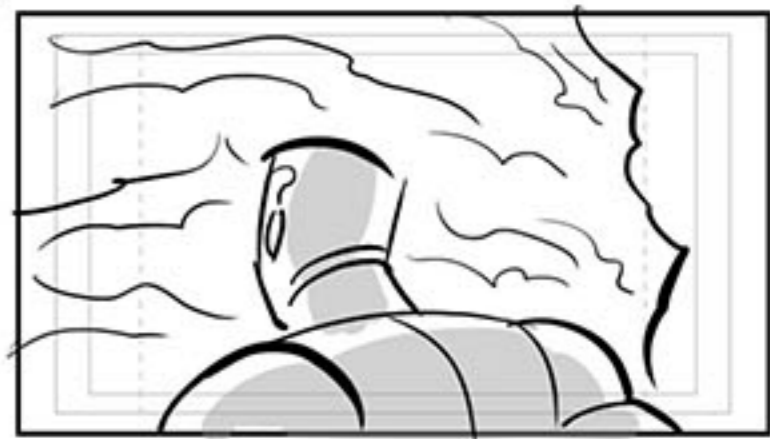

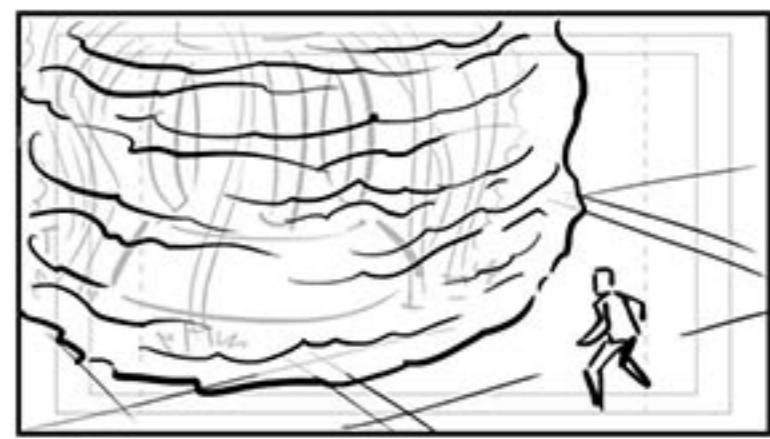

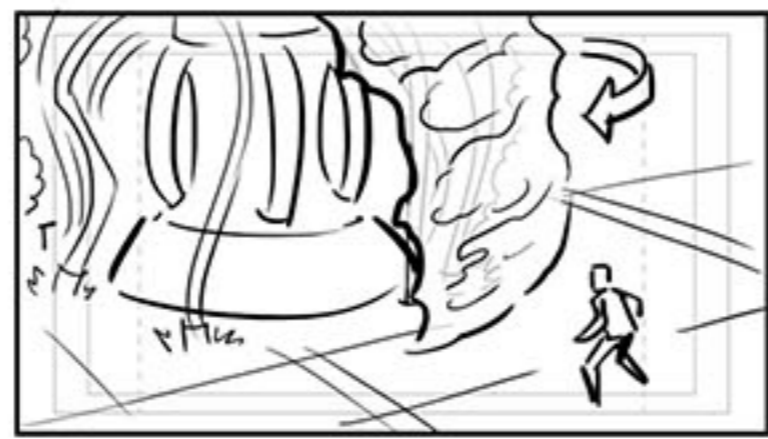

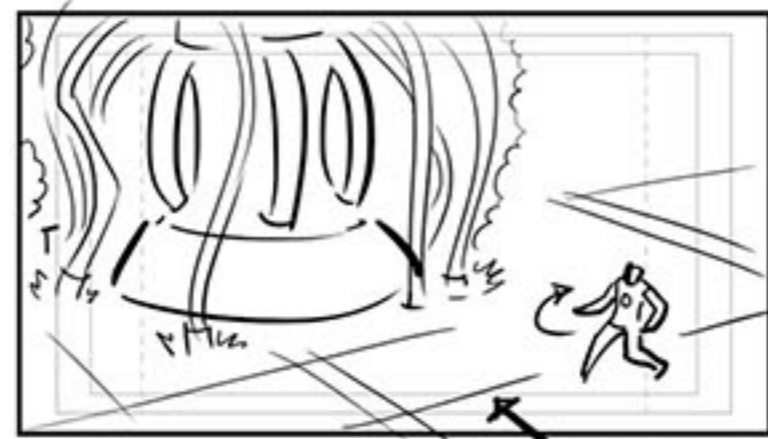

when I bring down your condensers!

Truck out-launch 3 missiles

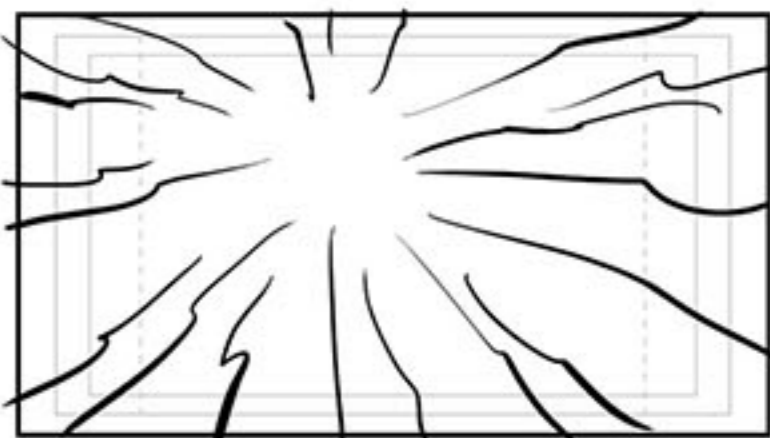

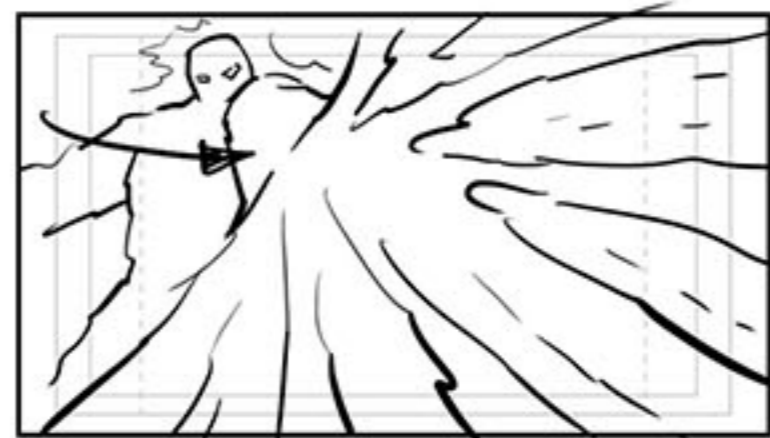

electrical field IN over condenser

missiles fried-stopped in midair

Shield surrounds condenser

PAN to the next one — it is also wrapped up

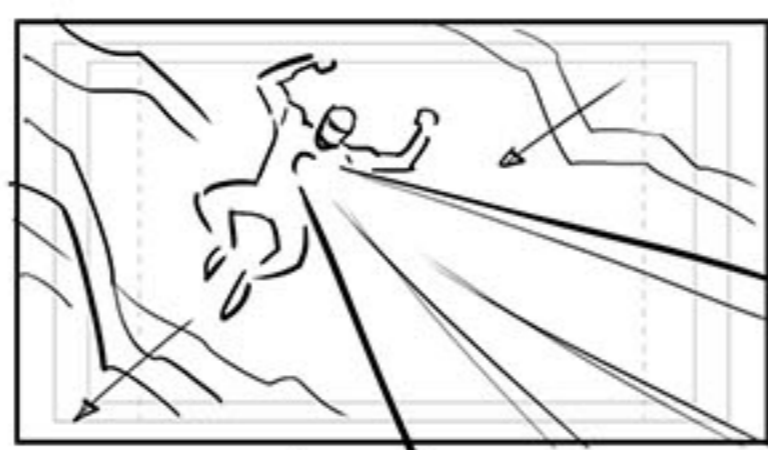

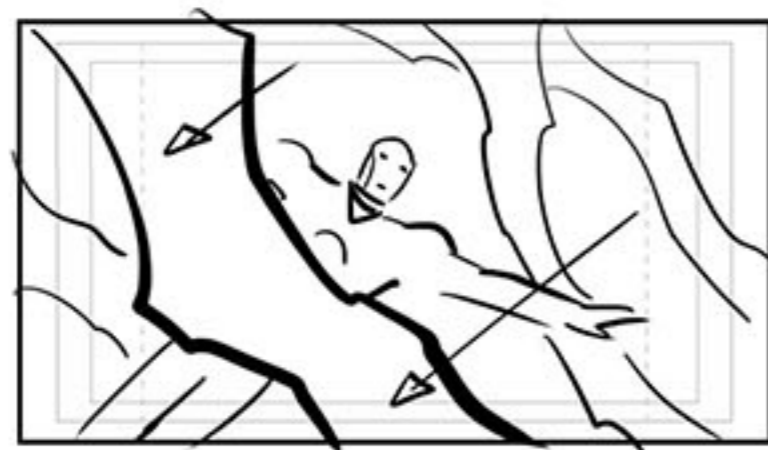

Truck out-pivot & angle up

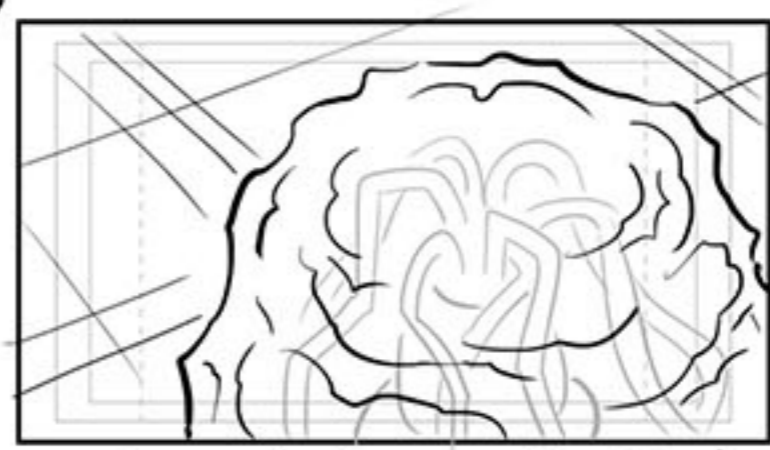

→ Pan

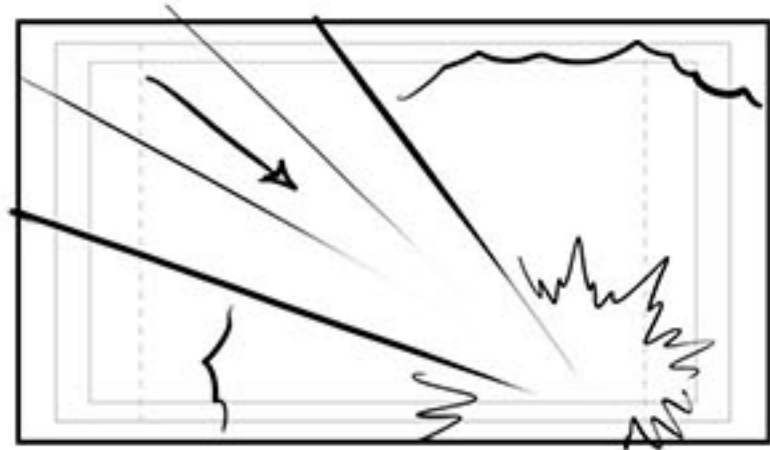

Track with IM flying past electric tendrils - charging uni-beam

Truck out

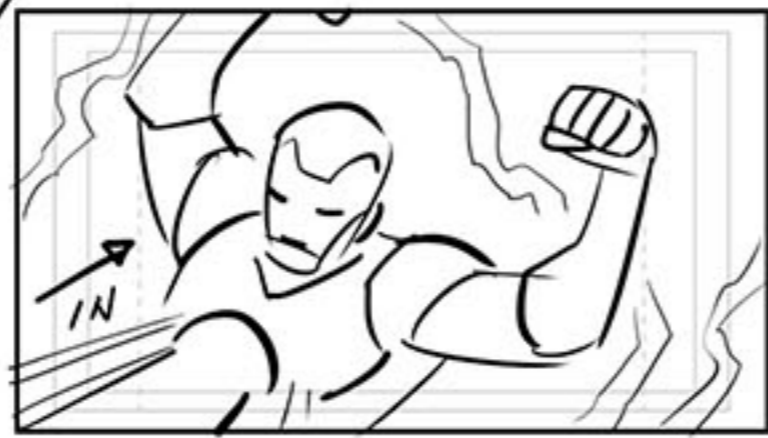

downshot on shielded Converter

Beam in

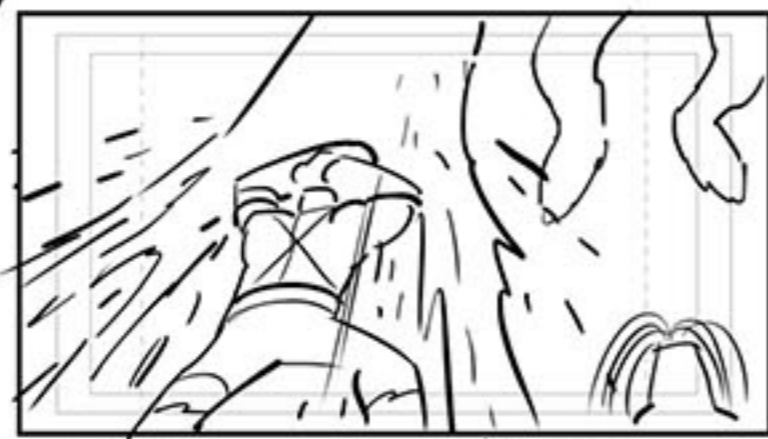

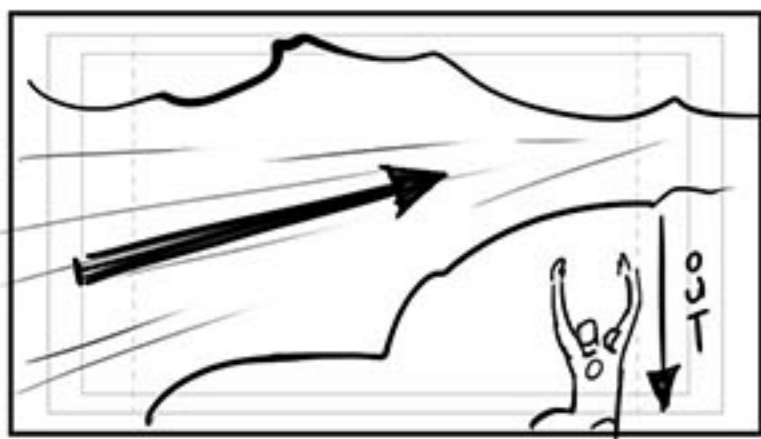

beam swings around - does no damage

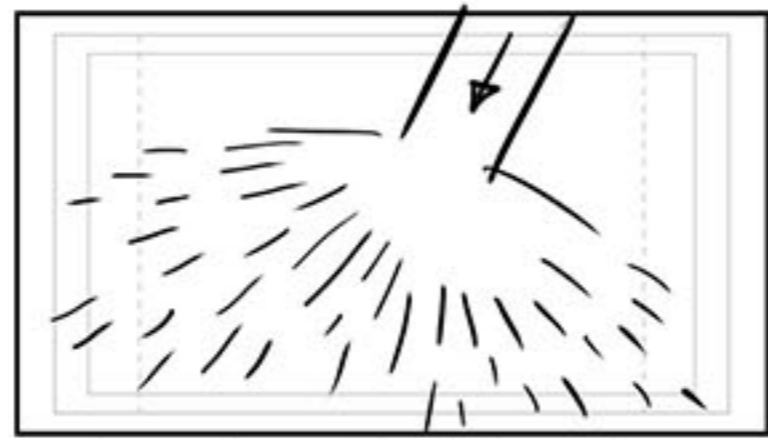

403 IRON MAN He's tricky for anthropomorphic lightning... I'll give him that.

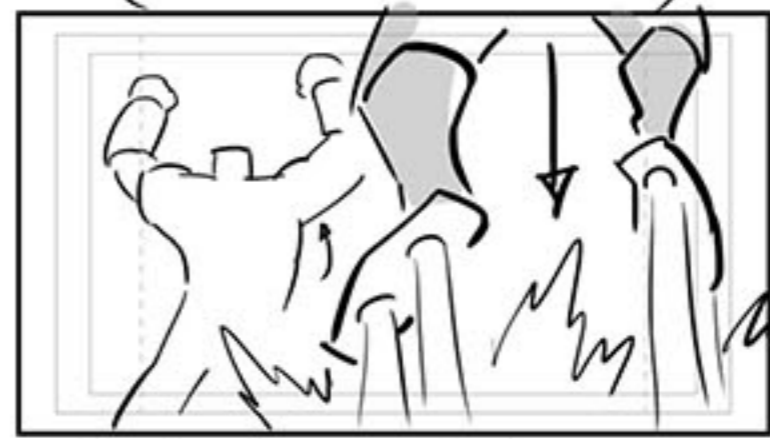

(UNI-BEAM OFF)

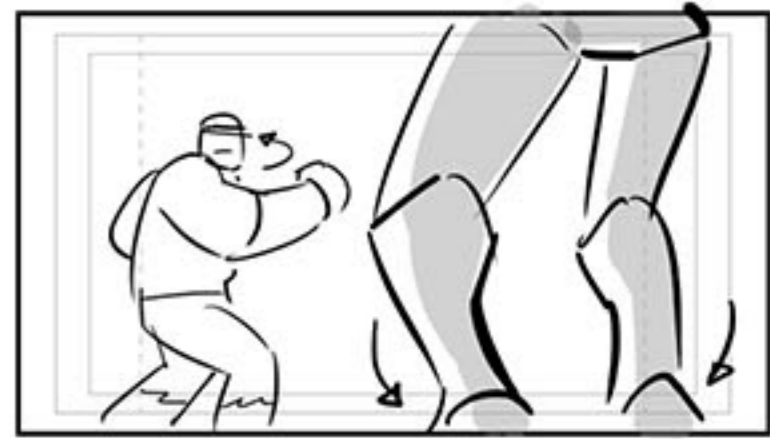

H holds up gauntlets - they shield him from blast

FX note - lightning breaks into shower of sparks

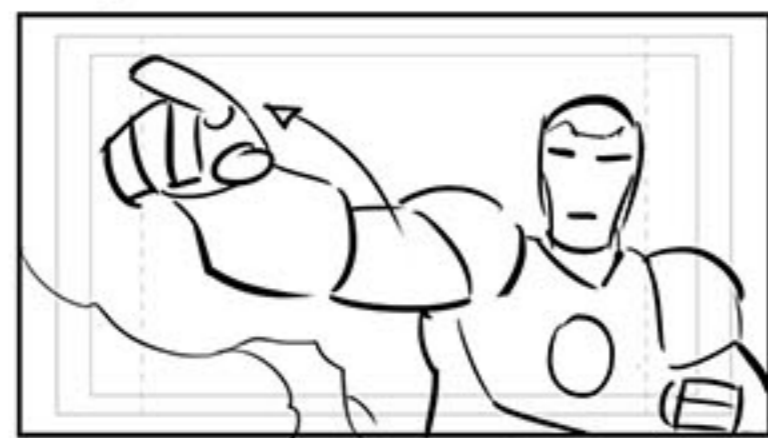

blast stops - IM drops in

IM: Hulk, use your gauntlets!

Smash Zzzax

back to Sparksville!

(huh?)

407 IRON MAN The gauntlets are tuned with the

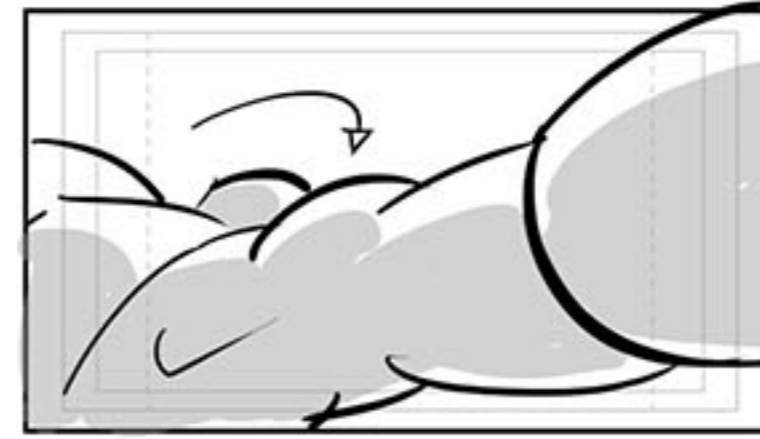

same frequency as Zzzax -

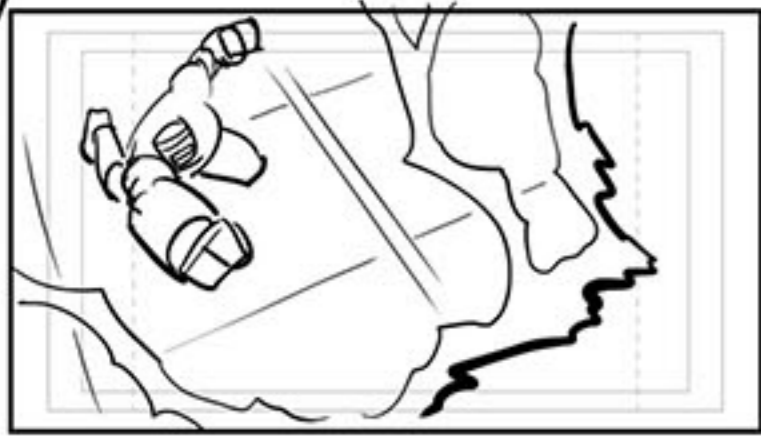

408 IRON MAN
- So punch away!

404 HULK
With pleasure!

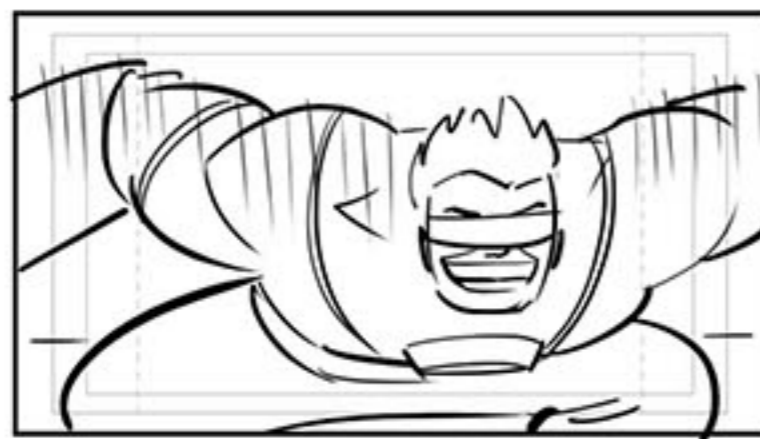

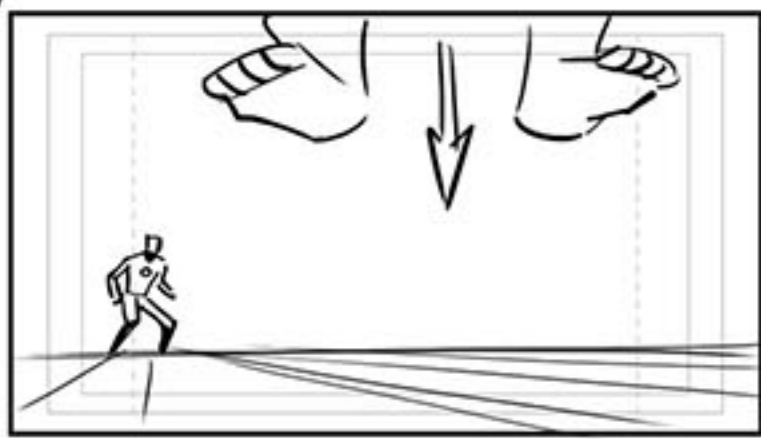

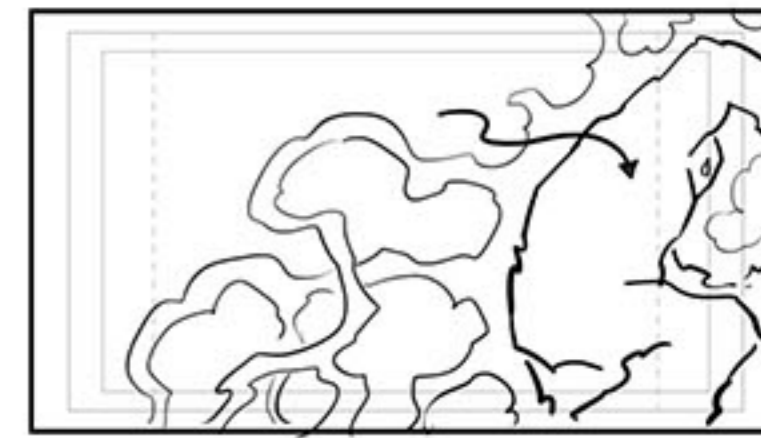

Pan

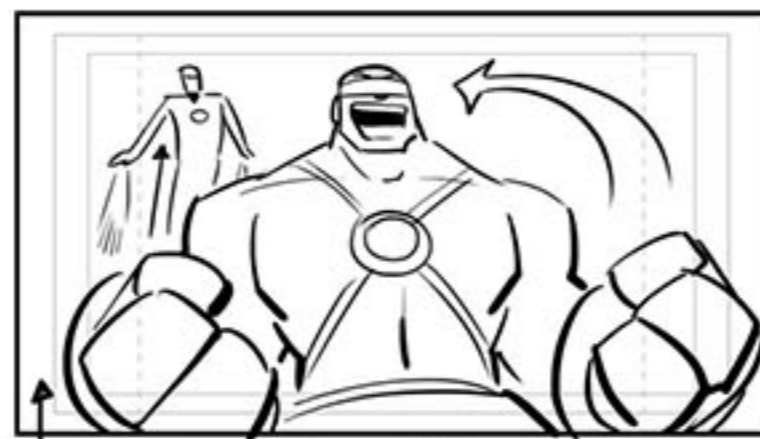

405 HULK
Ha!

406 ZZZAX
<pained scream>

- SHAKE -

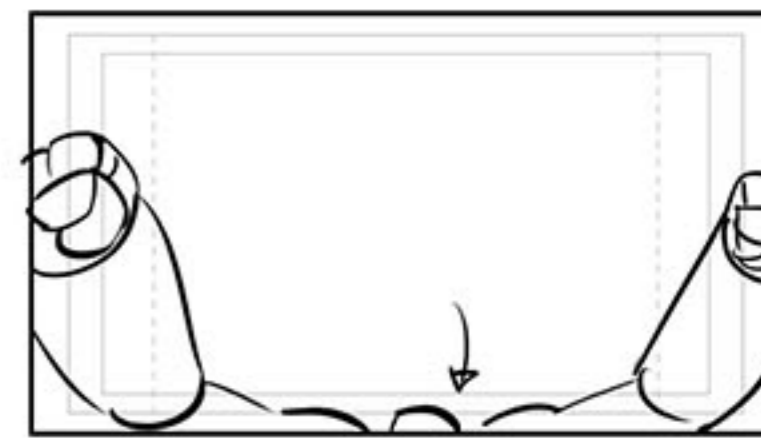

Pan IM rises in BG

409 HULK
Finally time for some

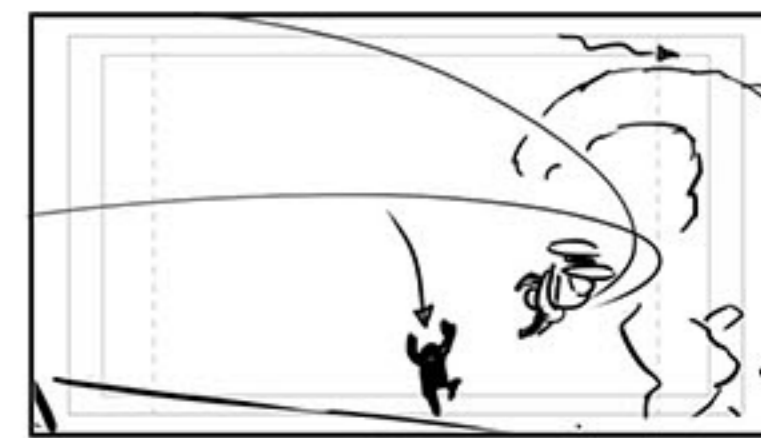

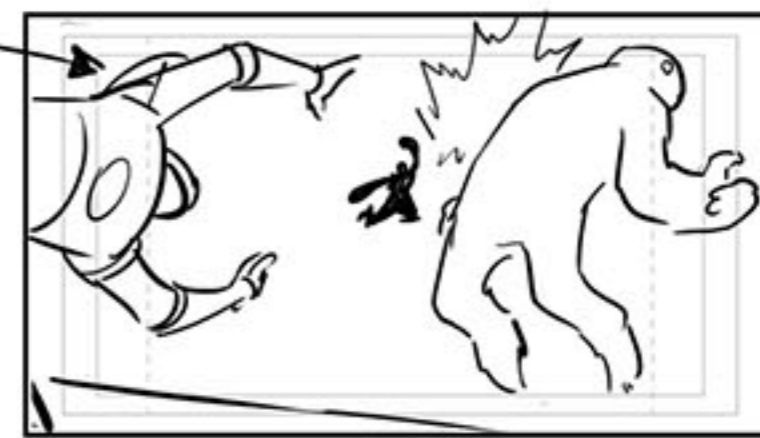

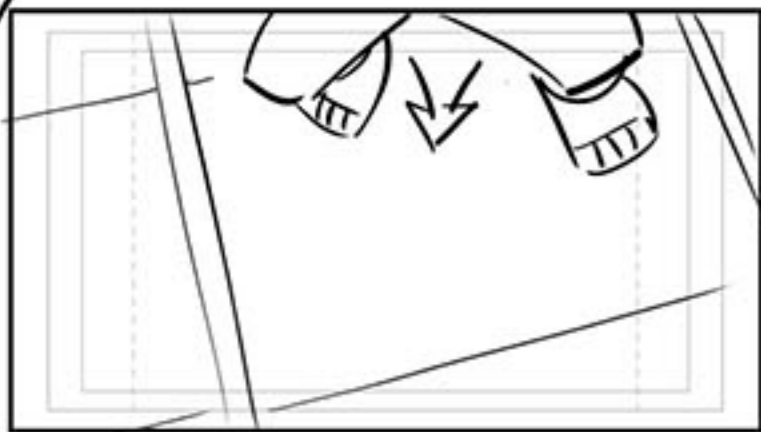

HULK SMASH!

Track with H punching Z backward

410 ZZZAX
(ELECTRIFIED ROAR)!

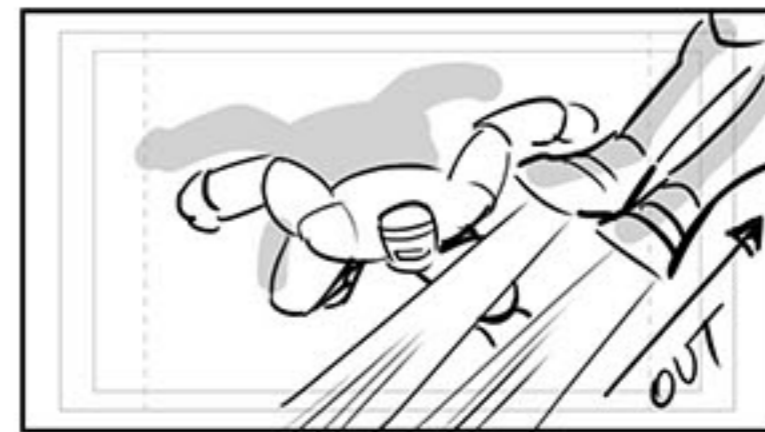

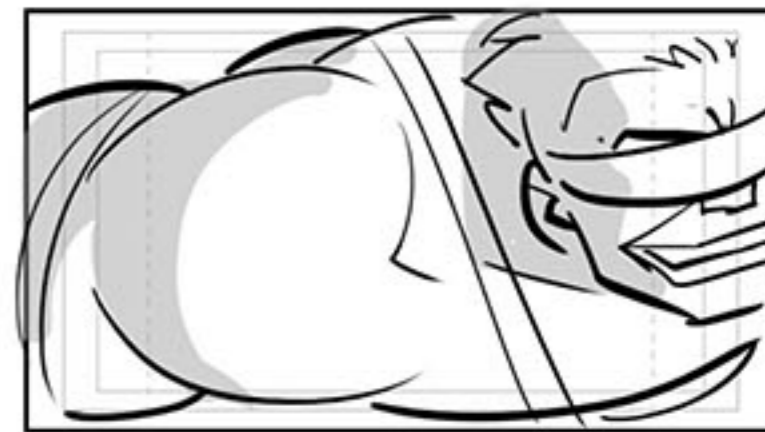

H drops to deck

411 IRON MAN
Keep it up, Mean Green! I'm gonna take out

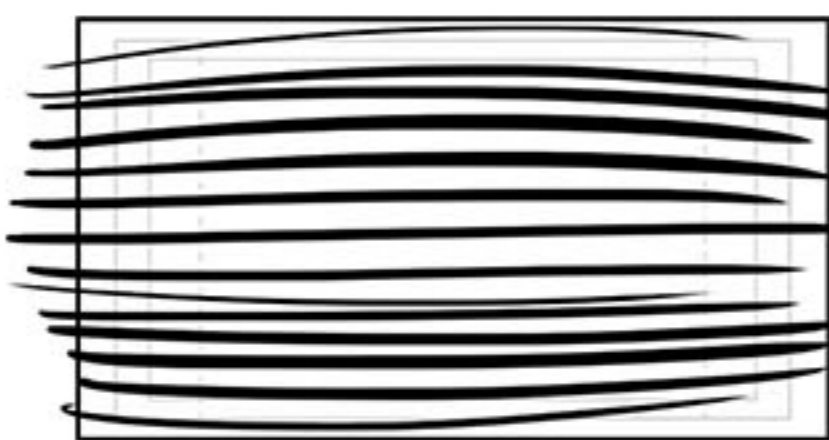

the engines!

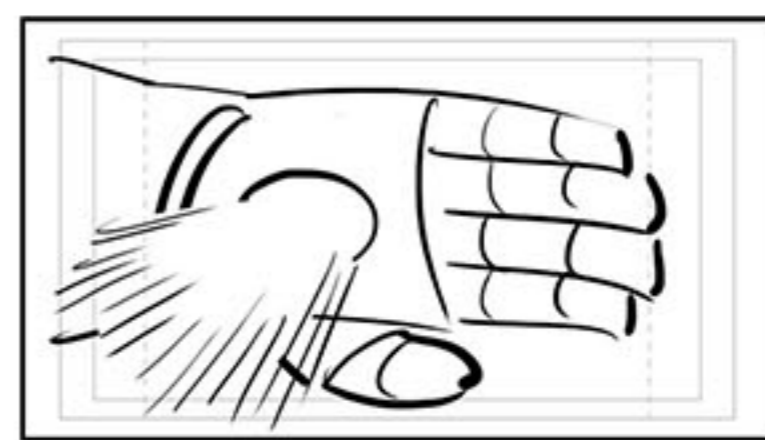

H leaps into cam

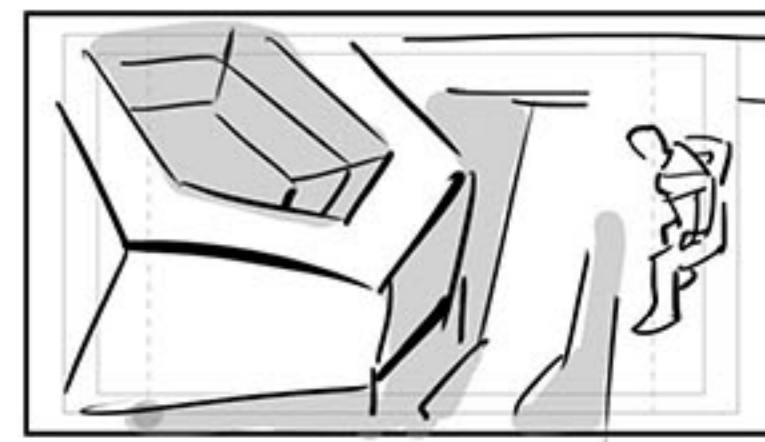

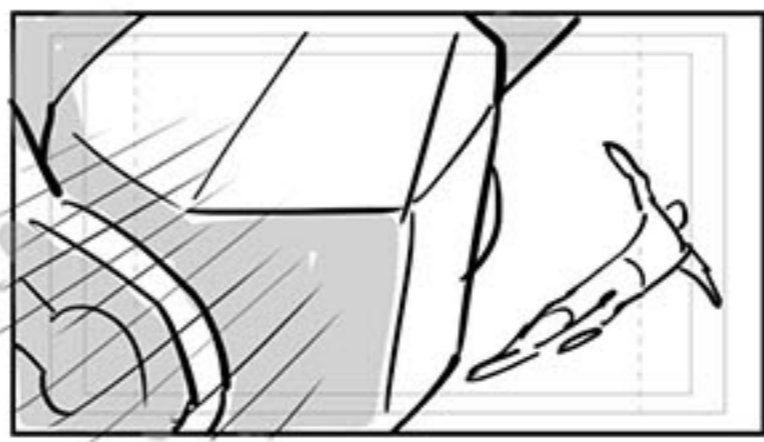

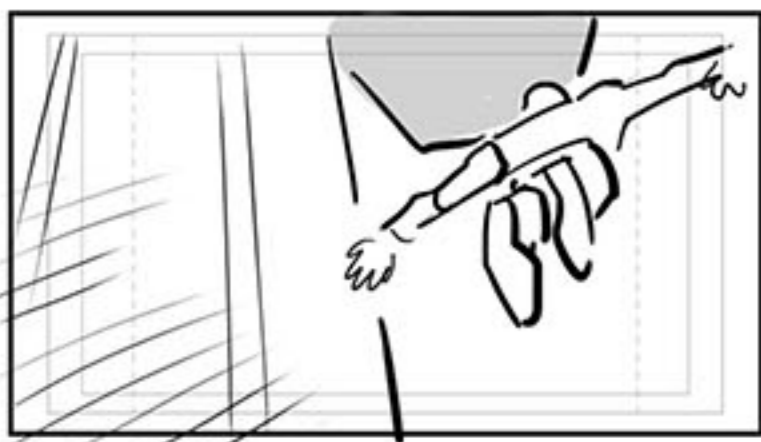

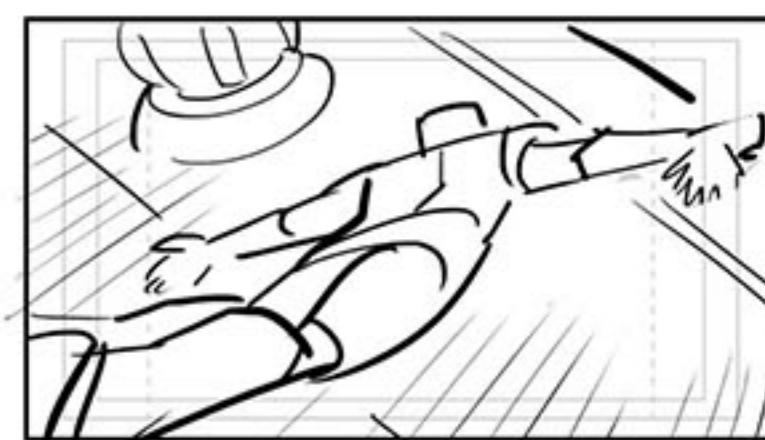

Speed blur past cam

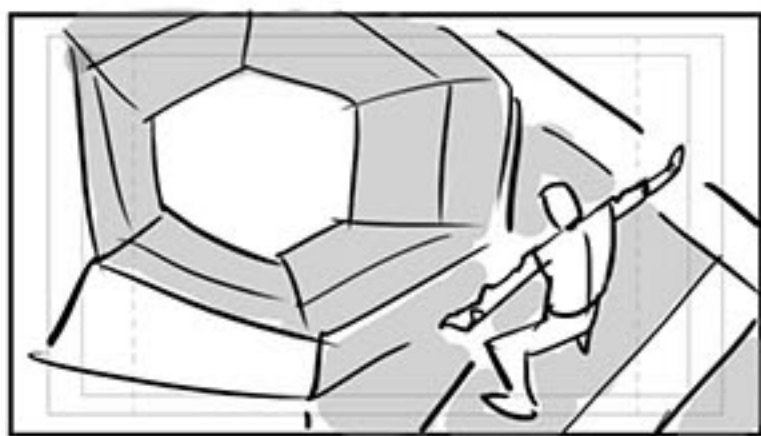

Merge with whip pan

-to track with IM

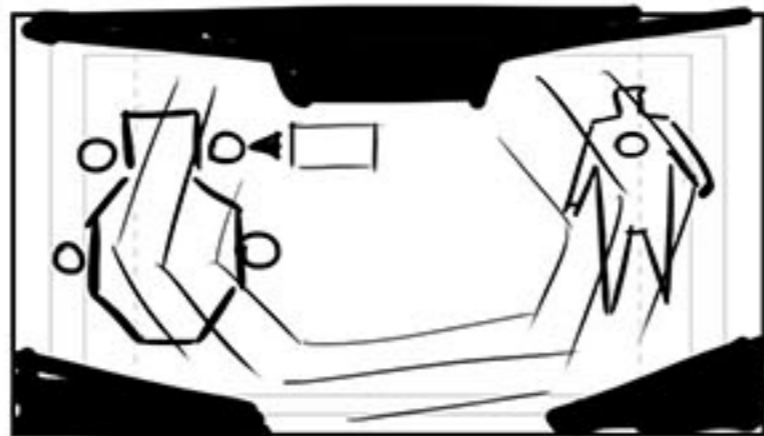

Track with IM around REAR PORT engine

STOP/HOVER

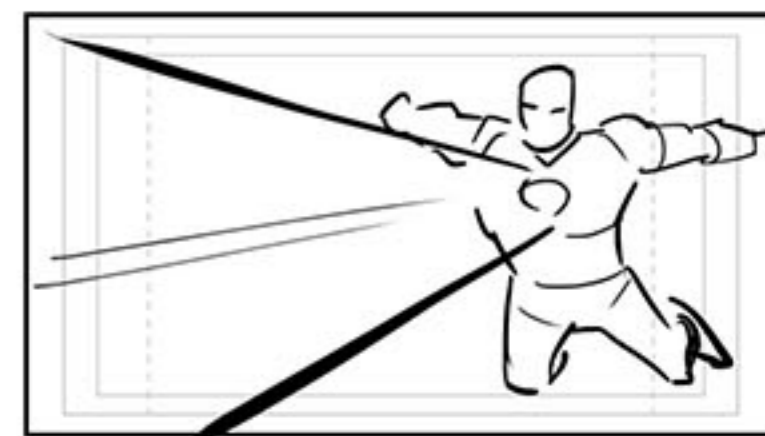

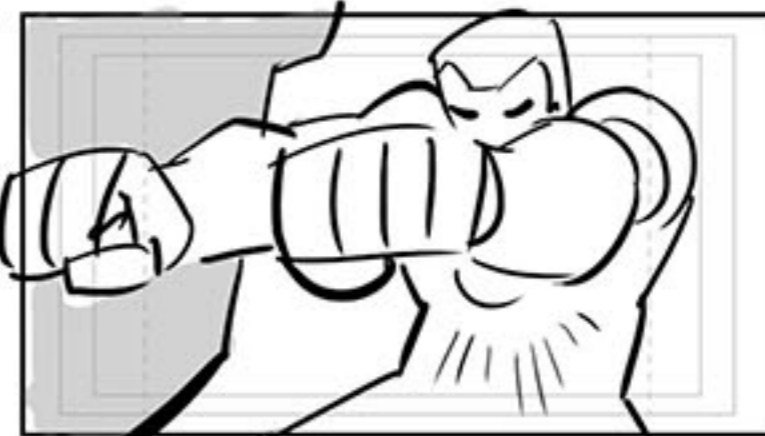

416 IRON MAN
Full power to Uni-Beam!

carrier diagram

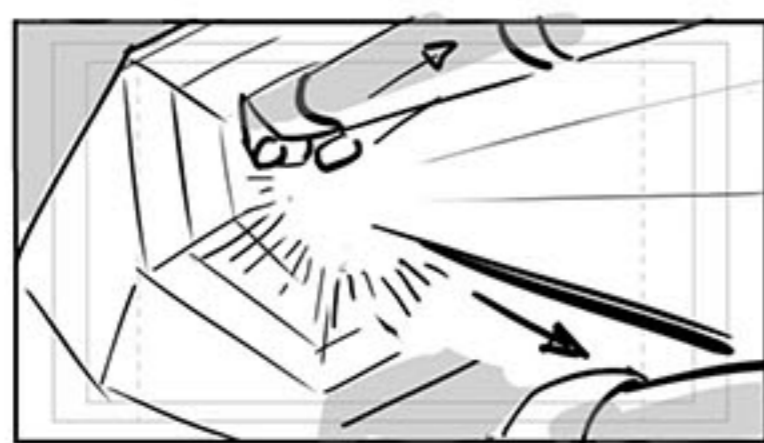

powerup diagram

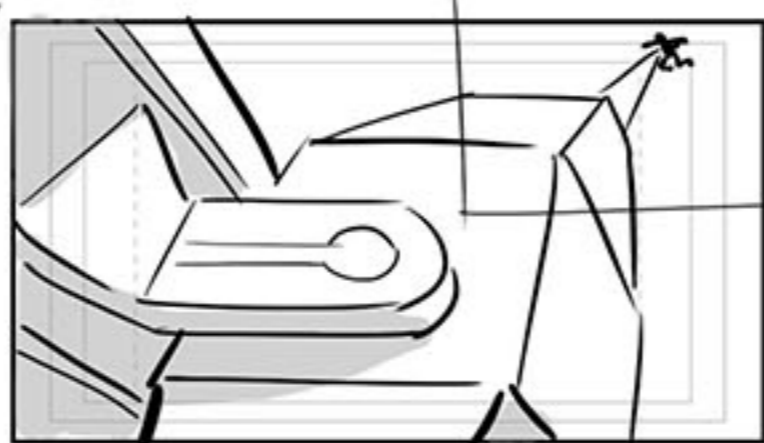

Truck out for blast

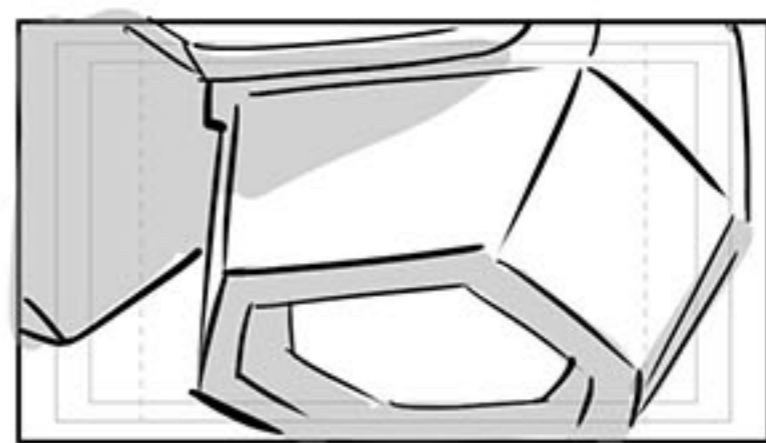

IM propelled backward

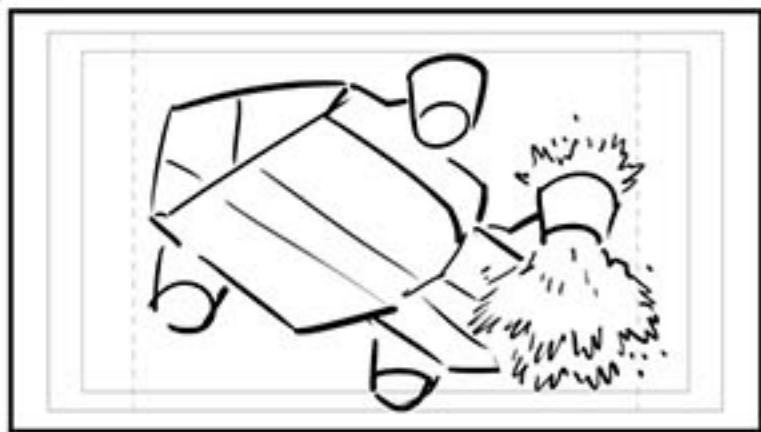

Truck out from IM firing into engine

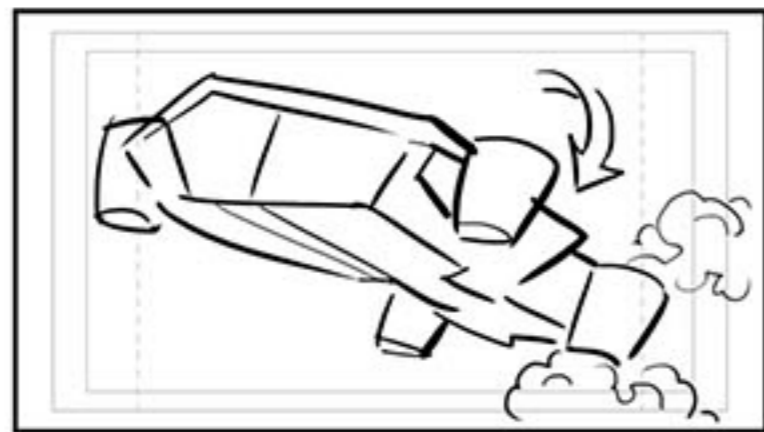

Pull down to bottom of engine

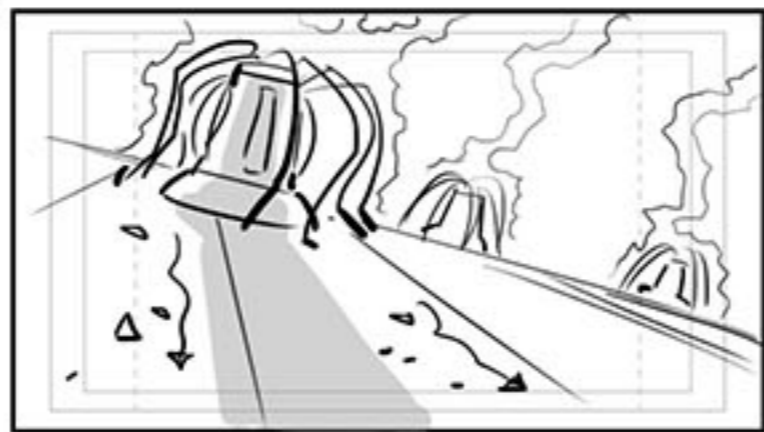

EXPLODE!

Wide - engine exploding

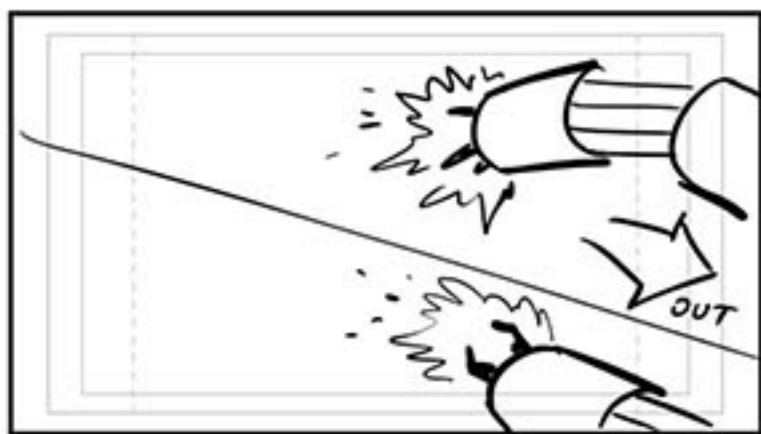

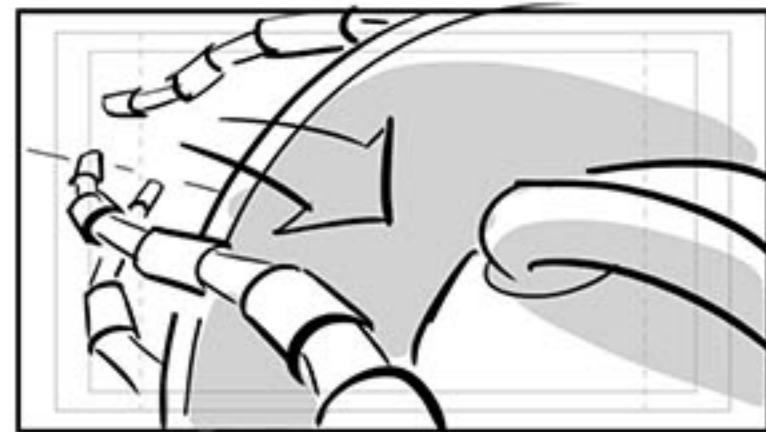

Carrier TILTS

On deck - debris tumbles toward cam

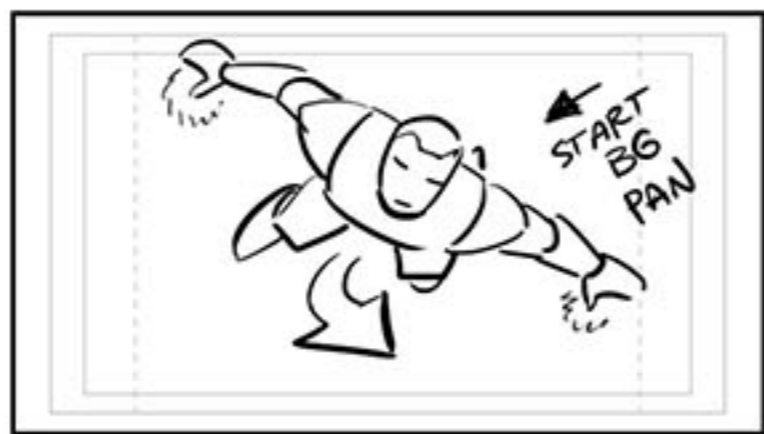

Converter topples over

417 IRON MAN One down.

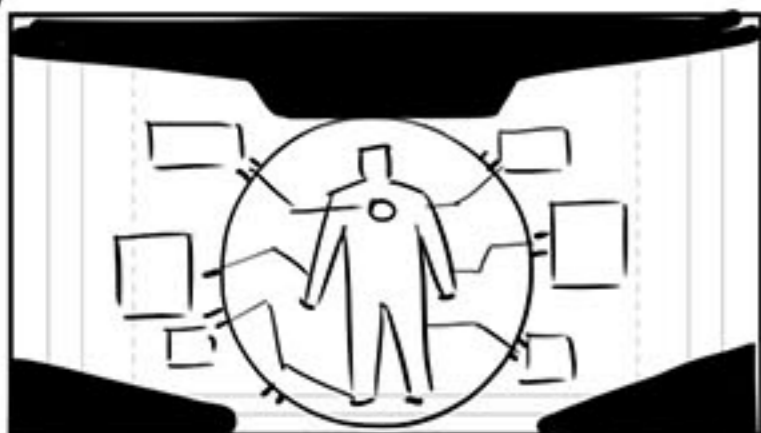

418 JARVIS Uni-Beam recharge in

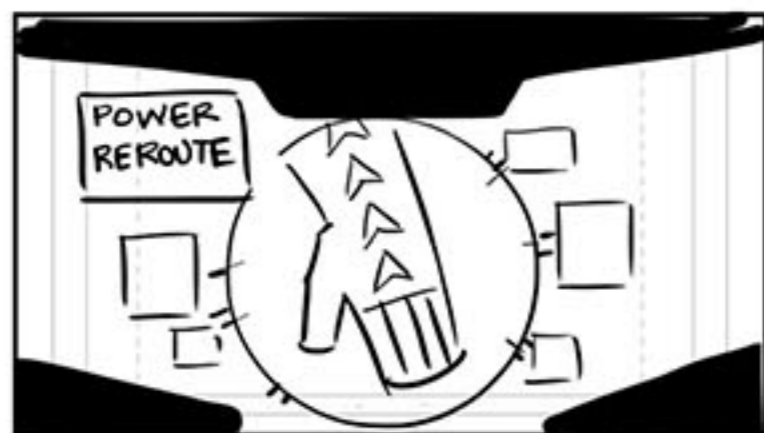

30 seconds.

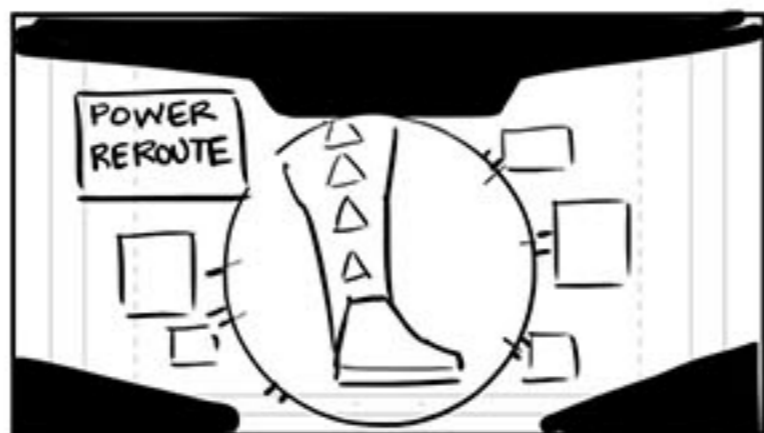

419 IRON MAN Speed up the process, Jarvis!

Power diagram ON

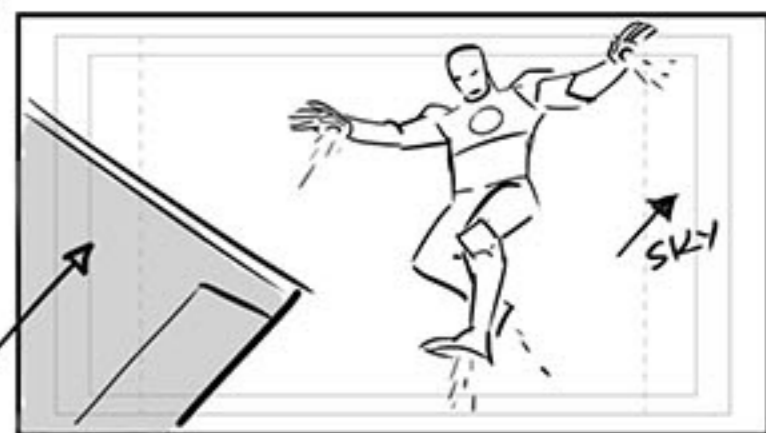

Zoom in on hand - show power flow

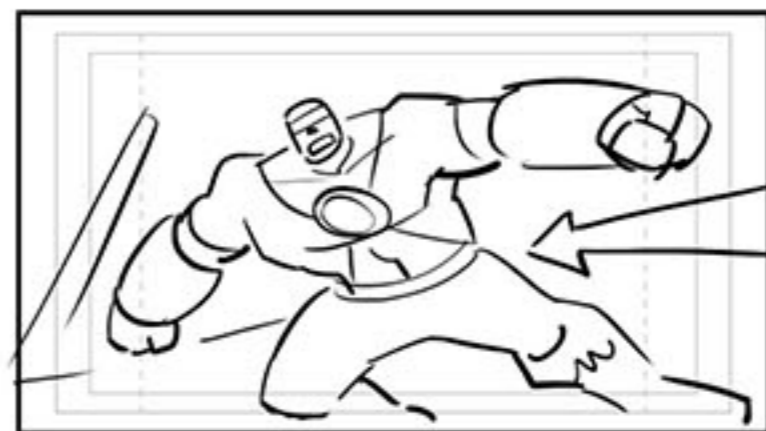

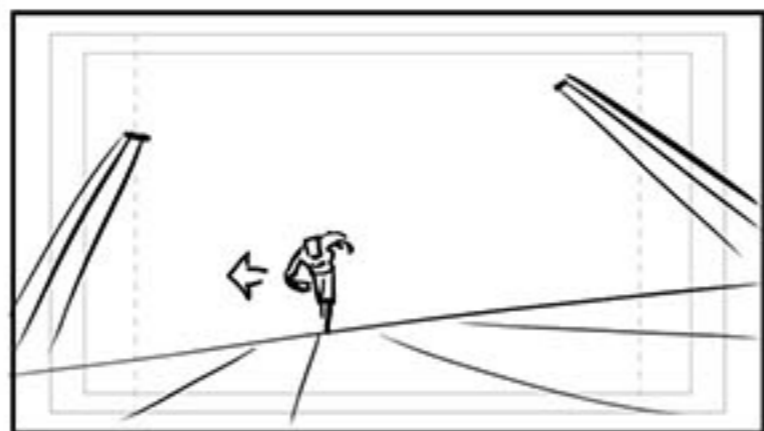

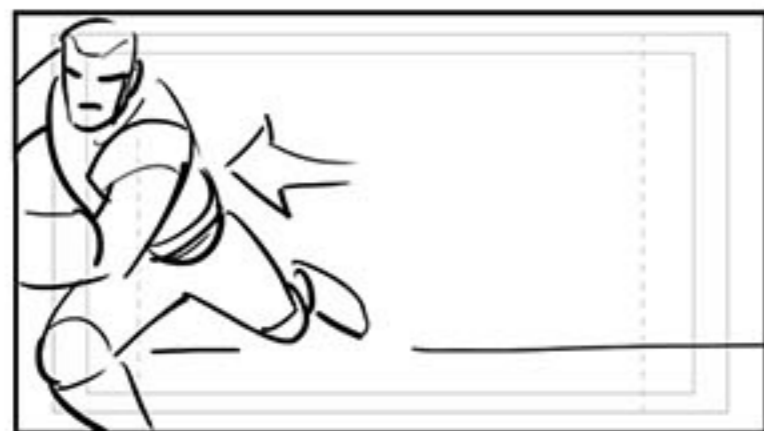

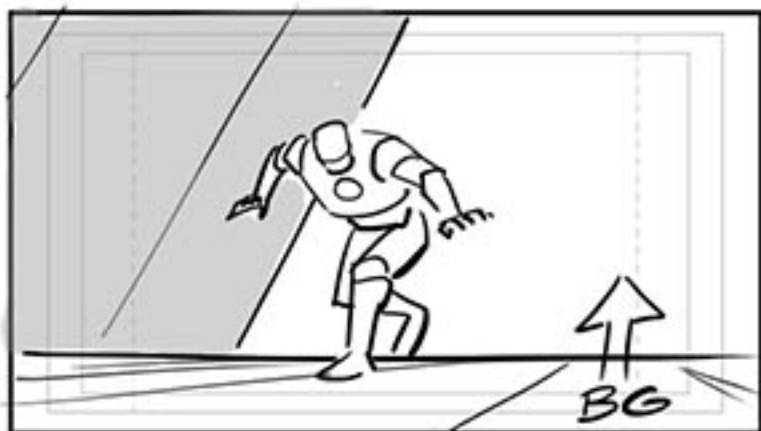

Pan down to foot

Pan up to chest plate - show power flowing into it

Tail fin up into scene IM's hand & boot jets flash out

H skids into scene

- SHAKE -

413 HULK
<zapped groan>

Repulsor blast shoots
Z's arm off

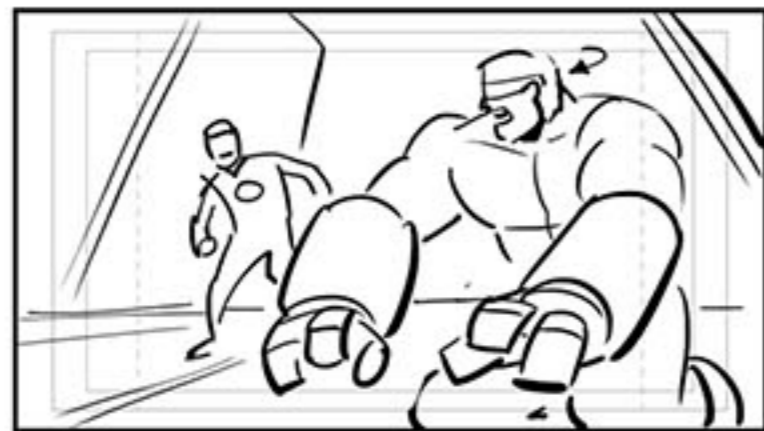

Z reacts back

PAN

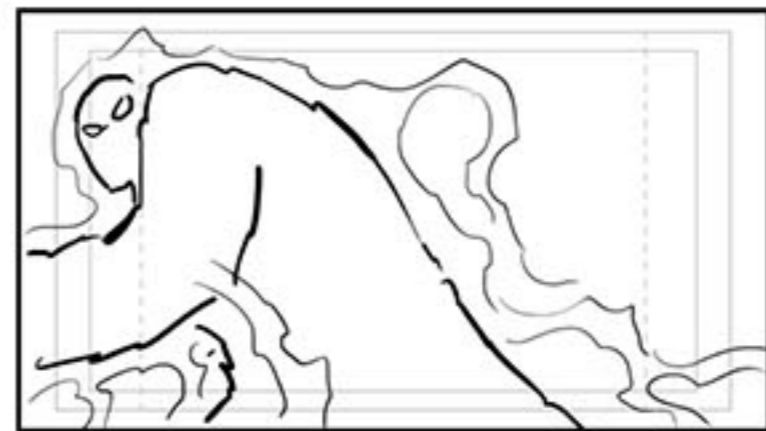

414 HULK
Quit messin' round and

crash this thing, Stark!

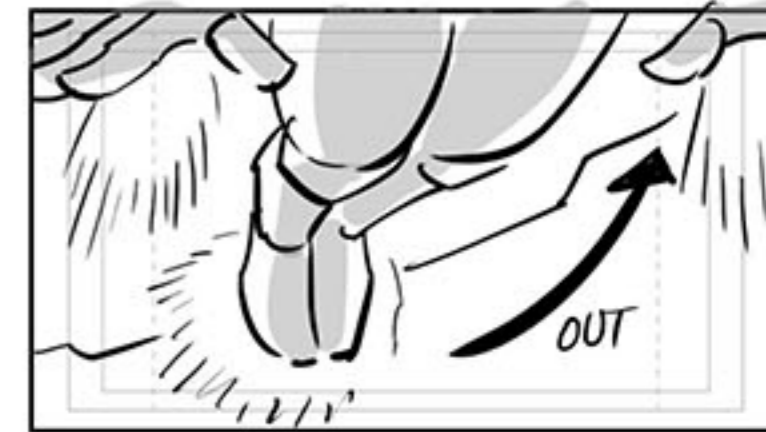

415 IRON MAN
Working on it!

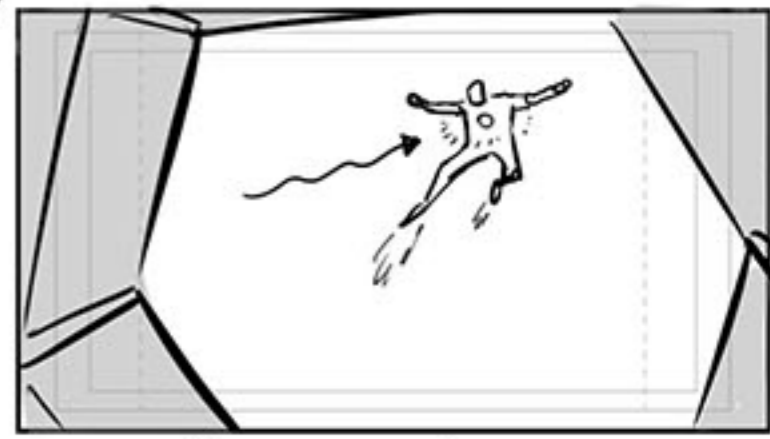

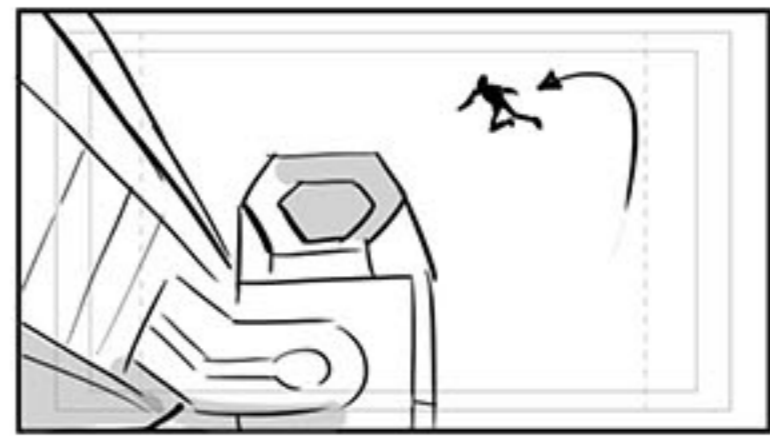

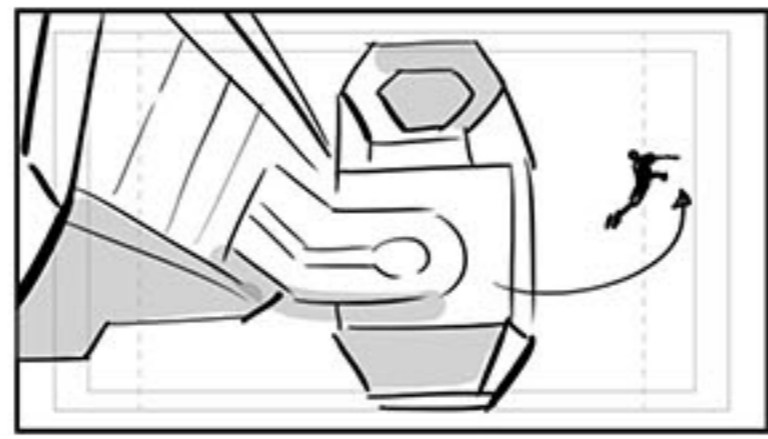

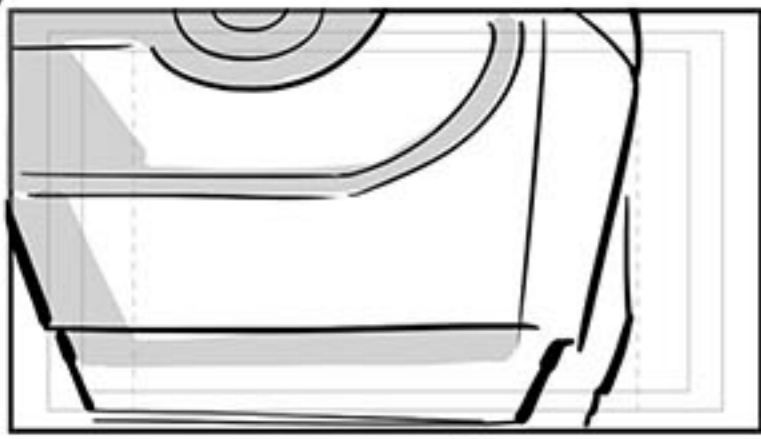

420 ZZZAX
None may zzzztop...

Zzzax!

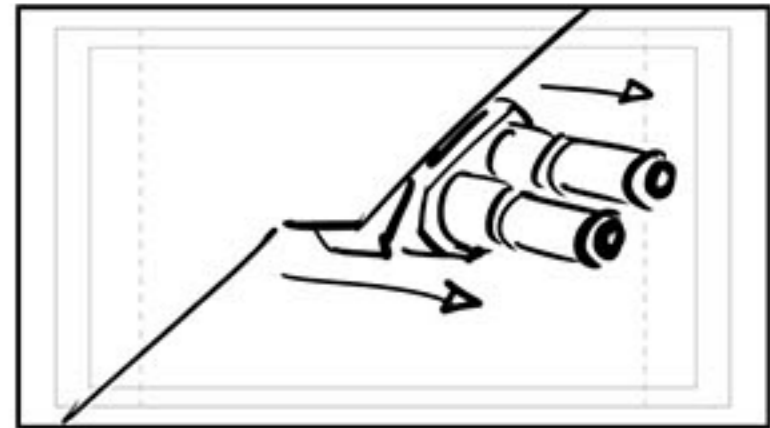

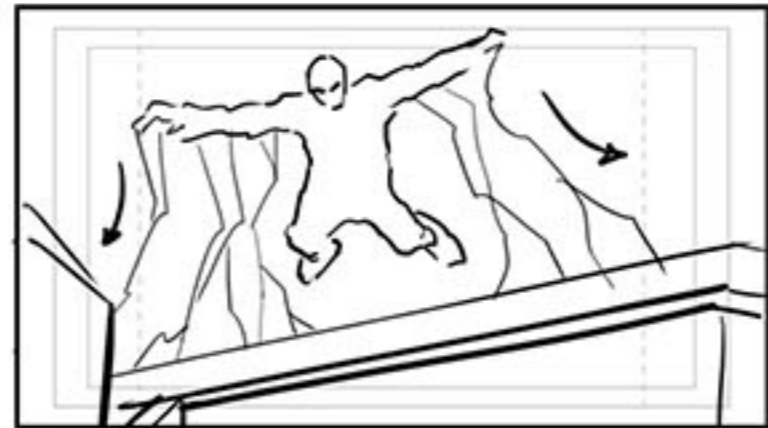

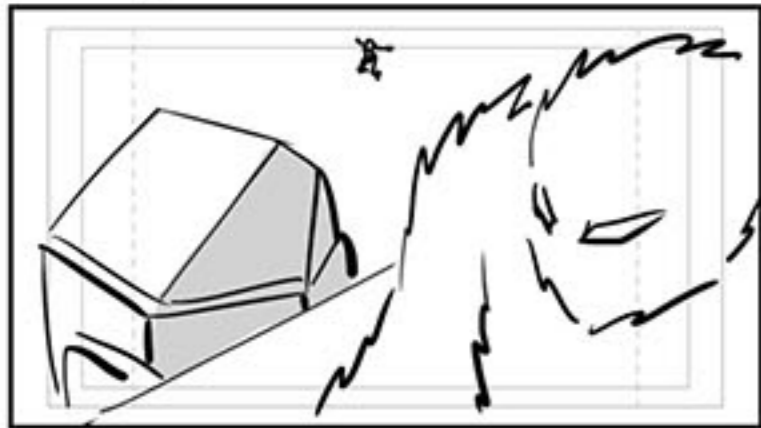

OUT

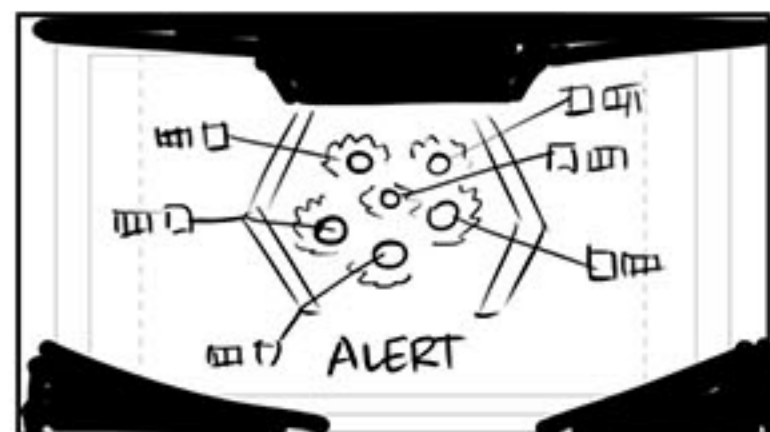

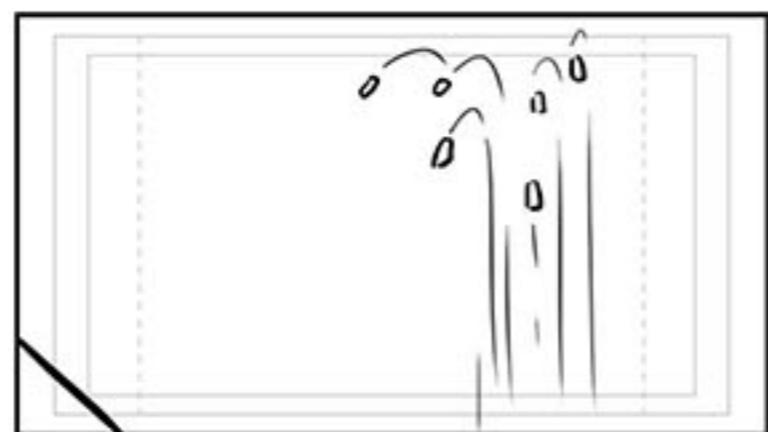

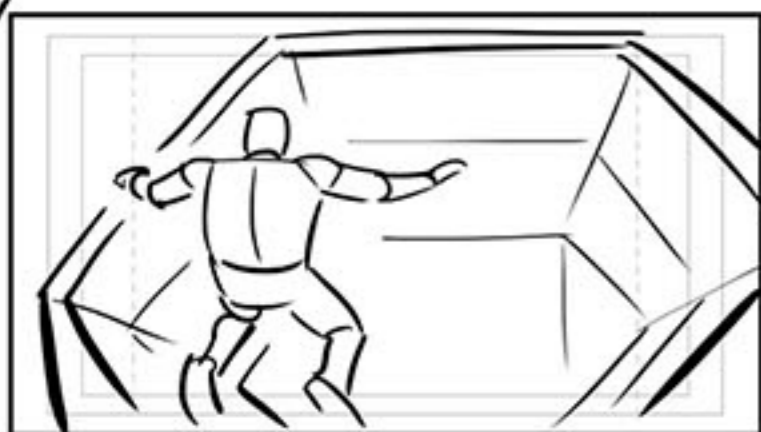

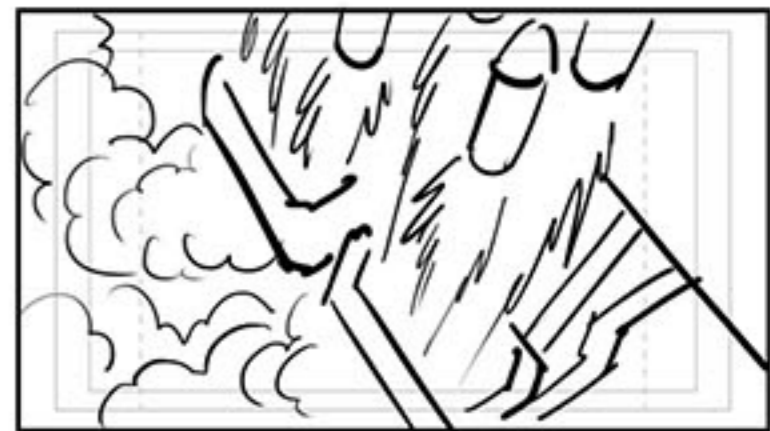

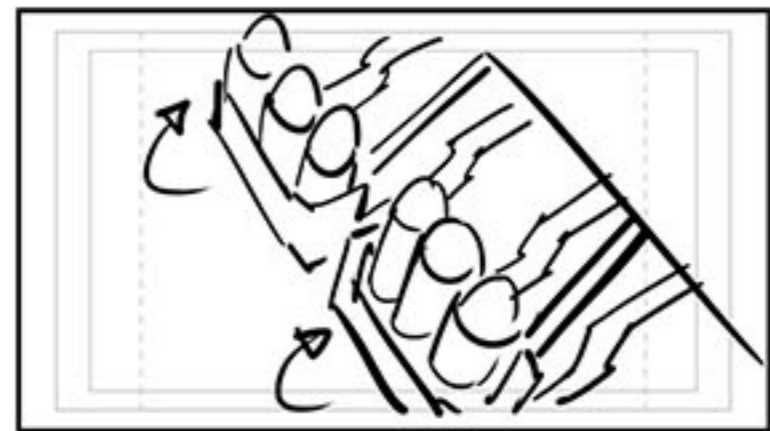

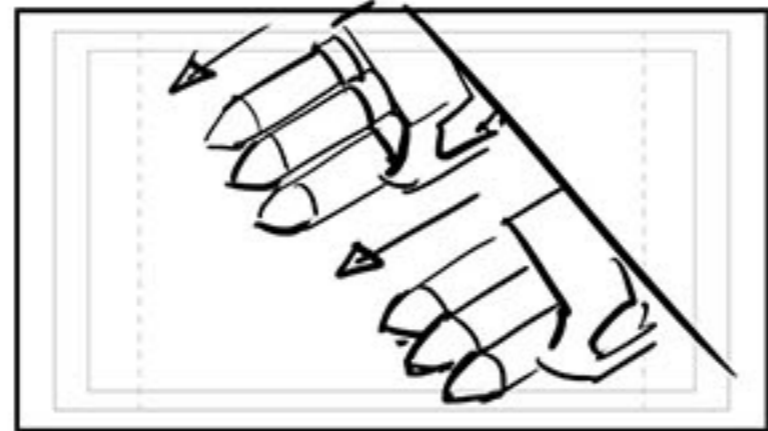

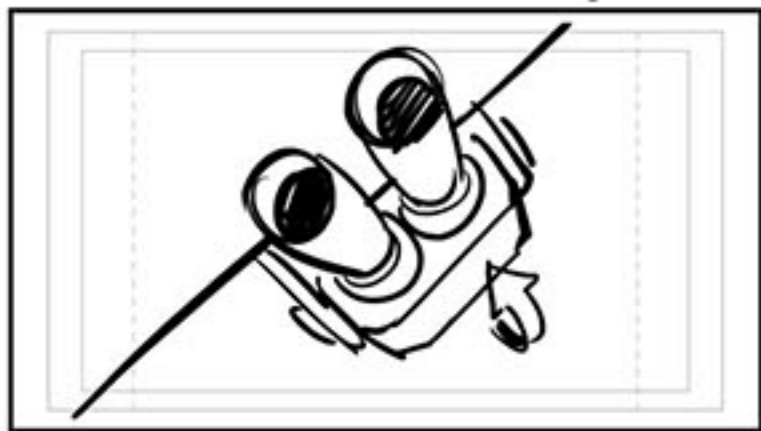

Cut to view of engines
(from rear starboard)

View from inside engine
port—IM's uni-beam powers up

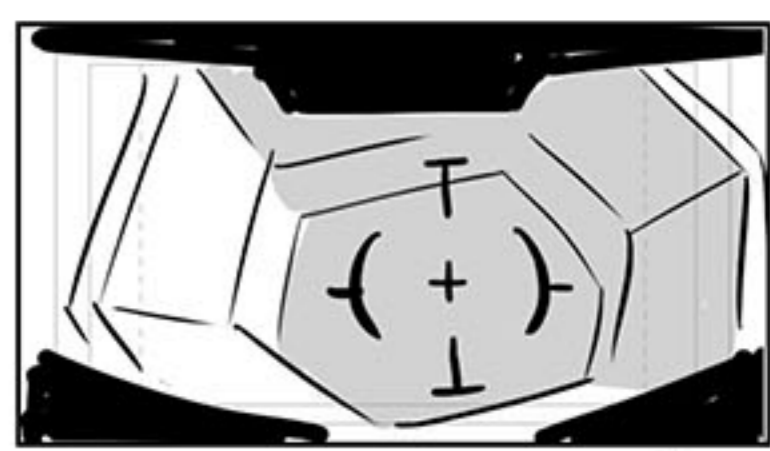

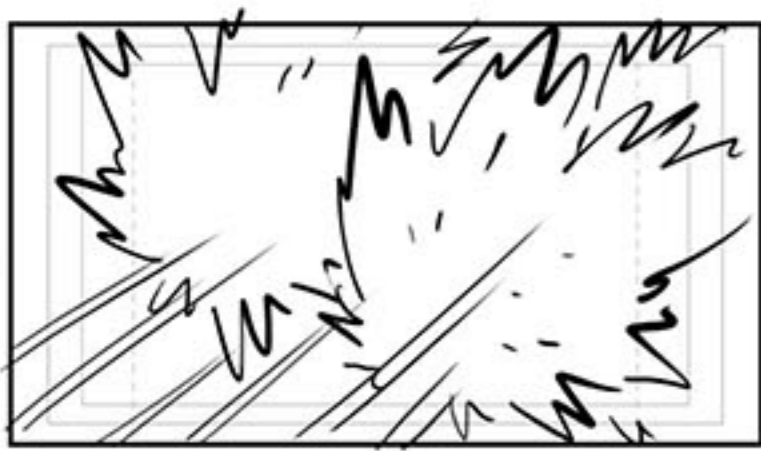

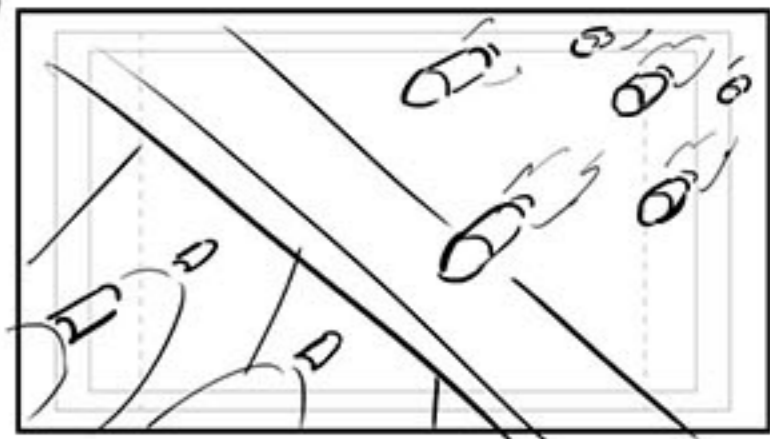

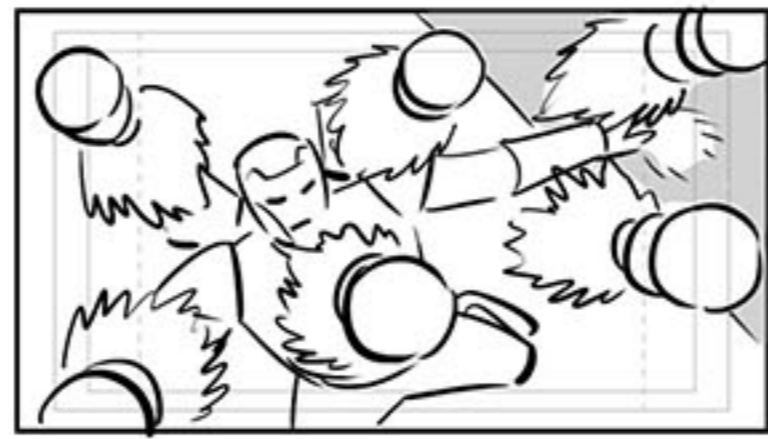

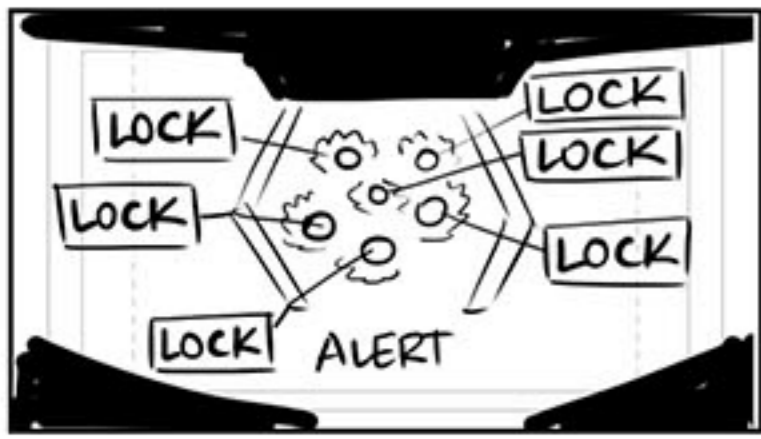

421 ZZZAX
Humanzzz are

alll parazzitezzz.

↑ PAN
UP

422 IRON MAN
Turn my ship against me, will you?

423 JARVIS (V.O.)
Uni-Beam

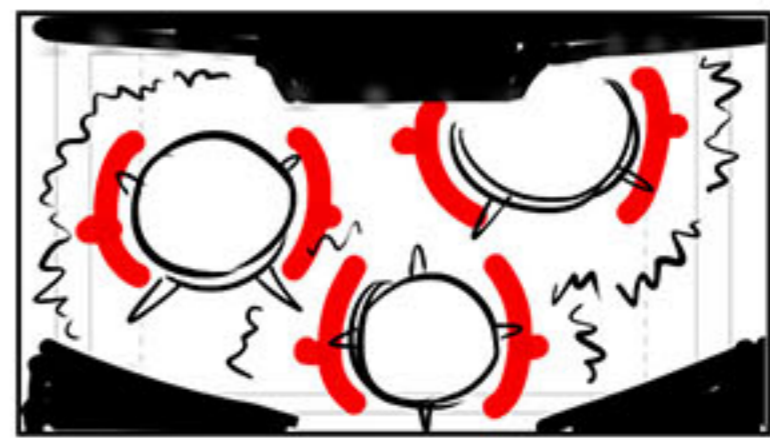

back online sir!

WHIP PAN DOWN

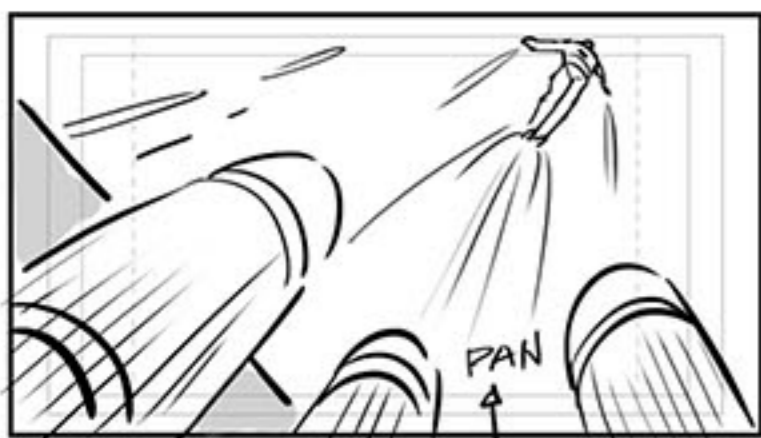

Stop on engine port

Missiles rise from below

424 IRON MAN
Gahh!

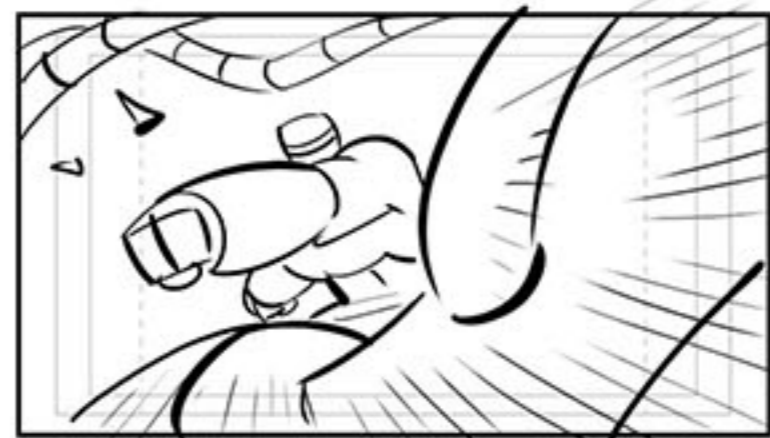

Out-smarted by (LASERS OPEN FIRE FROM OS)

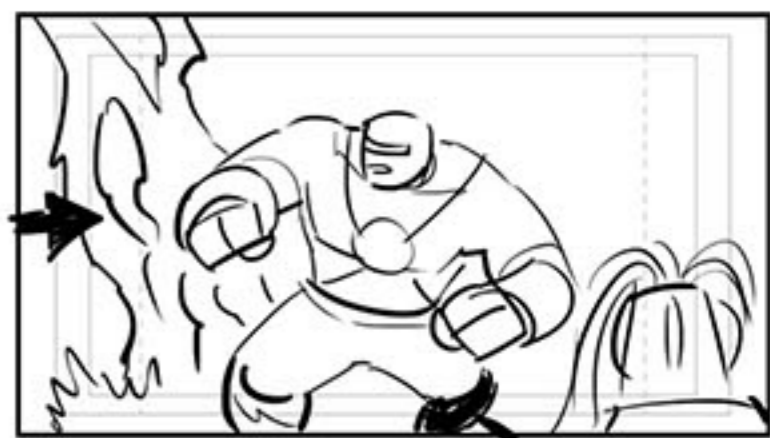

a 50-foot ball of static.

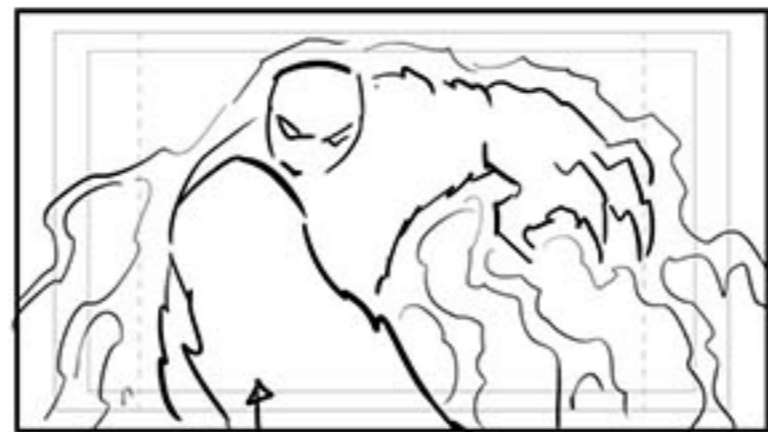

Cut to condensor on deck

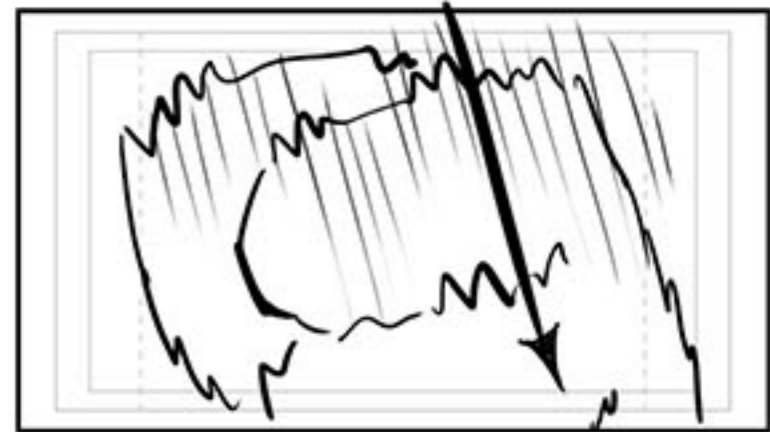

POW!

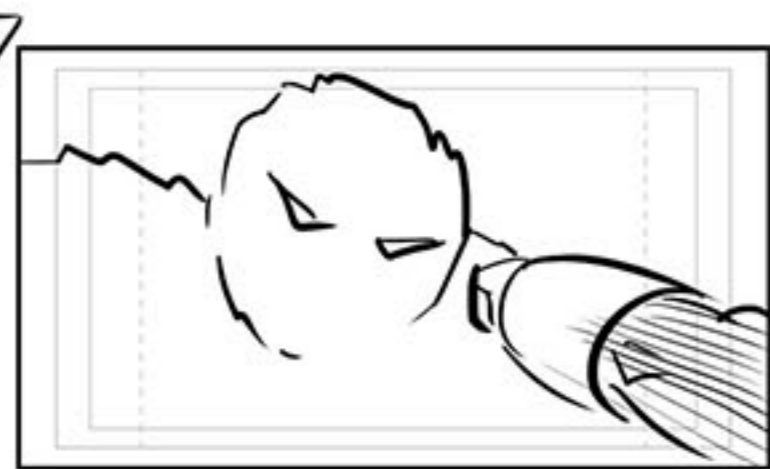

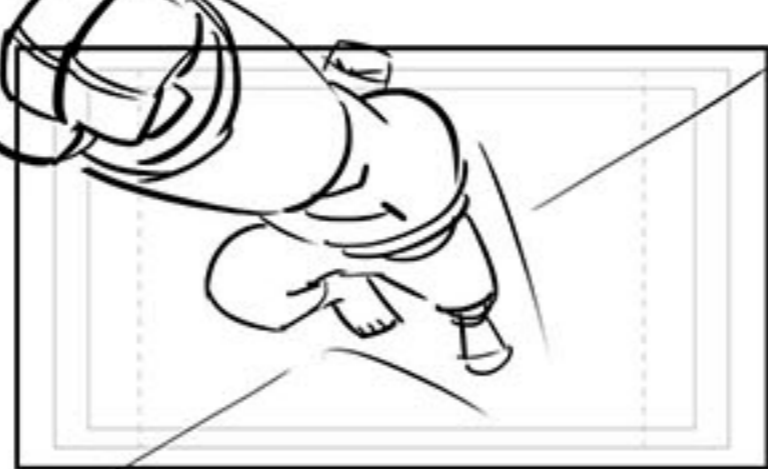

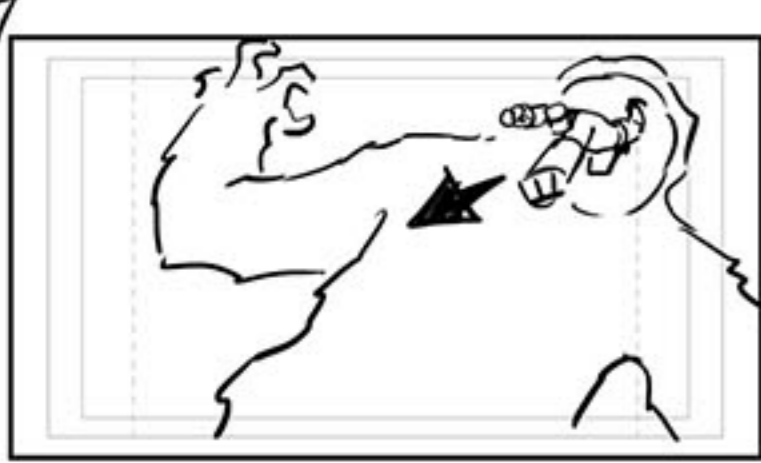

PAN UP

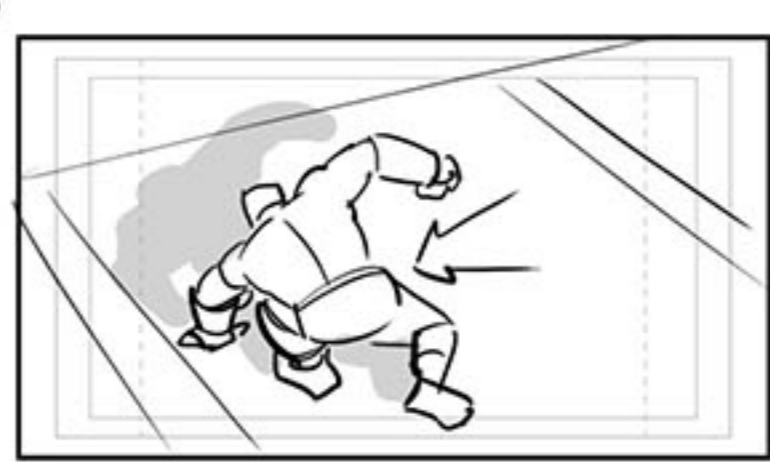

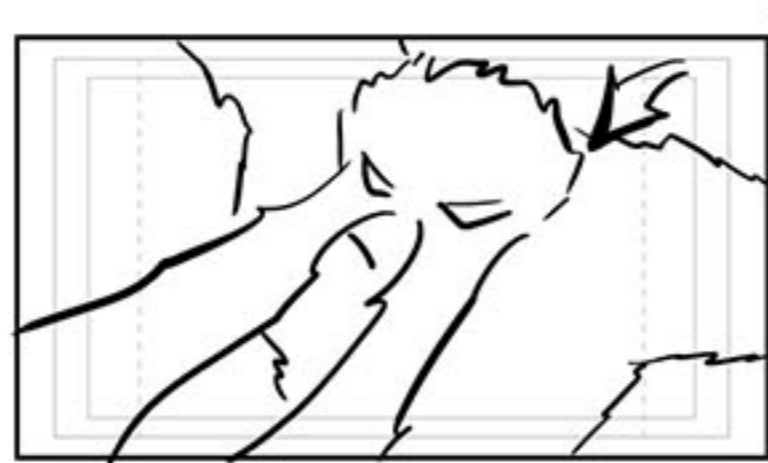

PAN

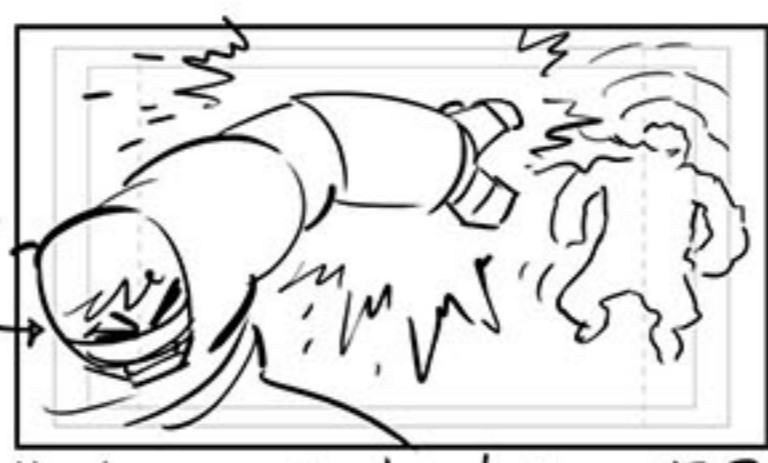

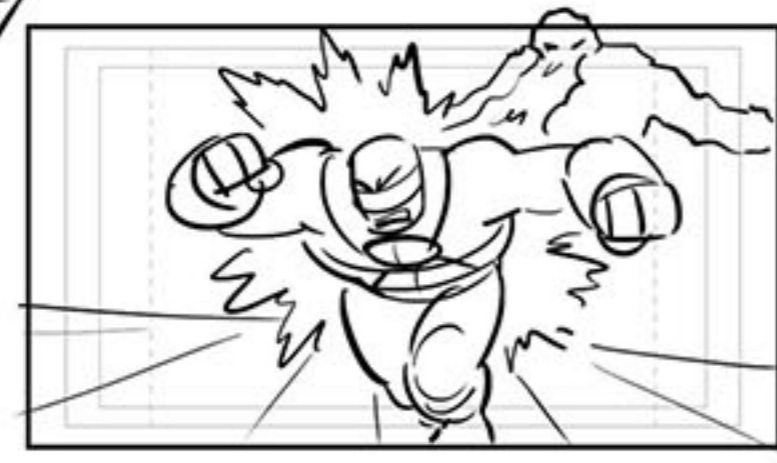

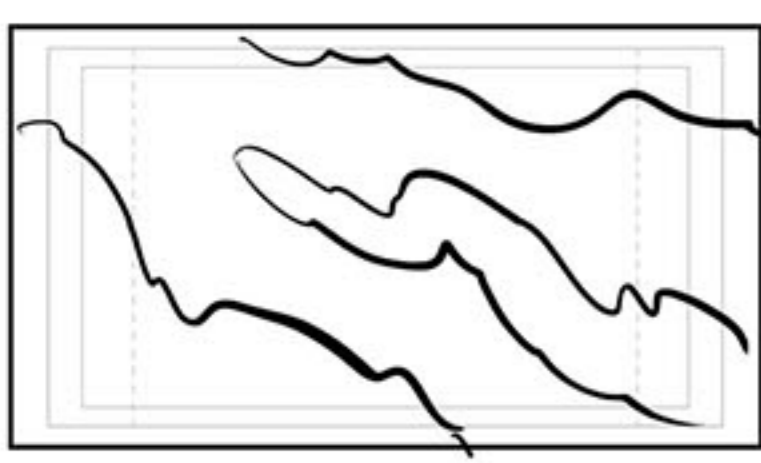

Punch thru face

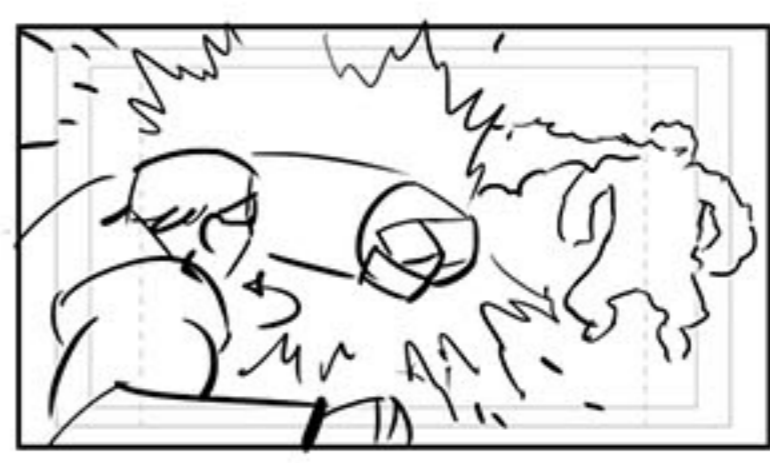

Head reforms (backwards)

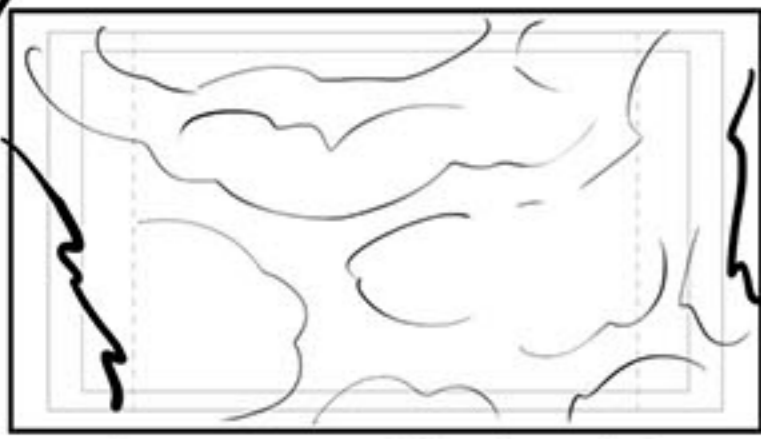

Lightning in - H knocked forward

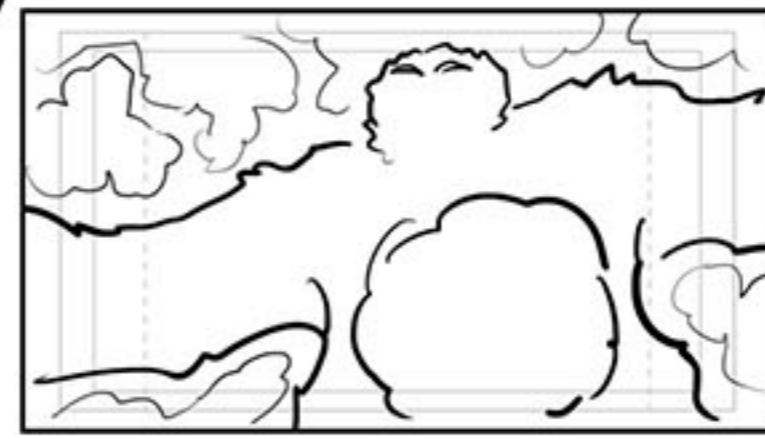

H stops - Z shrinks in BG (to 2/3 giant size)

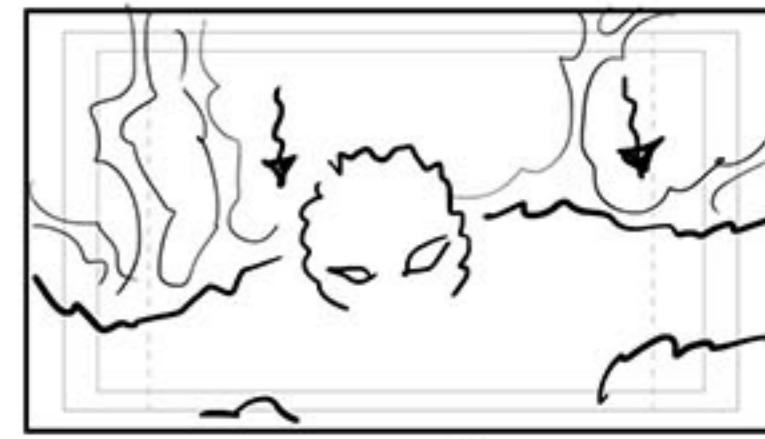

Repulsor blast!

Close on Z's back

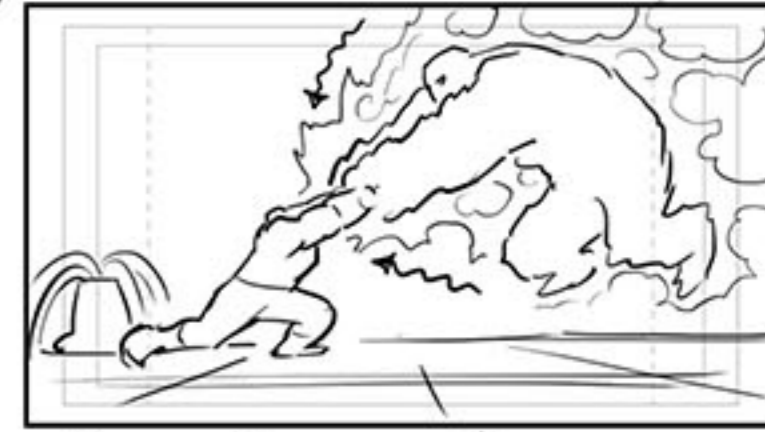

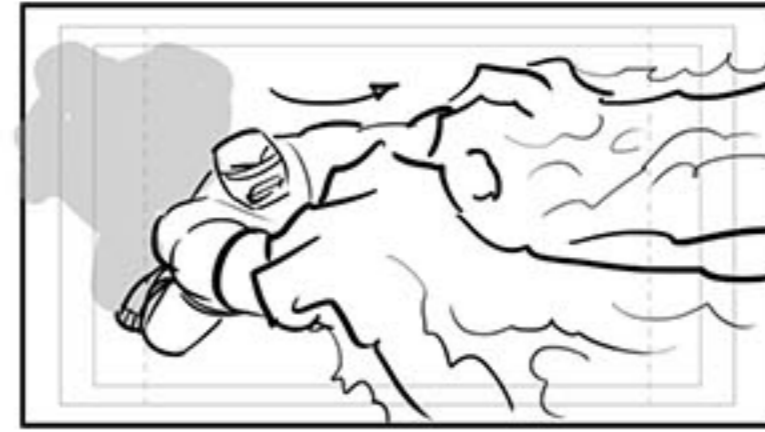

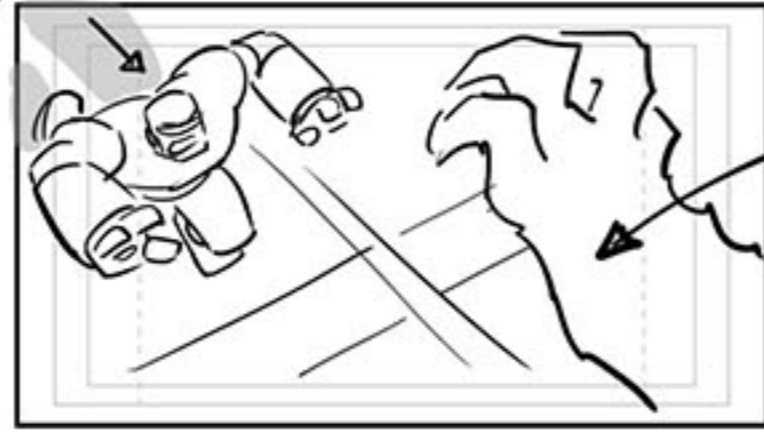

426 ZZZAX
(electrified wail)

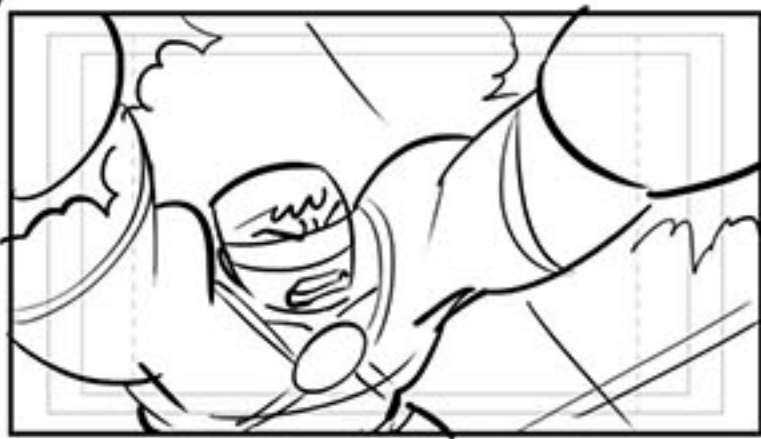

(shrinks)

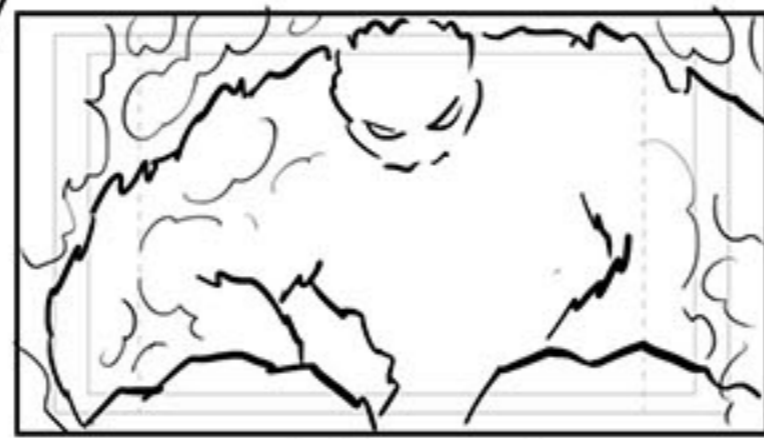

Truck out -
Z at 1/3 giant size

Power flows into
Hulk's gauntlets

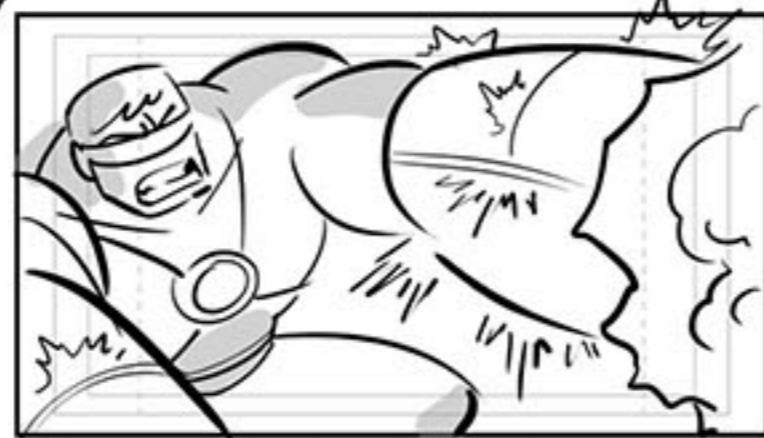

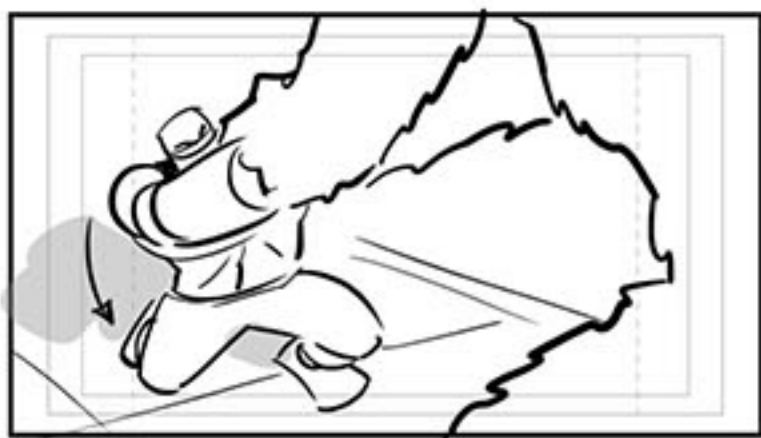

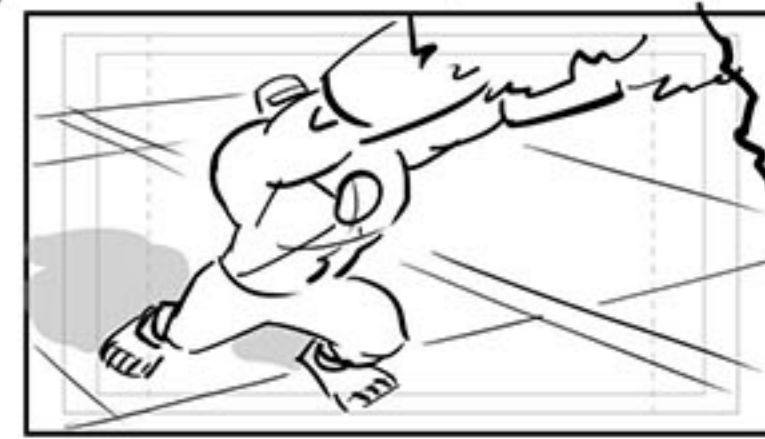

425 HULK
ROARS!

Upshot on Z

He leans FWD

H's gauntlets stark burning &
sparking

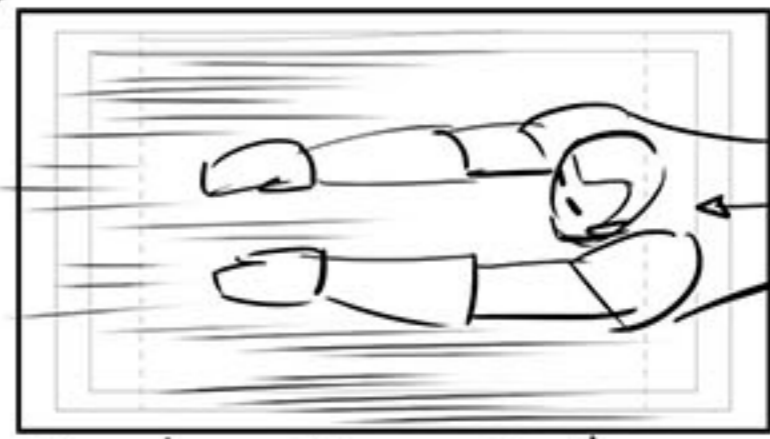

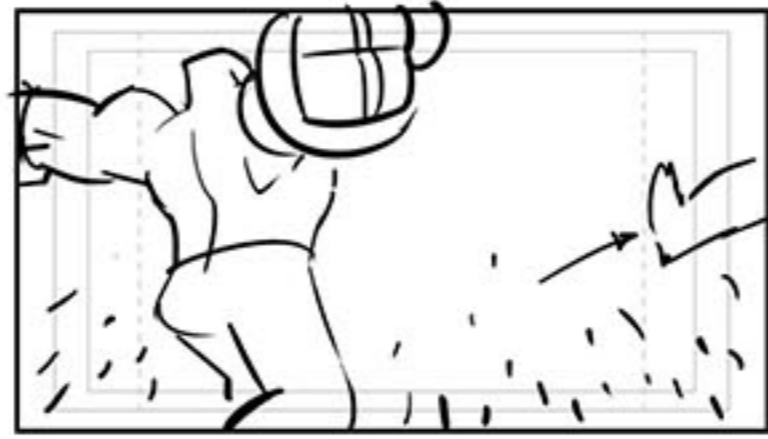

427 HULK
'Zat all ya got, Sparky!?

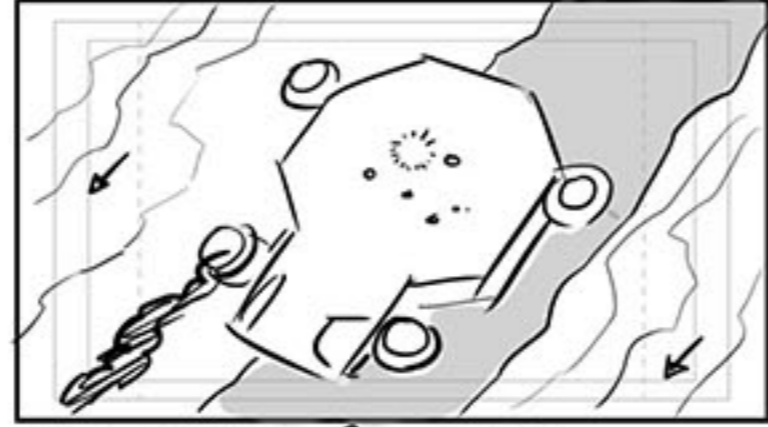

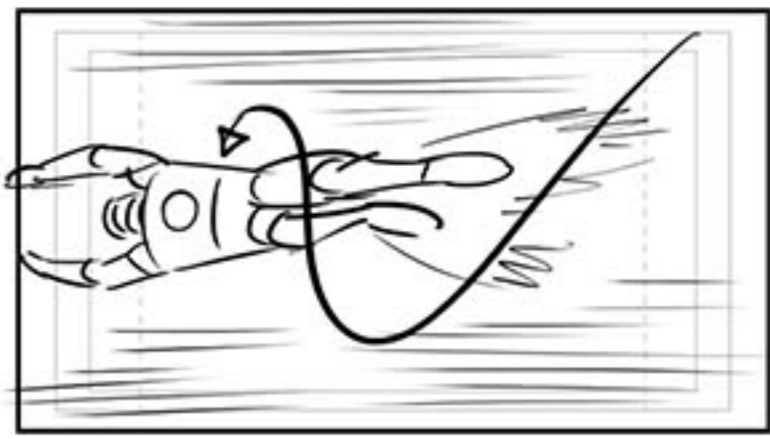

(ROAR!)
(lean FWD)

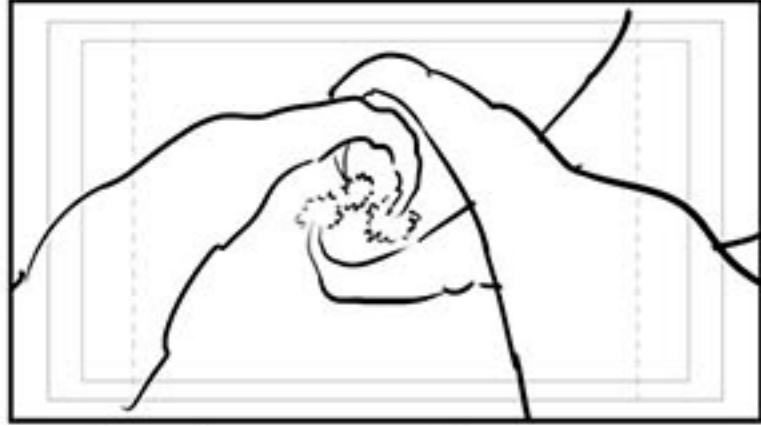

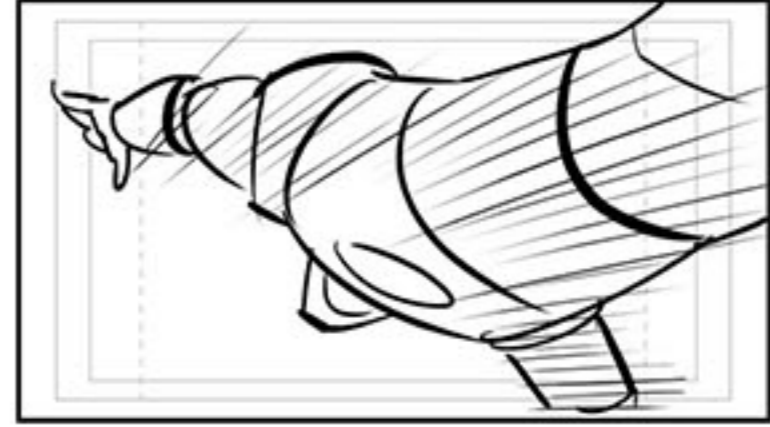

Z's arms explode into showers of sparks

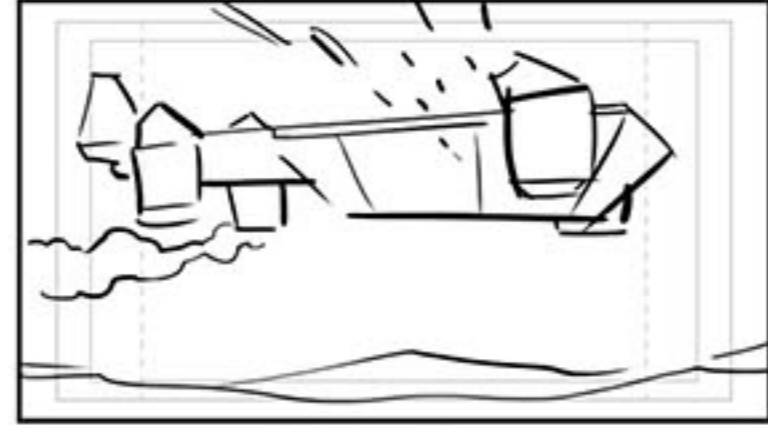

Cloud mist zips thru BG

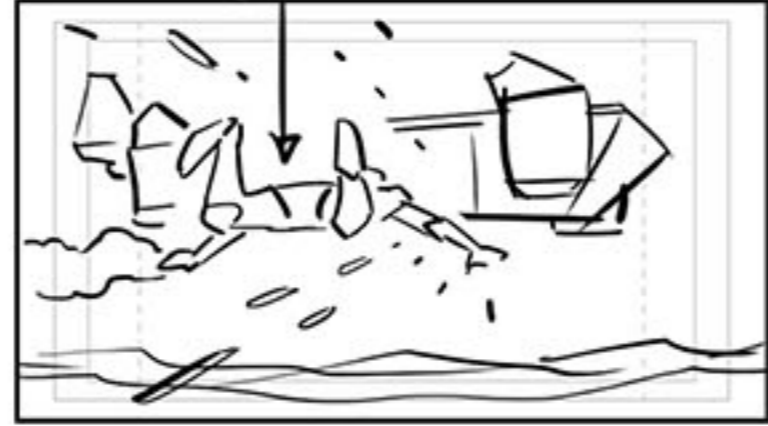

Downshot of carrier - ground pans slowly thru (travelling above river)

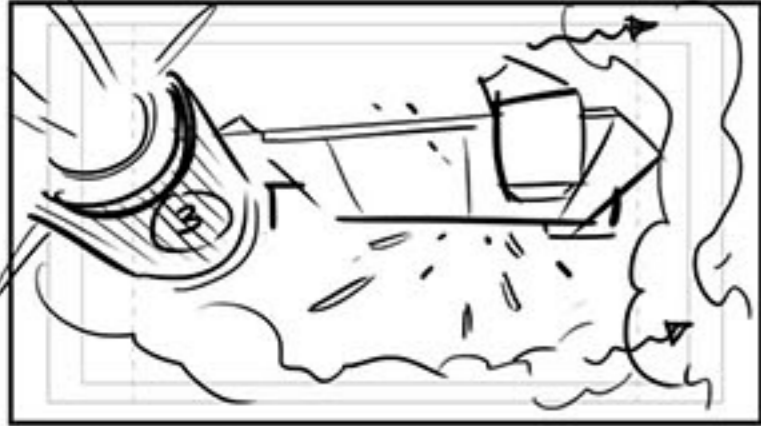

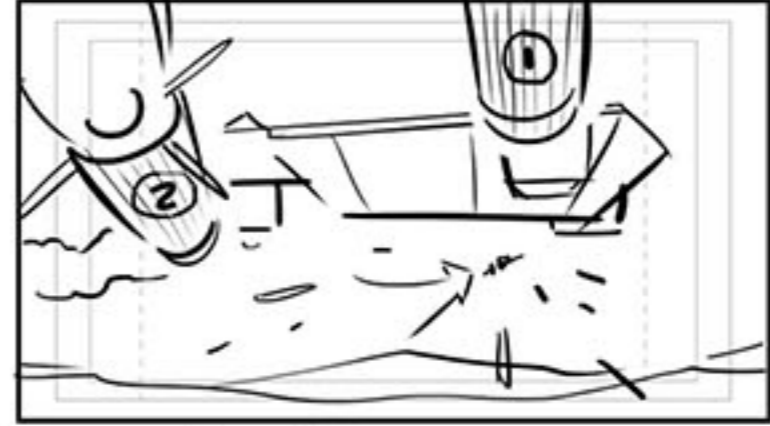

Missiles spiral down after IM

Laser fire from carrier

IM drops in - activates jets to zoom away - into laser fire

Missile #3 IN

hit by stray laser fire

BOOM

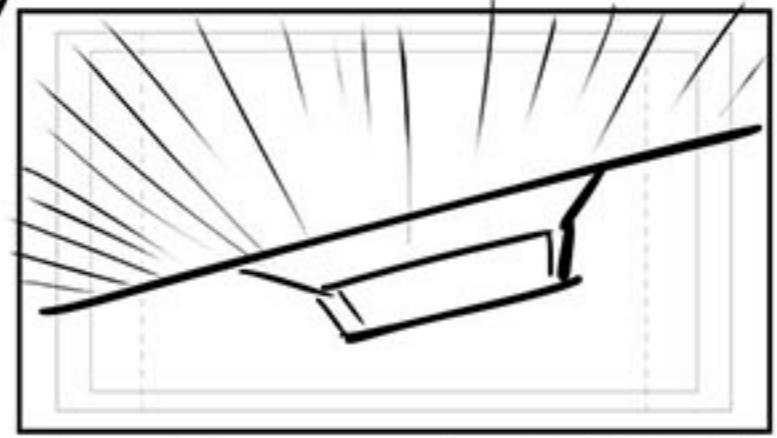

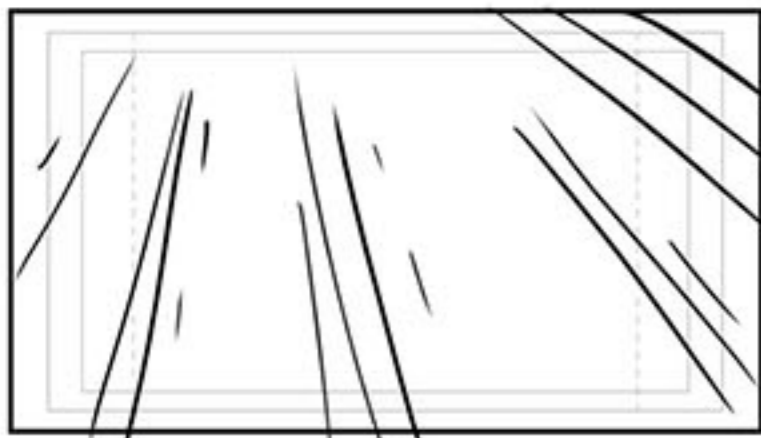

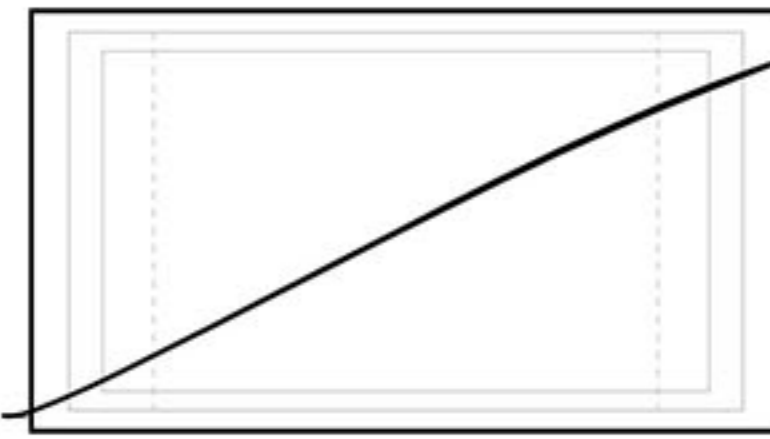

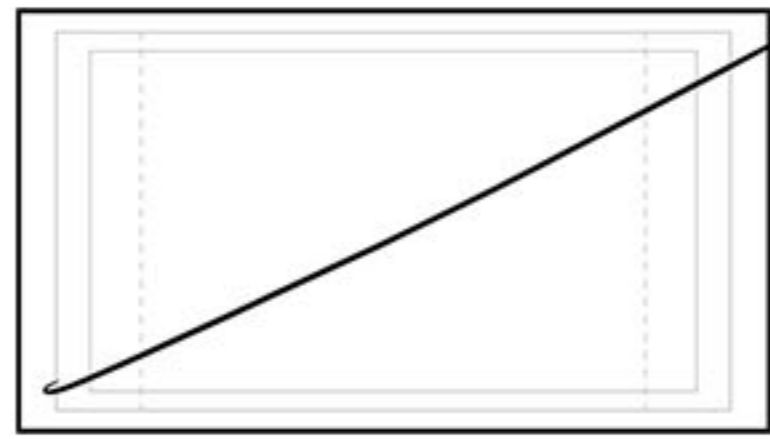

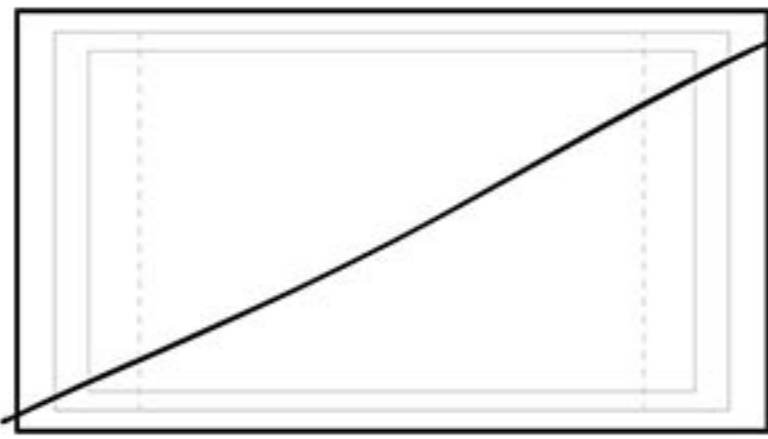

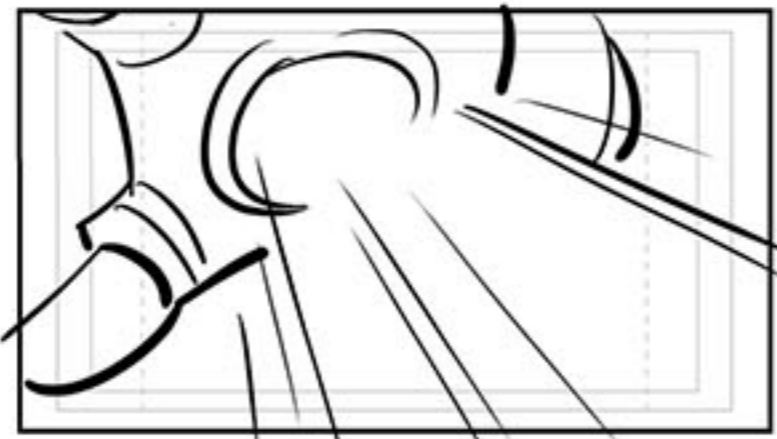

CUT TO REVERSE ANGLE

428 IRON MAN That's it.

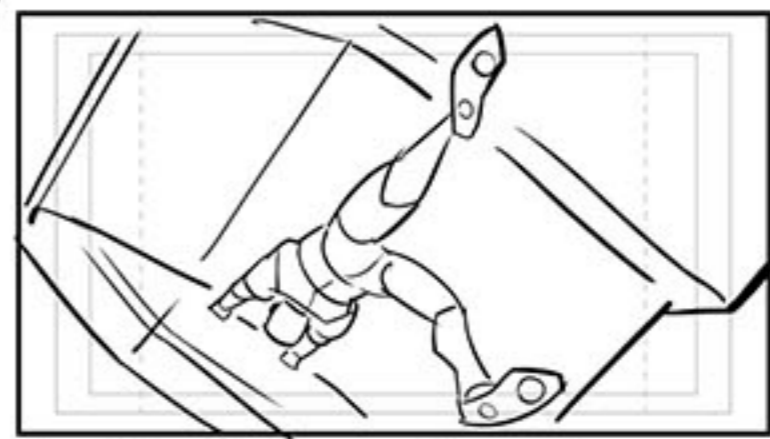

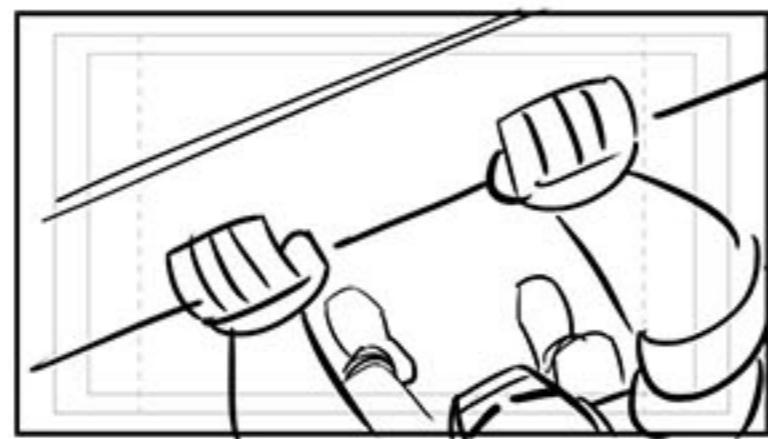

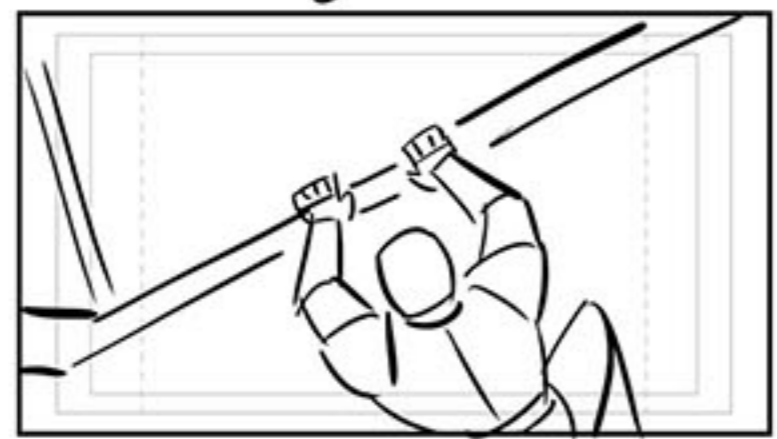

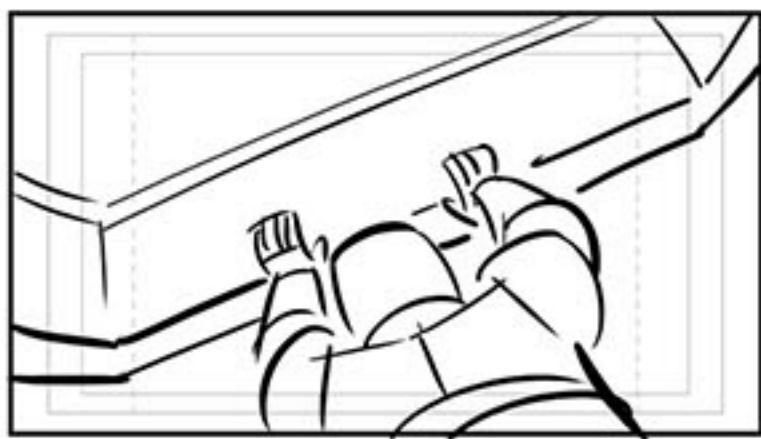

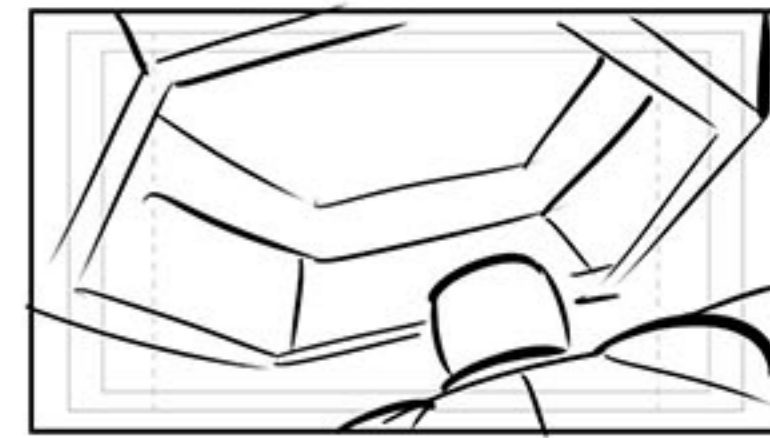

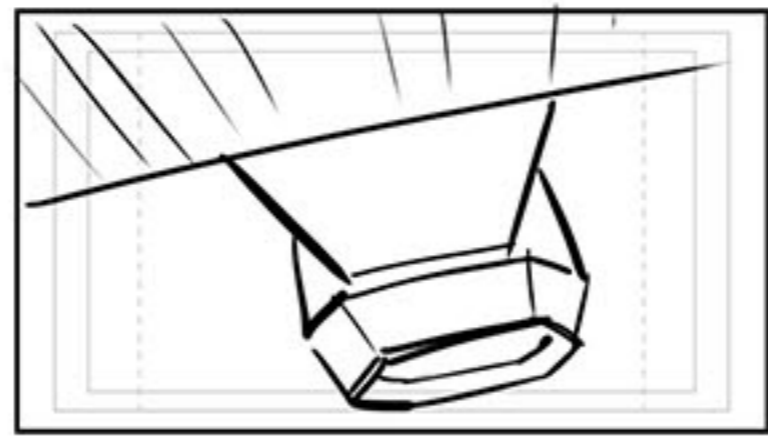

Missiles 182

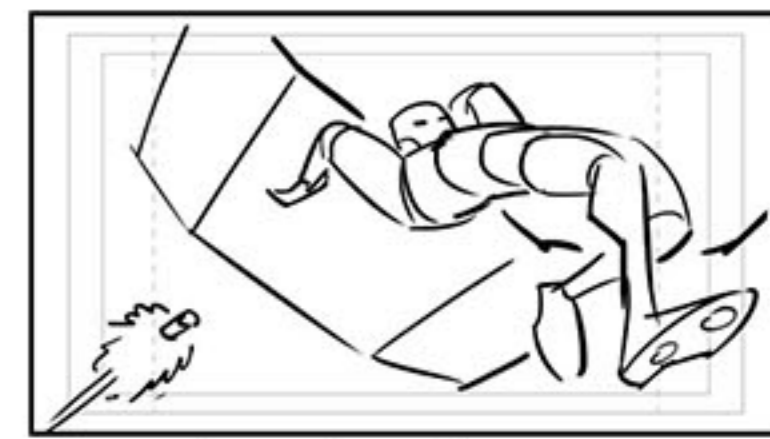

A little closer --

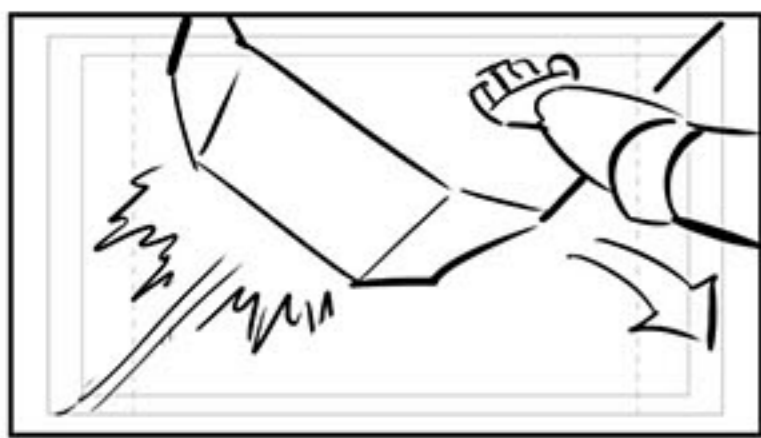

IM POV - approaching FRONT engine

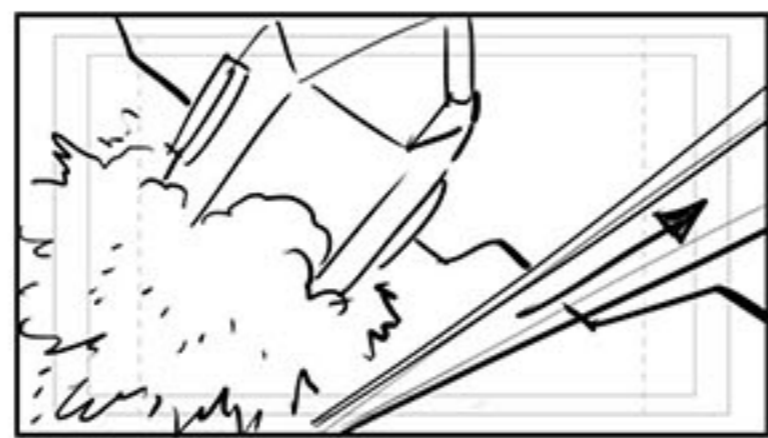

Hold for a beat

Missile #1 homes in on engine

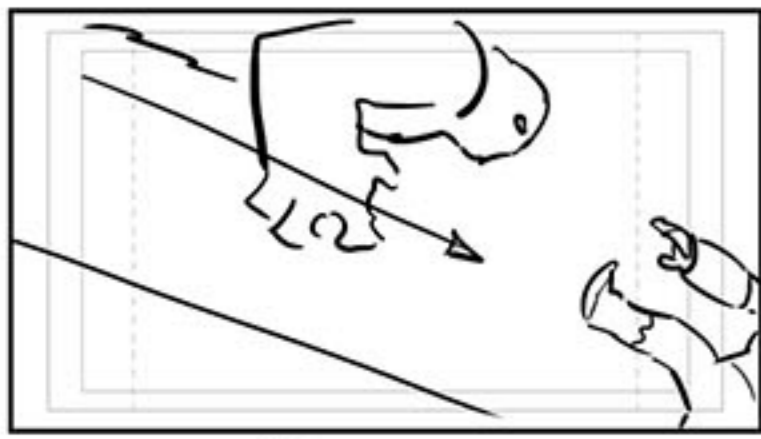

BOOM!

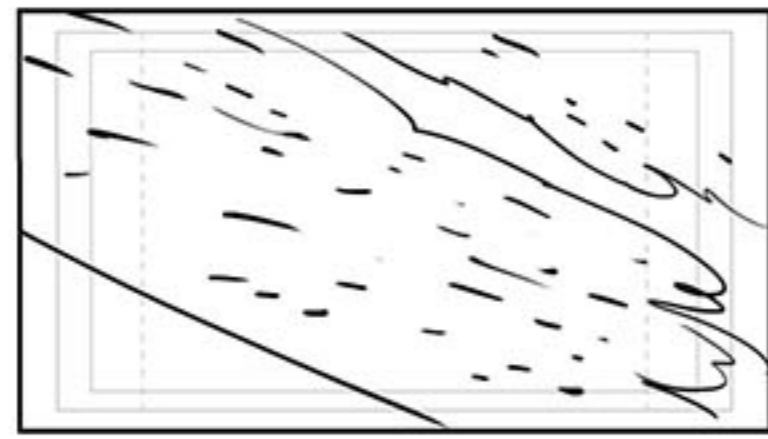

Missile #2 follows IM - cam pulls back for wide view

Hulk and a condenser tumble across deck

Z follows

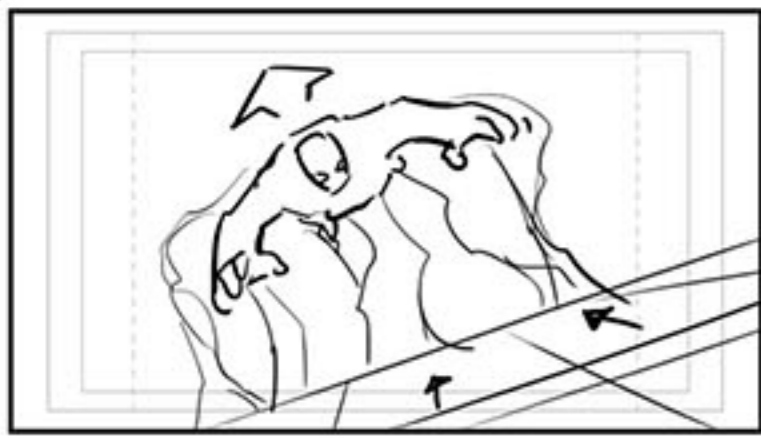

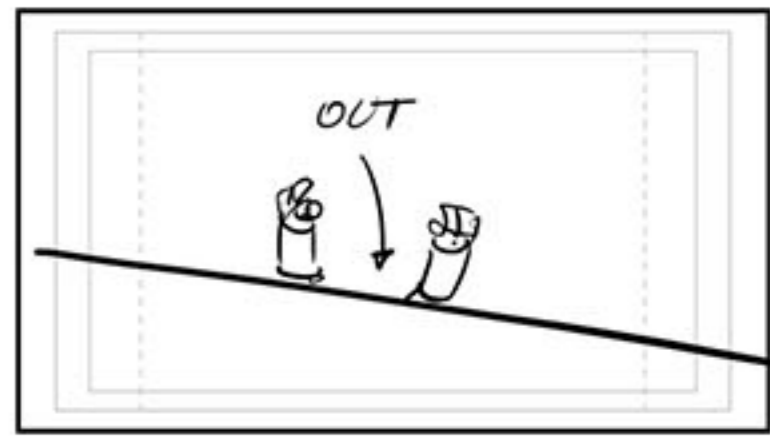

-trailing sparks

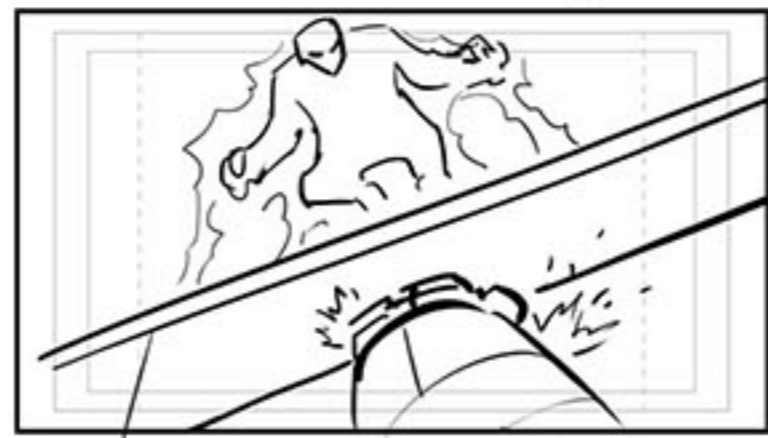

H slides backward to edge

balance at edge for a beat

Cut to reverse-Z approaches
Cam tracks backward-goes over edge

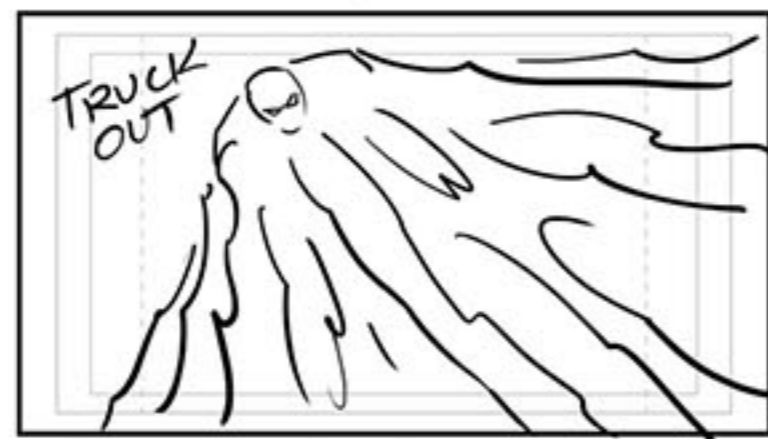

Pull back/down to bring in Hulk's sparking glove

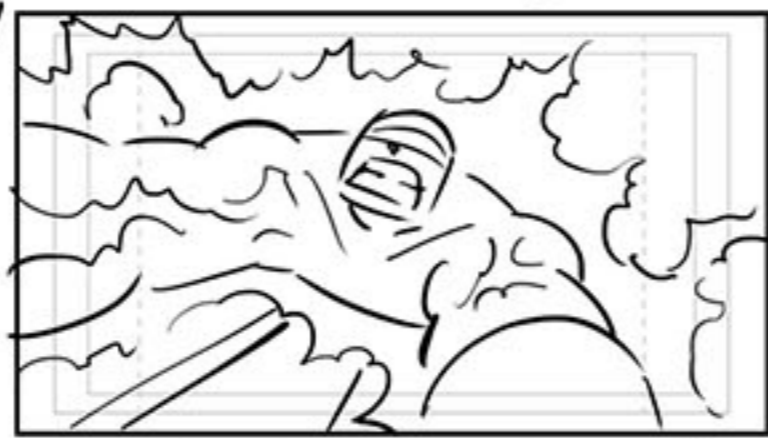

GROUND

Z powers up

-throws lightning

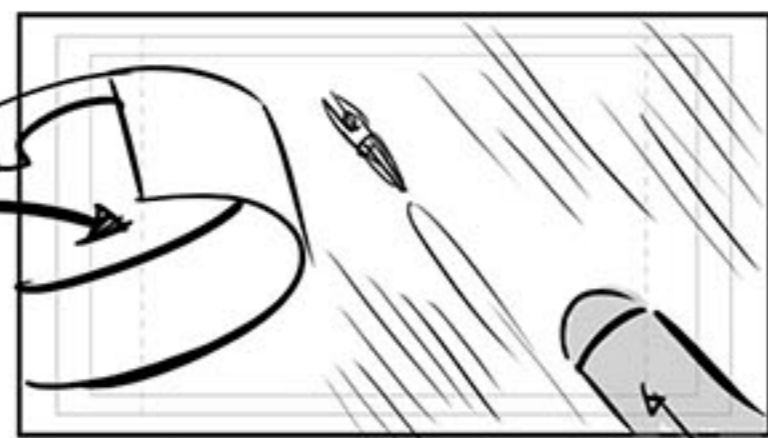

Hulk ZAPPED!

Eye band flies off

Track with IM

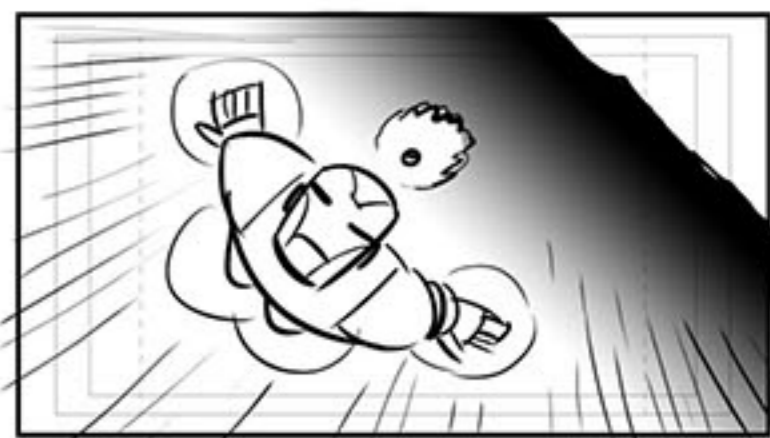

Eye band falls in

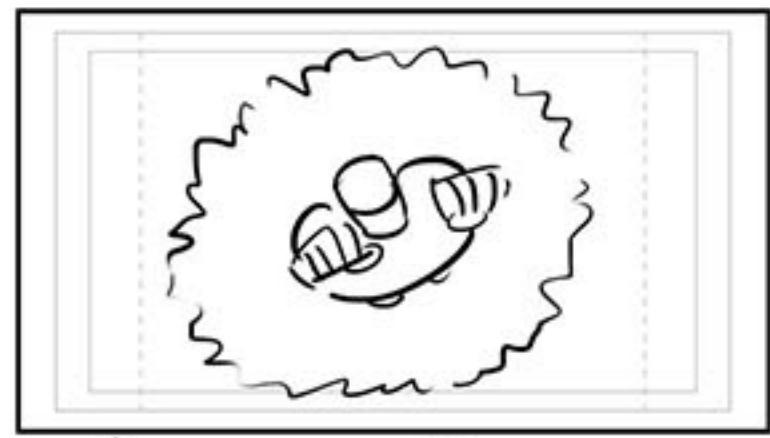

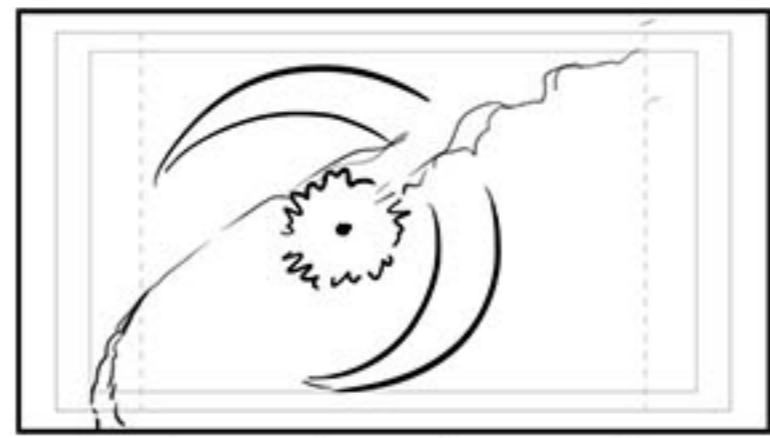

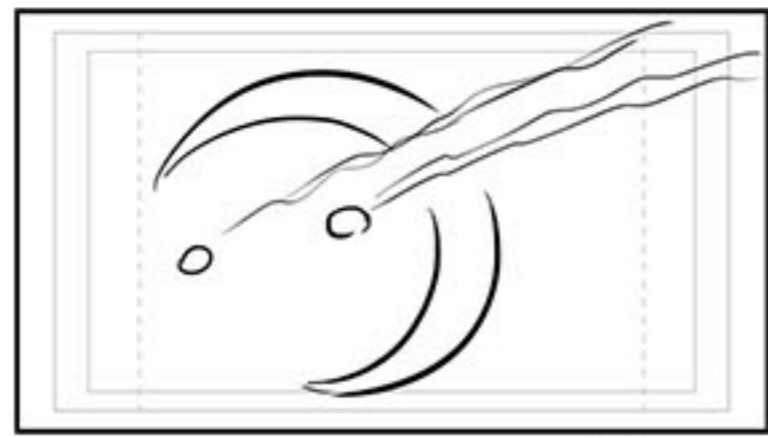

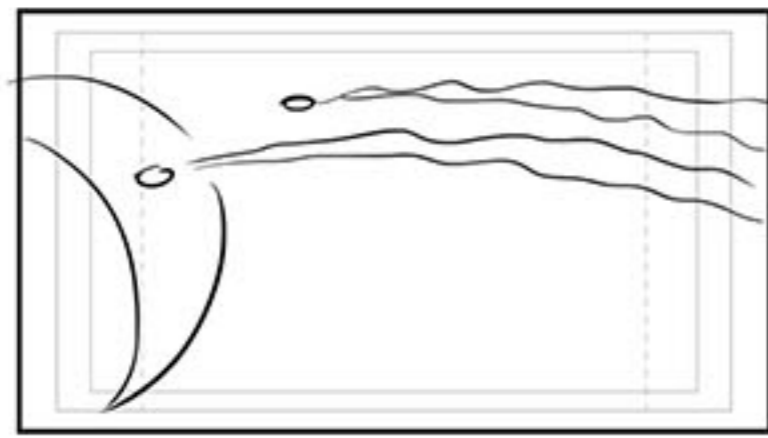

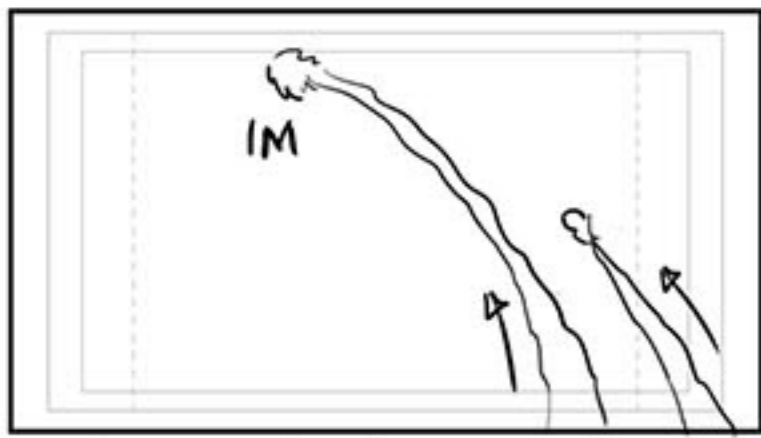

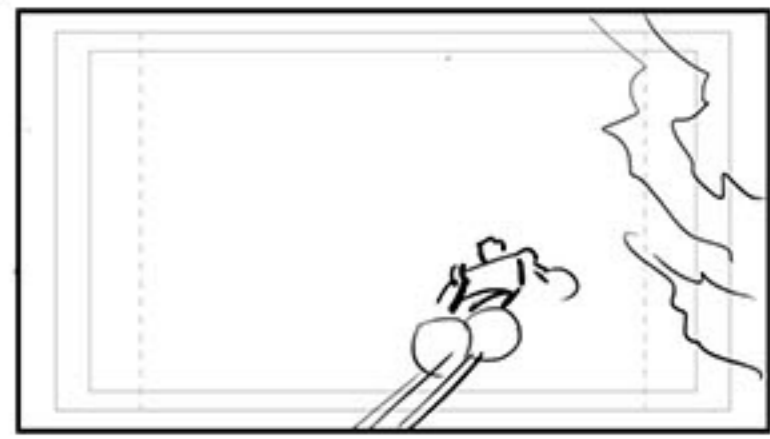

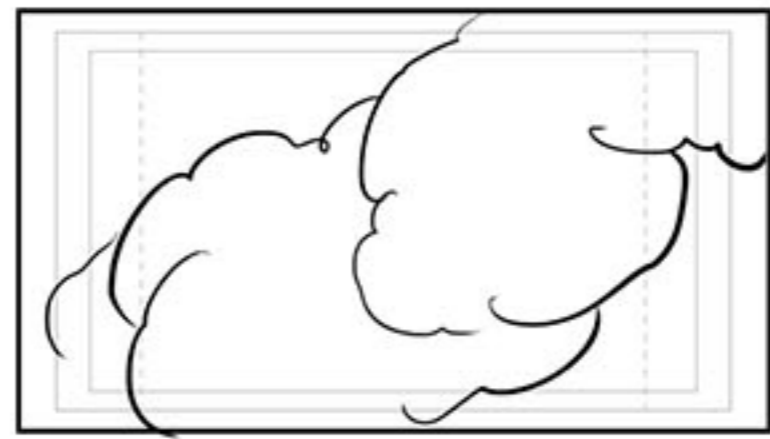

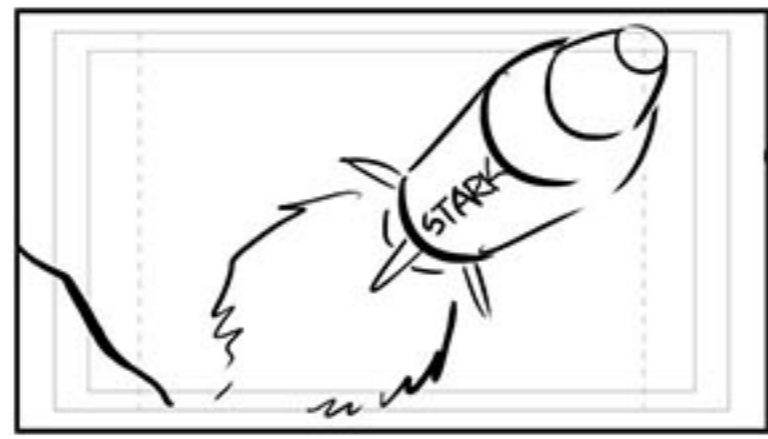

careens off missile

IM pulls up-BG tilts

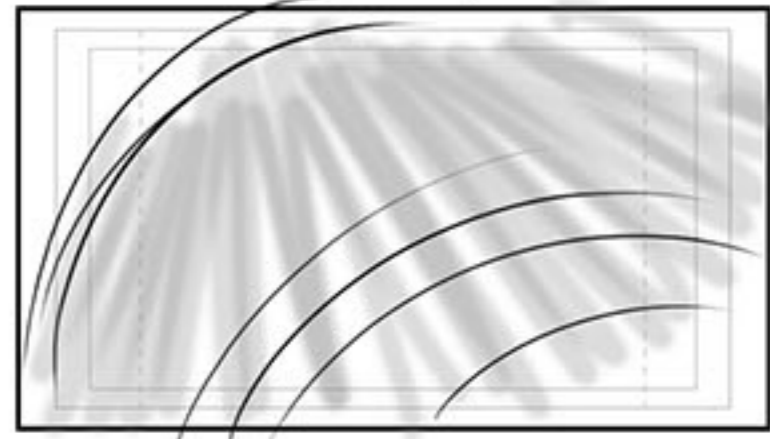

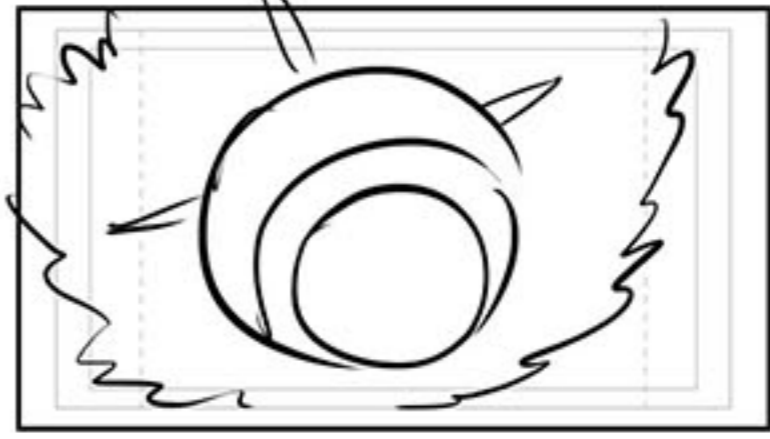

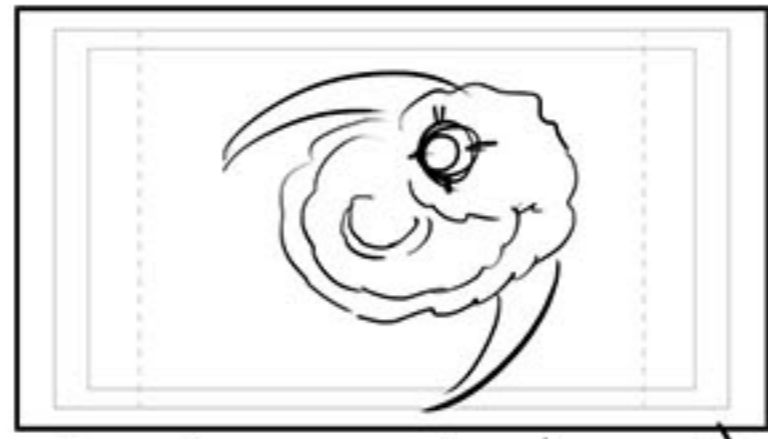

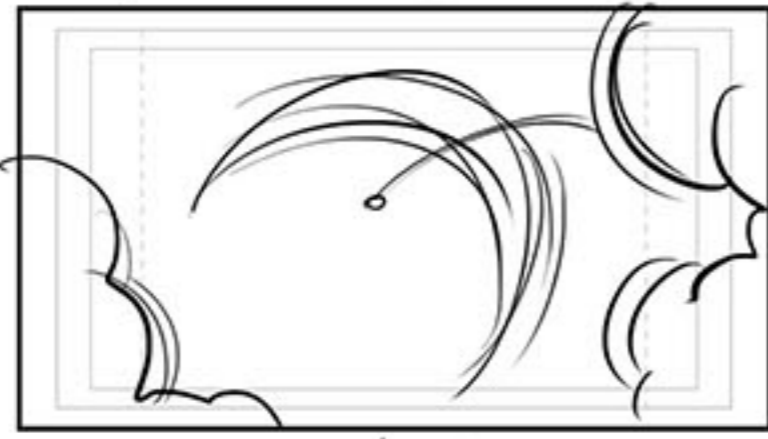

Follow both as they recede to points of light - bring moon in

Missile passes IM

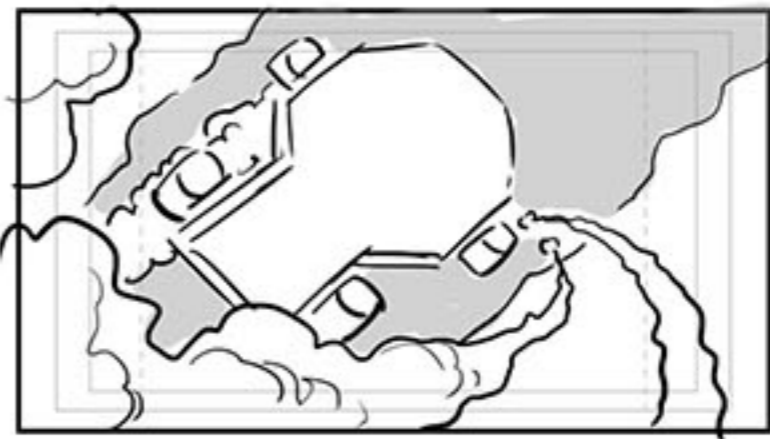

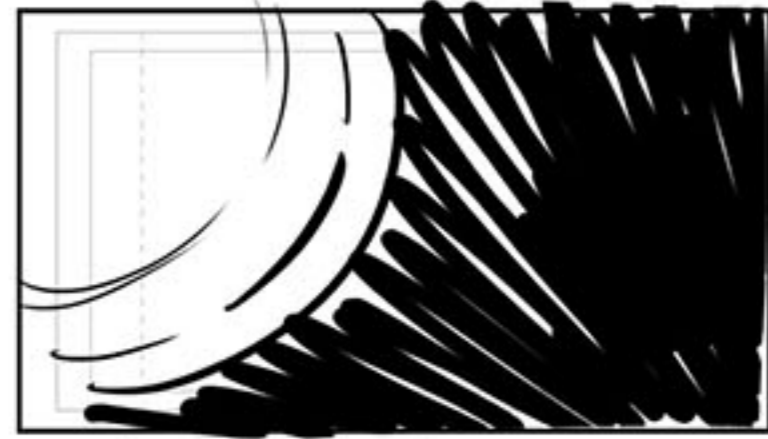

IM boosts directly toward cam @ full power

Shoots right past cam

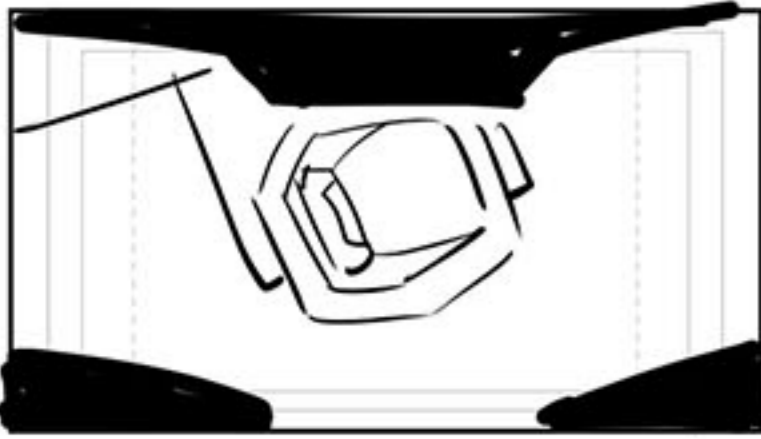

Cam shake

Missile spirals toward cam

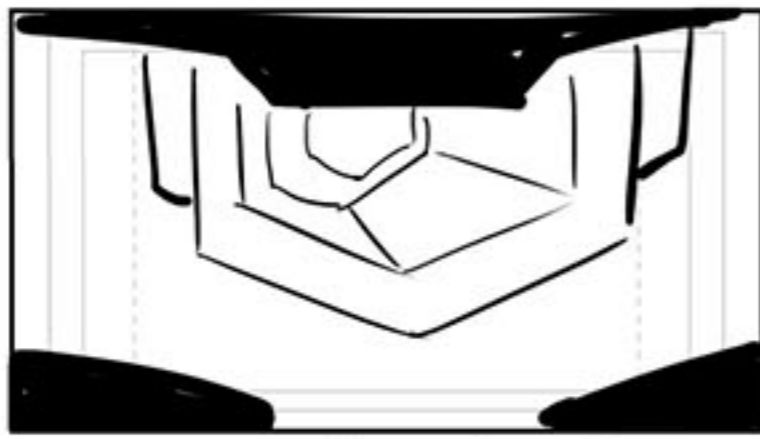

Missile "hits" cam ——— Knocks it over to point DOWN @ carrier

Push in on Stark

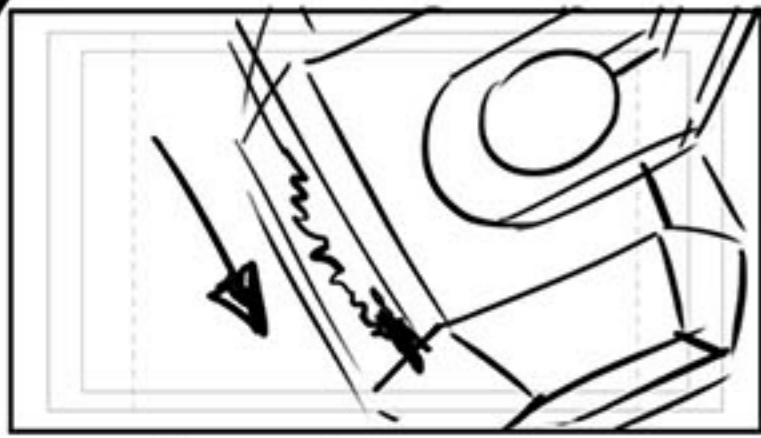

POV - flying down at FRONT STARBOARD ENGINE

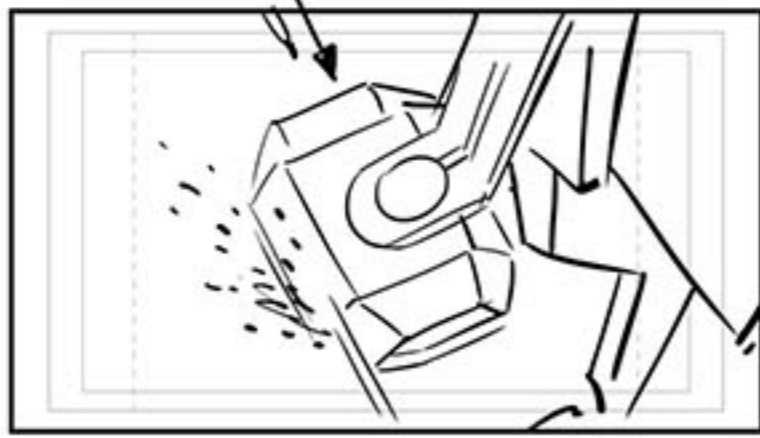

Reverse angle - looking up

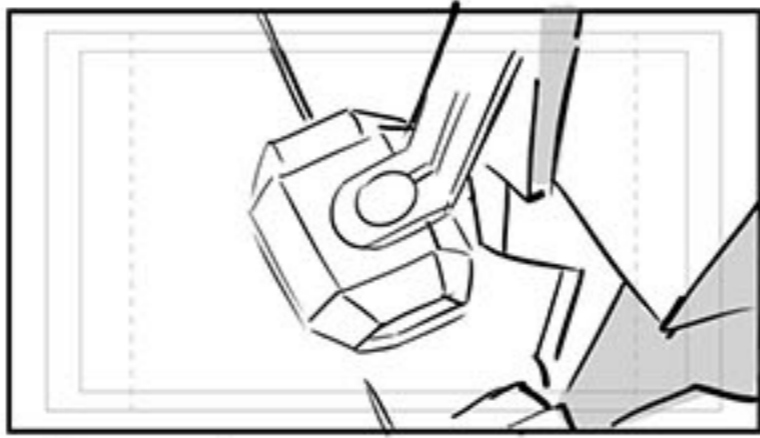

Scrape back on surface
429 IRON MAN
(Exertion cry)

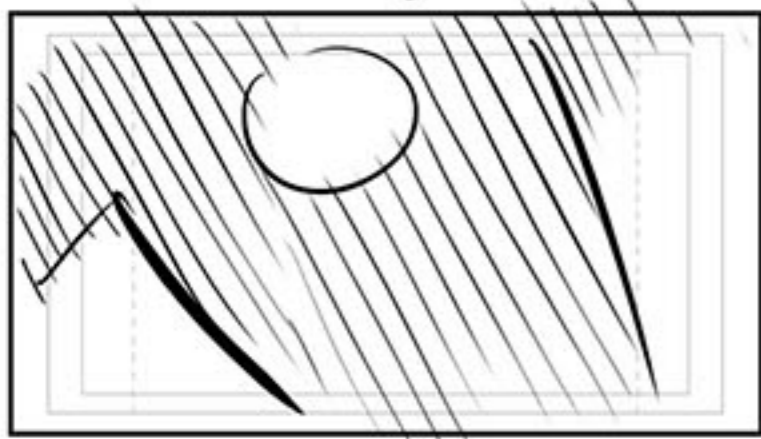

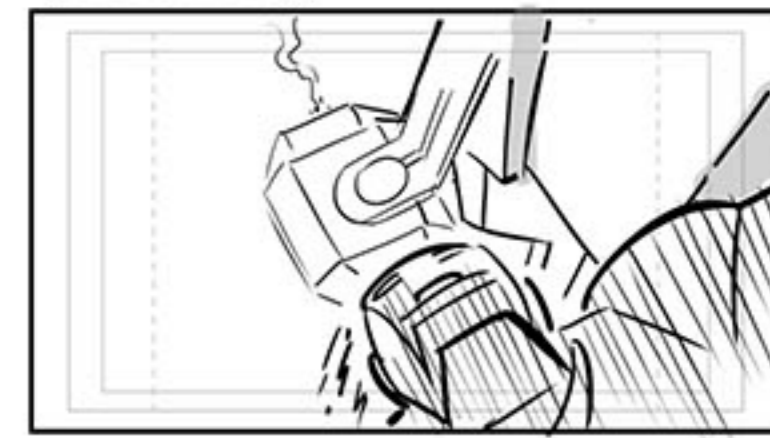

Wide - IM scrapes engine - trail of sparks

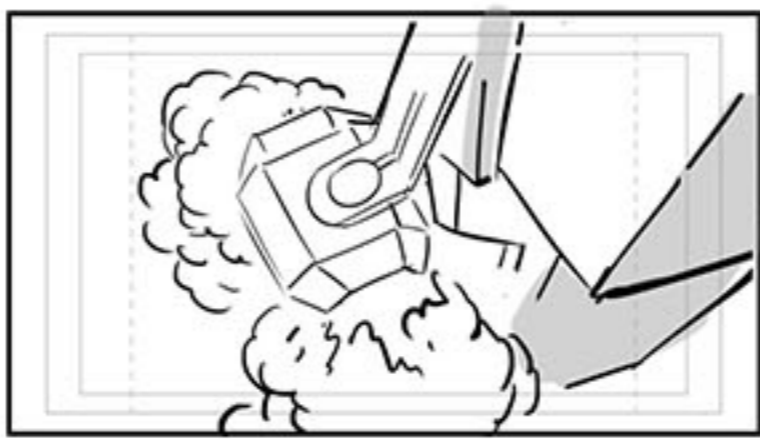

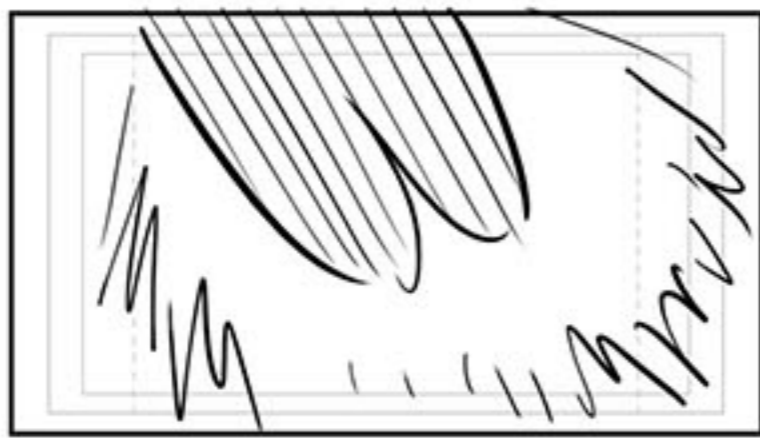

Missile flies directly in

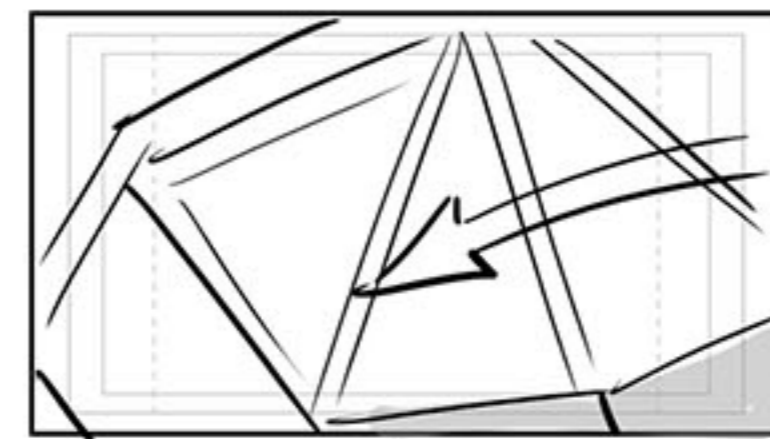

BOOM

Cam circles thru smoke coming out of PORT FRONT engine

Camera move diagram

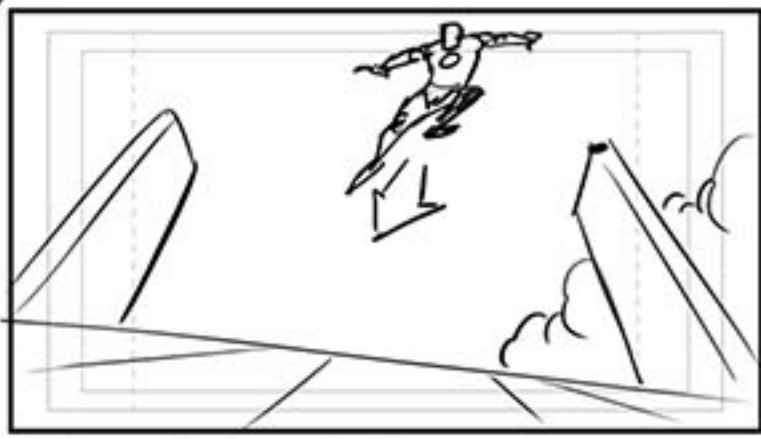

Carrier lurches sideways - reveal H getting zapped on side

END cam move - IM descends thru BG

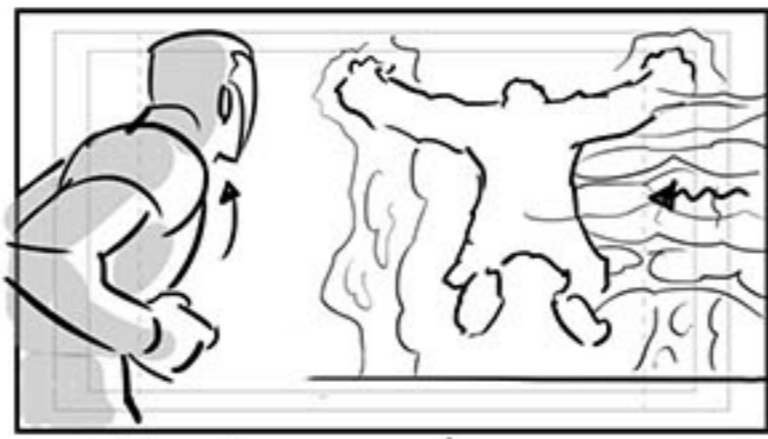

Can't IN on Z (back to orig. size)

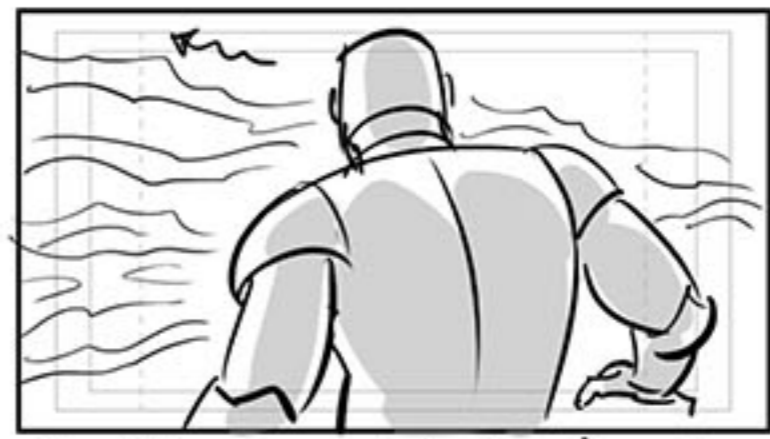

View toward stern

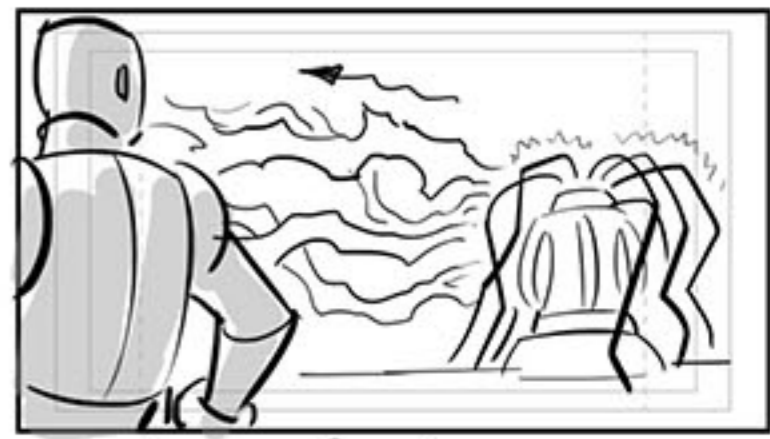

IM lands-skids-stops

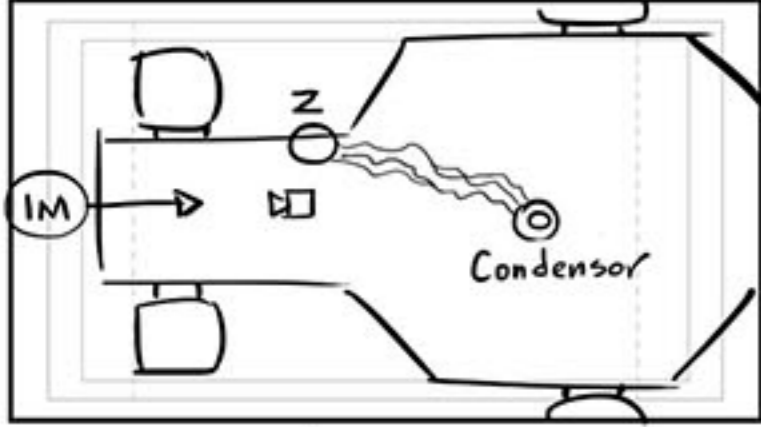

Pivot cam to see Z

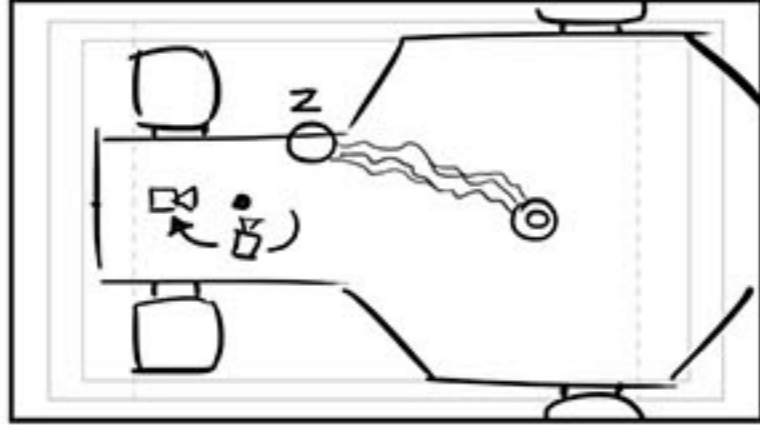

Can't around behind IM-his head turns as he looks down the energy stream

End on final remaining condensor

Cam diagram

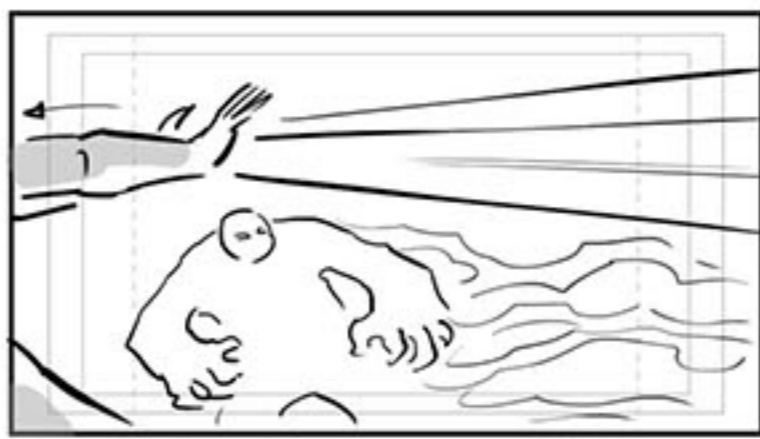

IM: WHISTLE

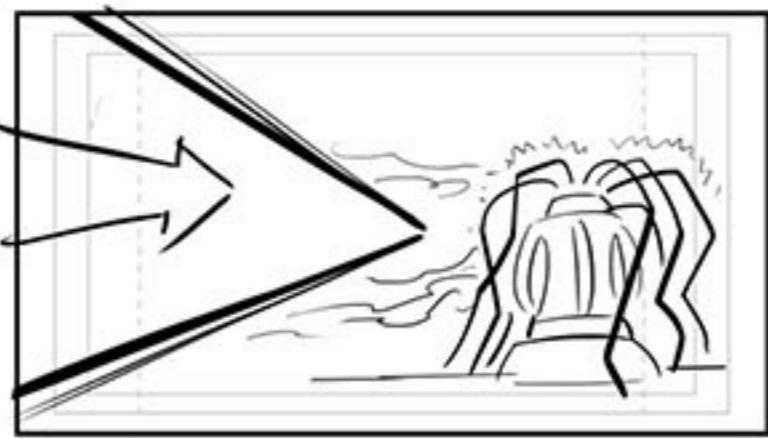

Z reacts

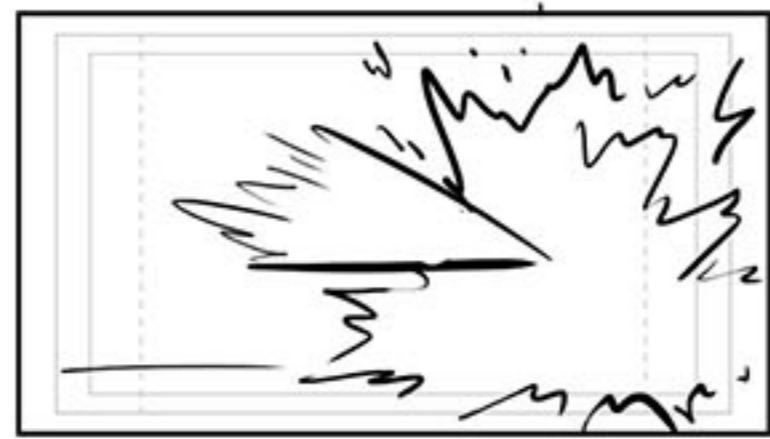

Fast truck out IM points OS at his target

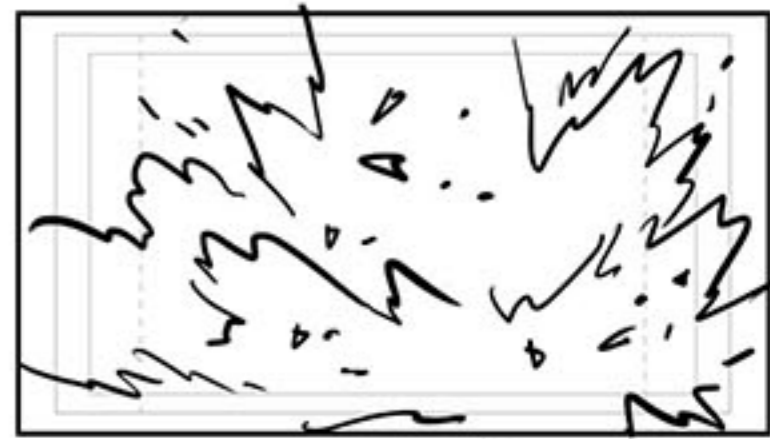

DOUBLE BLAST!
(Pushes IM backward)

beams in

BOOM!

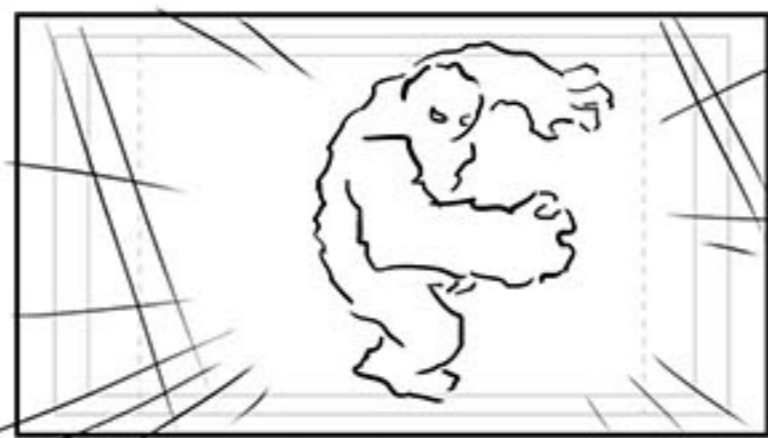

Hulk drops past cam

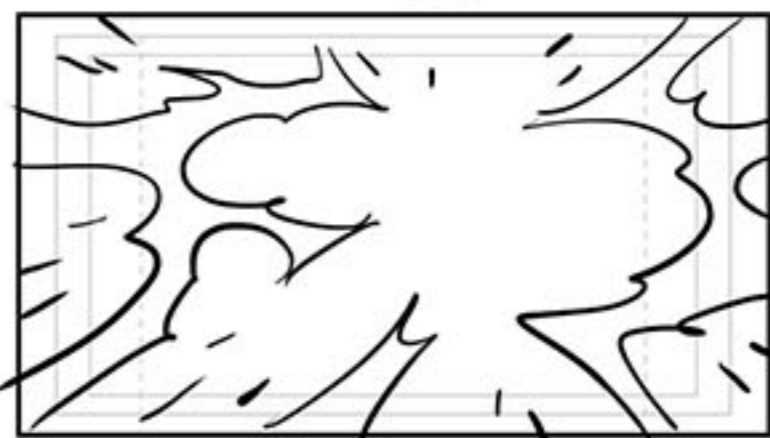

430 ZZZAX NOOOO!

Pan 431 HULK YES!

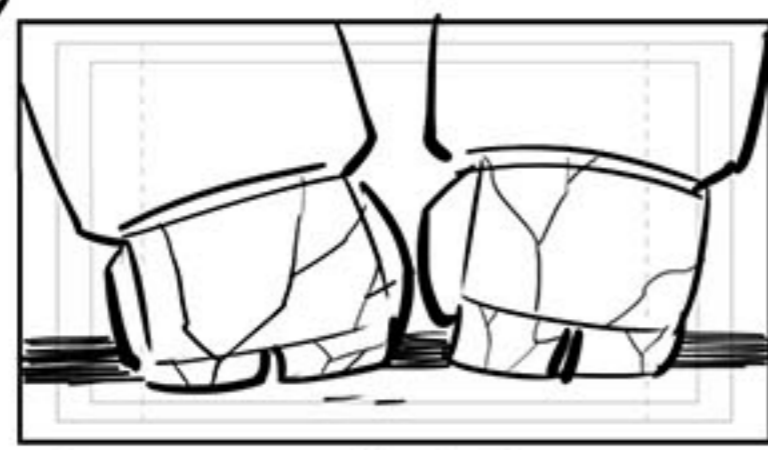

Hulk POV-dropping at Z

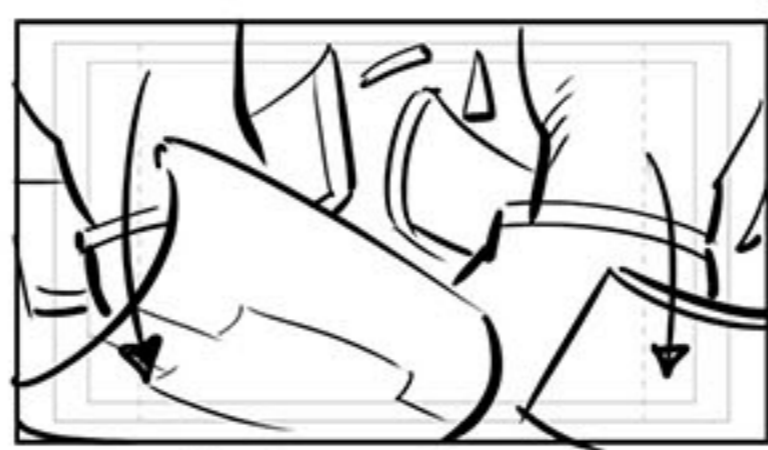

— his body BREAKS UP

—SHAKE—
(IMPACT)

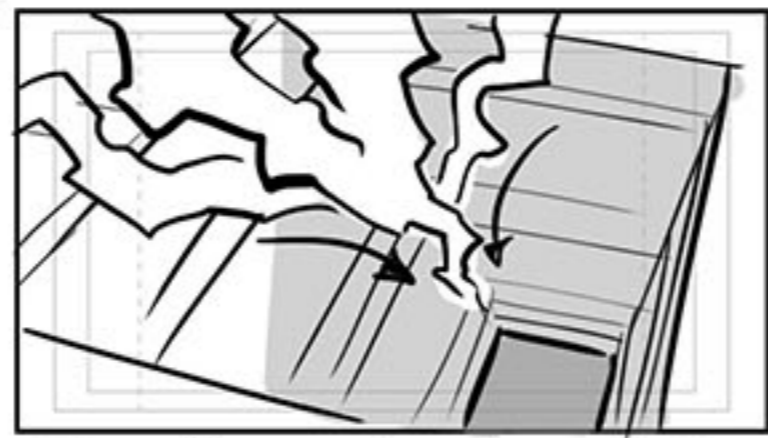

Close on gloves

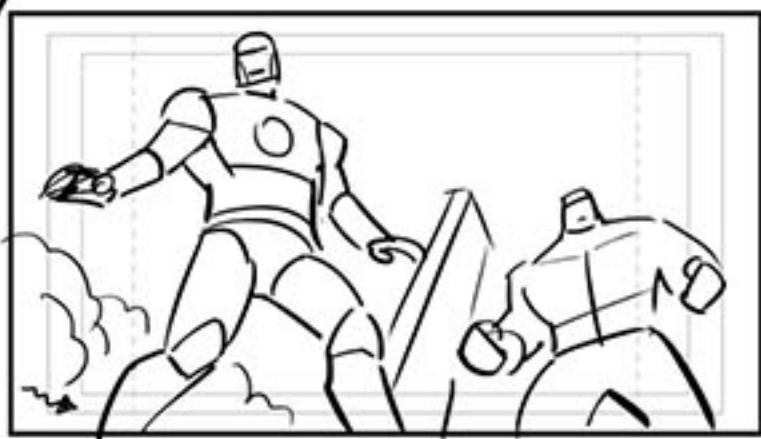

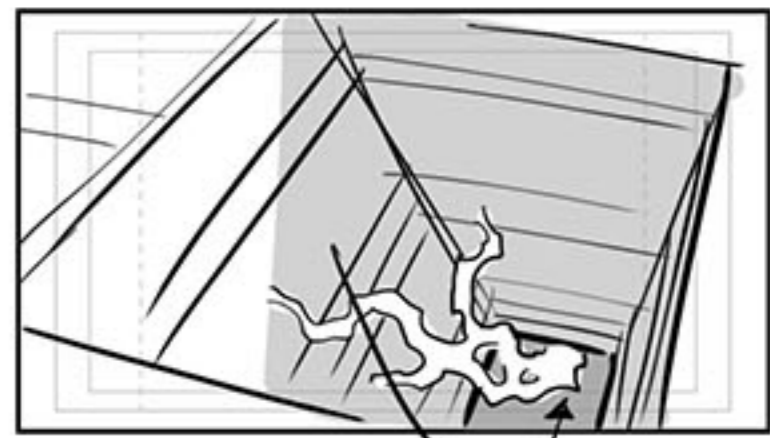

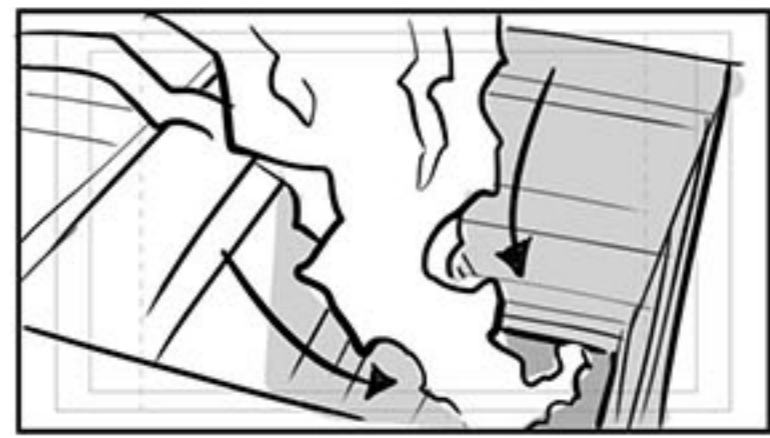

gauntlet parts break off - land & settle

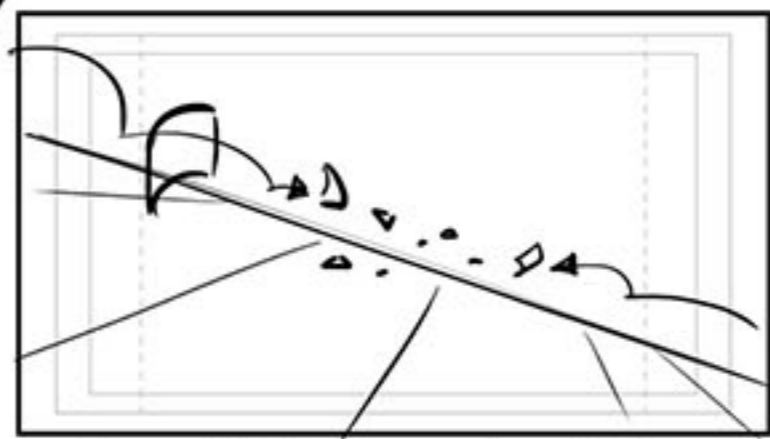

Z energy converges @ far end of deck

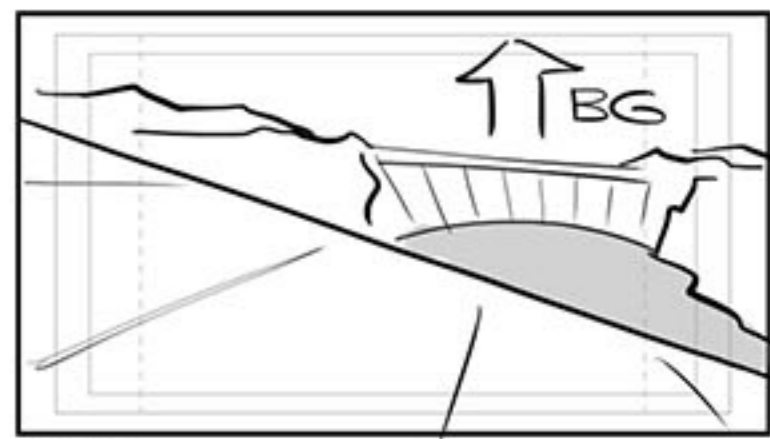

View down into elevator

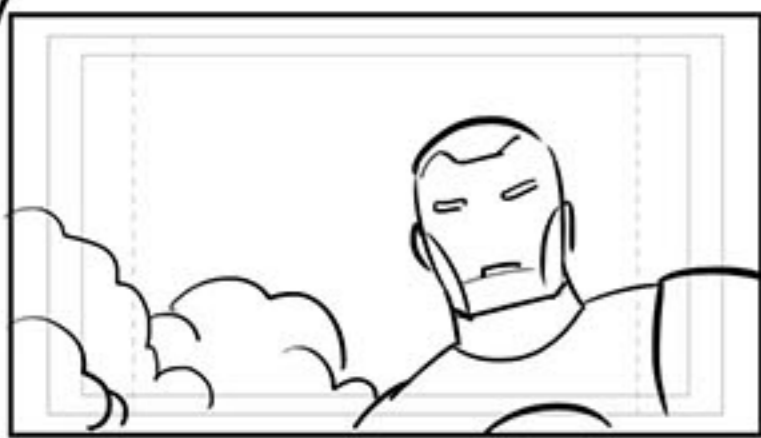

Deck tilts - Hulk's gauntlet parts tumble past cam

View FWD - parts fall toward bow deck

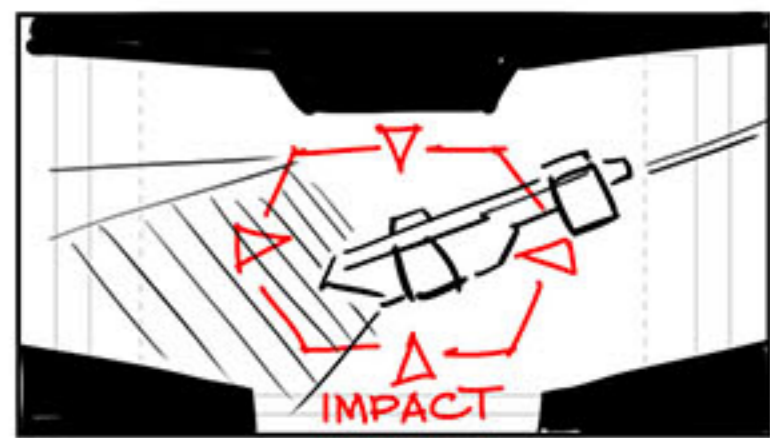

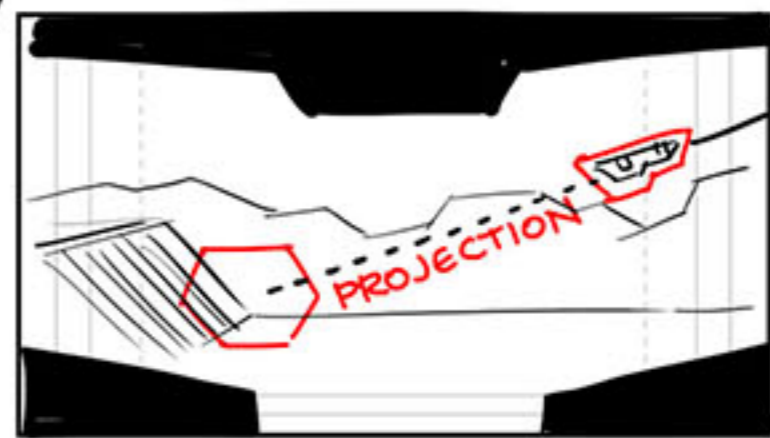

BG rises up - carrier is headed toward dam

Push IN

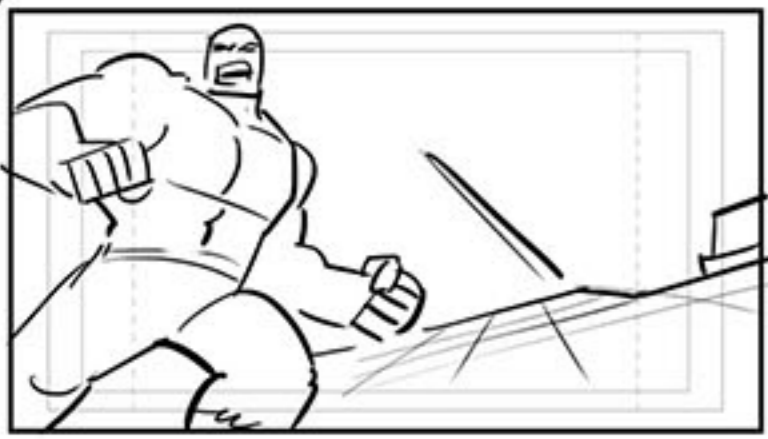

X diss into mask

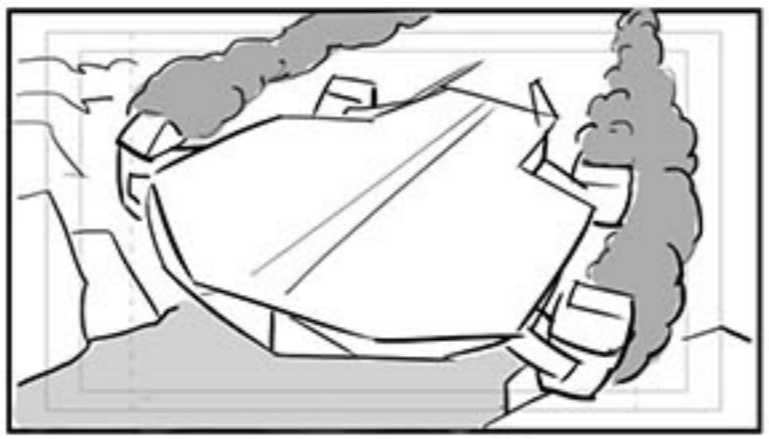

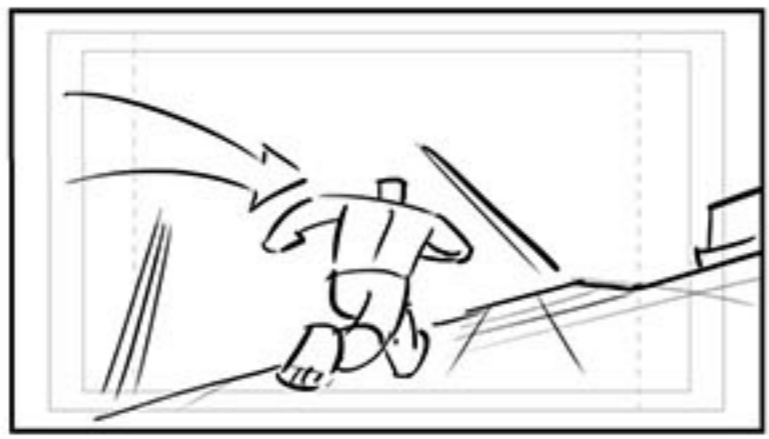

You gotta turn this thing!

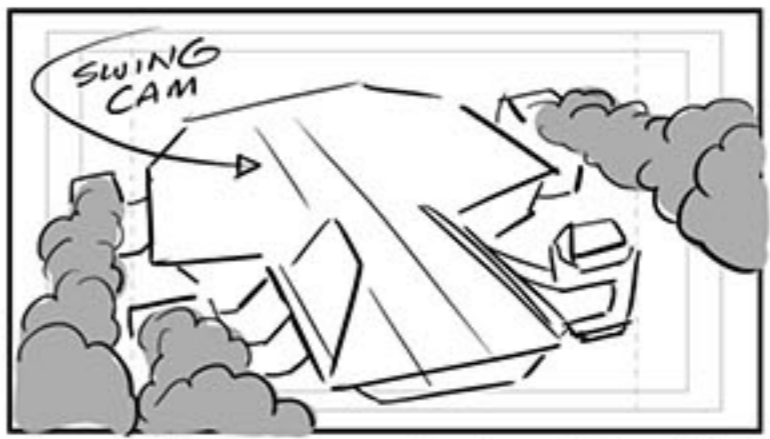

low-rez diagram of upcoming crash

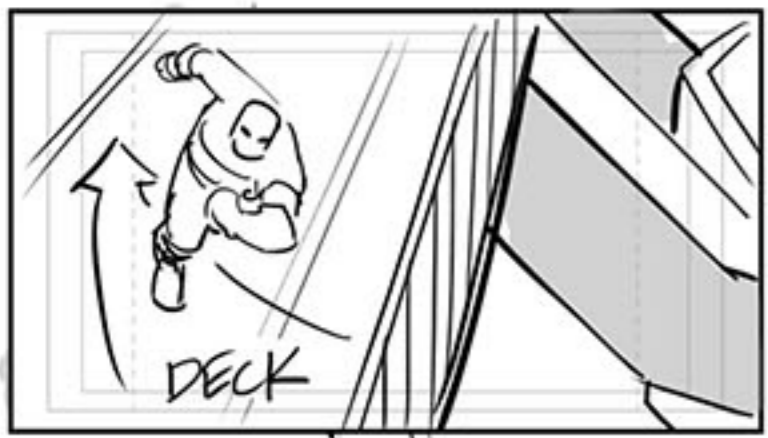

433 HULK
I'm on it!

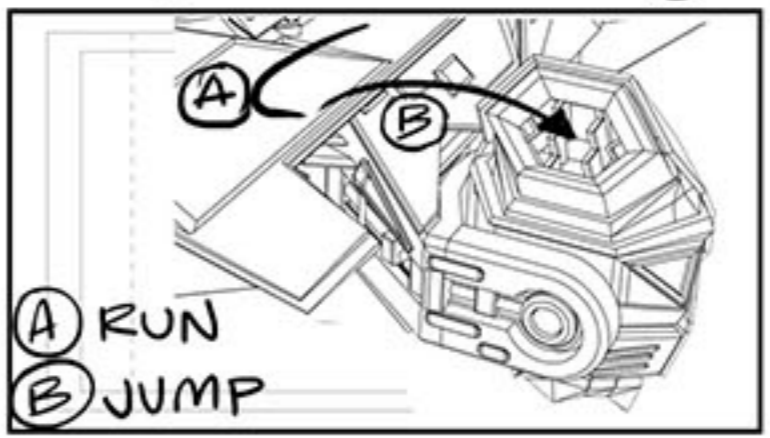

Master tracking shot - show that REAR STARBOARD engine is still running

Track with H running on deck

bring ENGINE INTAKE into view

ACTION MAP

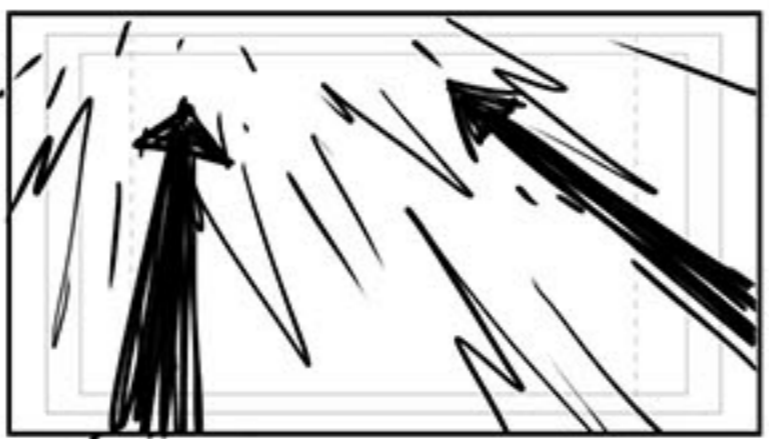

Inside engine intake looking out

<ROARS!!!>

- SHAKE -

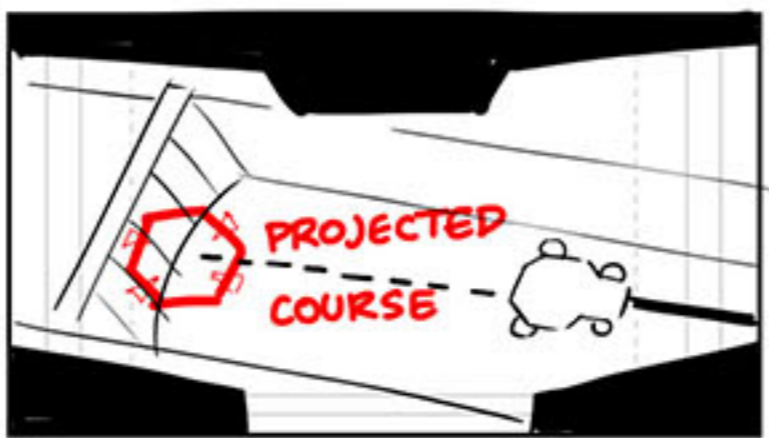

View of STARBOARD engines (looking aft)

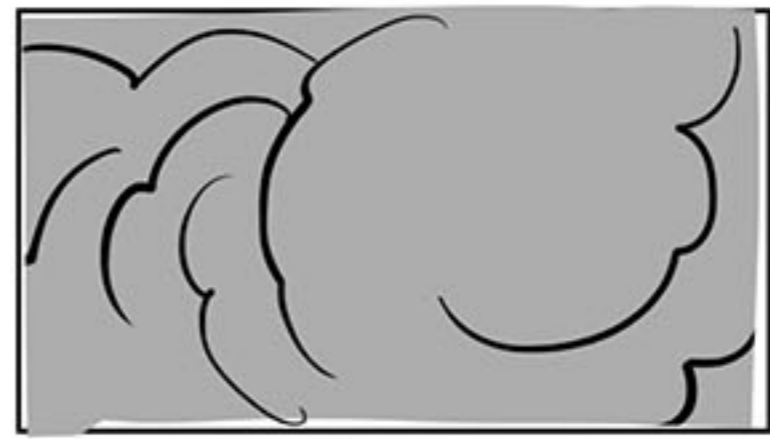

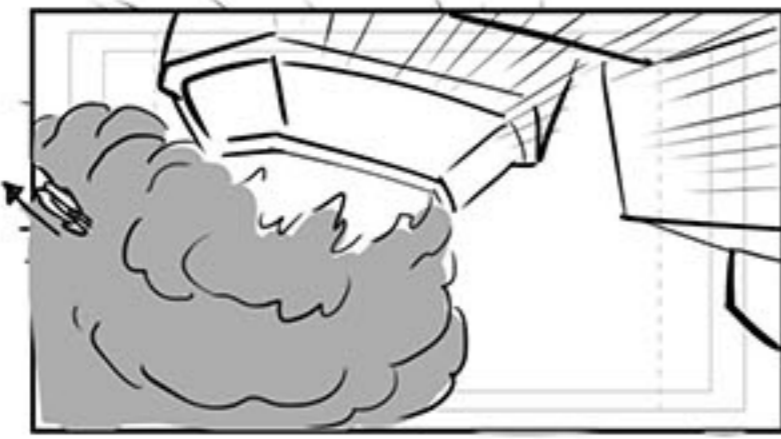

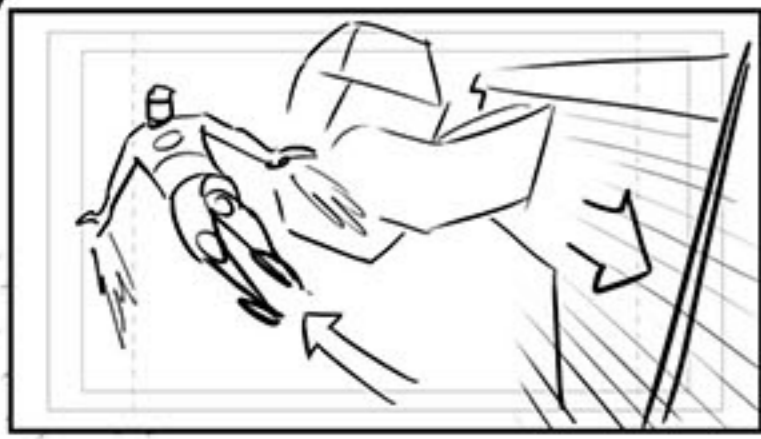

Rear SB engine belches smoke

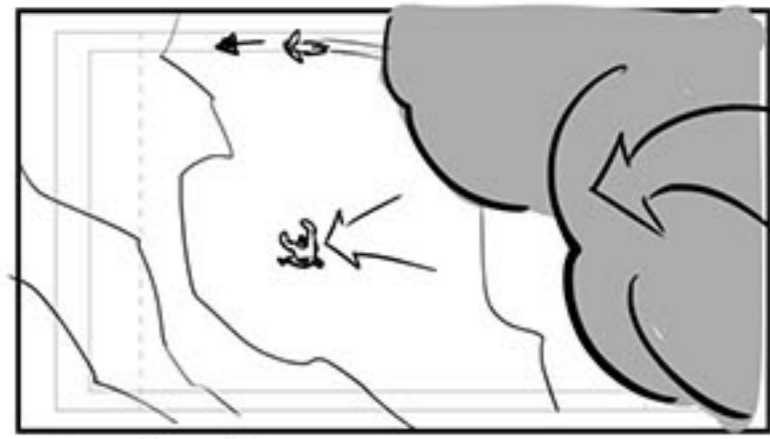

IM Floats in

Smoke engulfs cam as carrier passes overhead

Angle down

IM spirals around Hulk as he drops toward ground

GO TO FINAL SEGMENT BY JEFF ALLEN
